DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND
RELATED AGENCIES APPROPRIATIONS ACT, 2010

_____, 2009.—Ordered to be printed

_____, from the committee of conference,
submitted the following

CONFERENCE REPORT

[To accompany H.R. 2996]

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2996), making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2010, and for other purposes, having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate and agree to the same with an amendment as follows:

In lieu of the matter proposed to be inserted by the Senate amendment, insert the following:

(H)

(UC)

1 ~~That~~ the following sums are appropriated, out of any
2 money in the Treasury not otherwise appropriated, for the
3 Department of the Interior, environment, and related
4 agencies for the fiscal year ending September 30, 2010,
5 and for other purposes, namely:

6 TITLE I—DEPARTMENT OF THE INTERIOR
7 BUREAU OF LAND MANAGEMENT
8 MANAGEMENT OF LANDS AND RESOURCES
9 (INCLUDING RESCISSION OF FUNDS)

10 For necessary expenses for protection, use, improve-
11 ment, development, disposal, cadastral surveying, classi-
12 fication, acquisition of easements and other interests in
13 lands, and performance of other functions, including main-
14 tenance of facilities, as authorized by law, in the manage-
15 ment of lands and their resources under the jurisdiction
16 of the Bureau of Land Management, including the general
17 administration of the Bureau, and assessment of mineral
18 potential of public lands pursuant to Public Law 96-487
19 (16 U.S.C. 3150(a)), \$959,571,000, to remain available
20 until expended; of which \$3,000,000 shall be available in
21 fiscal year 2010 subject to a match by at least an equal

1 amount by the National Fish and Wildlife Foundation for
2 cost-shared projects supporting conservation of Bureau
3 lands; and such funds shall be advanced to the Foundation
4 as a lump sum grant without regard to when expenses are
5 incurred.

6 In addition, \$45,500,000 is for the processing of ap-
7 plications for permit to drill and related use authoriza-
8 tions, to remain available until expended, to be reduced
9 by amounts collected by the Bureau and credited to this
10 appropriation that shall be derived from \$6,500 per new
11 application for permit to drill that the Bureau shall collect
12 upon submission of each new application, and in addition,
13 \$36,696,000 is for Mining Law Administration program
14 operations, including the cost of administering the mining
15 claim fee program; to remain available until expended, to
16 be reduced by amounts collected by the Bureau and cred-
17 ited to this appropriation from mining claim maintenance
18 fees and location fees that are hereby authorized for fiscal
19 year 2010 so as to result in a final appropriation esti-
20 mated at not more than \$959,571,000, and \$2,000,000,
21 to remain available until expended, from communication

1 site rental fees established by the Bureau for the cost of
2 administering communication site activities: *Provided*,
3 That notwithstanding section 430 of division E of Public
4 Law 111-8, the amount of \$1,000,000 made available to
5 the Bureau of Land Management for the shipment and
6 storage of oil shale core samples in the State of Colorado,
7 as described in the table entitled "Congressionally Des-
8 ignated Spending" contained in the joint explanatory
9 statement, is rescinded.

10 CONSTRUCTION

11 For construction of buildings, recreation facilities,
12 roads, trails, and appurtenant facilities, \$8,626,000, to re-
13 main available until expended.

14 LAND ACQUISITION

15 For expenses necessary to carry out sections 205,
16 206, and 318(d) of Public Law 94-579, including admin-
17 istrative expenses and acquisition of lands or waters, or
18 interests therein, \$29,650,000, to be derived from the
19 Land and Water Conservation Fund and to remain avail-
20 able until expended: *Provided*, That, notwithstanding the
21 joint explanatory statement of the Committee on Appro-

1 priations of the House of Representatives accompanying
2 Public Law 111-8 (123 Stat. 524), the amount of
3 \$2,000,000 made available for the Henry's Lake ACEC
4 in the State of Idaho (as described in the table entitled
5 "Congressionally Designated Spending" contained in sec-
6 tion 430 of that joint explanatory statement) shall be
7 made available for the Upper Snake/South Fork River
8 ACEC/SRMA in the State of Idaho.

9 OREGON AND CALIFORNIA GRANT LANDS

10 For expenses necessary for management, protection,
11 and development of resources and for construction, oper-
12 ation, and maintenance of access roads, reforestation, and
13 other improvements on the revested Oregon and California
14 Railroad grant lands, on other Federal lands in the Or-
15 egon and California land-grant counties of Oregon, and
16 on adjacent rights-of-way; and acquisition of lands or in-
17 terests therein, including existing connecting roads on or
18 adjacent to such grant lands; \$111,557,000, to remain
19 available until expended: *Provided*, That 25 percent of the
20 aggregate of all receipts during the current fiscal year
21 from the revested Oregon and California Railroad grant

1 lands is hereby made a charge against the Oregon and
2 California land-grant fund and shall be transferred to the
3 General Fund in the Treasury in accordance with the sec-
4 ond paragraph of subsection (b) of title II of the Act of
5 August 28, 1937 (50 Stat. 876).

6 FOREST ECOSYSTEM HEALTH AND RECOVERY FUND
7 (REVOLVING FUND, SPECIAL ACCOUNT)

8 In addition to the purposes authorized in Public Law
9 102-381, funds made available in the Forest Ecosystem
10 Health and Recovery Fund can be used through fiscal year
11 2015 for the purpose of planning, preparing, imple-
12 menting and monitoring salvage timber sales and forest
13 ecosystem health and recovery activities, such as release
14 from competing vegetation and density control treatments.
15 The Federal share of receipts (defined as the portion of
16 salvage timber receipts not paid to the counties under 43
17 U.S.C. 1181f and 43 U.S.C. 1181f-1 et seq., and Public
18 Law 106-393) derived from treatments funded by this ac-
19 count shall be deposited through fiscal year 2015 into the
20 Forest Ecosystem Health and Recovery Fund.

1 RANGE IMPROVEMENTS

2 For rehabilitation, protection, and acquisition of
3 lands and interests therein, and improvement of Federal
4 rangelands pursuant to section 401 of the Federal Land
5 Policy and Management Act of 1976 (43 U.S.C. 1701),
6 notwithstanding any other Act, sums equal to 50 percent
7 of all moneys received during the prior fiscal year under
8 sections 3 and 15 of the Taylor Grazing Act (43 U.S.C.
9 315 et seq.) and the amount designated for range improve-
10 ments from grazing fees and mineral leasing receipts from
11 Bankhead-Jones lands transferred to the Department of
12 the Interior pursuant to law, but not less than
13 \$10,000,000, to remain available until expended: *Pro-*
14 *vided*, That not to exceed \$600,000 shall be available for
15 administrative expenses.

16 SERVICE CHARGES, DEPOSITS, AND FORFEITURES

17 For administrative expenses and other costs related
18 to processing application documents and other authoriza-
19 tions for use and disposal of public lands and resources,
20 for costs of providing copies of official public land docu-
21 ments, for monitoring construction, operation, and termi-

1 nation of facilities in conjunction with use authorizations,
2 and for rehabilitation of damaged property, such amounts
3 as may be collected under Public Law 94-579, as amend-
4 ed, and Public Law 93-153, to remain available until ex-
5 pended: *Provided*, That, notwithstanding any provision to
6 the contrary of section 305(a) of Public Law 94-579 (43
7 U.S.C. 1735(a)), any moneys that have been or will be
8 received pursuant to that section, whether as a result of
9 forfeiture, compromise, or settlement, if not appropriate
10 for refund pursuant to section 305(c) of that Act (43
11 U.S.C. 1735(c)), shall be available and may be expended
12 under the authority of this Act by the Secretary to im-
13 prove, protect, or rehabilitate any public lands adminis-
14 tered through the Bureau of Land Management which
15 have been damaged by the action of a resource developer,
16 purchaser, permittee, or any unauthorized person, without
17 regard to whether all moneys collected from each such ac-
18 tion are used on the exact lands damaged which led to
19 the action: *Provided further*, That any such moneys that
20 are in excess of amounts needed to repair damage to the

1 exact land for which funds were collected may be used to
2 repair other damaged public lands.

3 MISCELLANEOUS TRUST FUNDS

4 In addition to amounts authorized to be expended
5 under existing laws, there is hereby appropriated such
6 amounts as may be contributed under section 307 of the
7 Act of October 21, 1976 (43 U.S.C. 1701), and such
8 amounts as may be advanced for administrative costs, sur-
9 veys, appraisals, and costs of making conveyances of omit-
10 ted lands under section 211(b) of that Act, to remain
11 available until expended.

12 ADMINISTRATIVE PROVISIONS

13 The Bureau of Land Management may carry out the
14 operations funded under this Act by direct expenditure,
15 contracts, grants, cooperative agreements and reimburs-
16 able agreements with public and private entities. Projects
17 funded pursuant to a written commitment by a State gov-
18 ernment to provide an identified amount of money in sup-
19 port of the project may be carried out by the bureau upon
20 receipt of the written commitment. Appropriations for the
21 Bureau of Land Management (BLM) shall be available for

1 purchase, erection, and dismantlement of temporary struc-
2 tures, and alteration and maintenance of necessary build-
3 ings and appurtenant facilities to which the United States
4 has title; up to \$100,000 for payments, at the discretion
5 of the Secretary, for information or evidence concerning
6 violations of laws administered by the Bureau; miscella-
7 neous and emergency expenses of enforcement activities
8 authorized or approved by the Secretary and to be ac-
9 counted for solely on the Secretary's certificate, not to ex-
10 ceed \$10,000: *Provided*, That notwithstanding 44 U.S.C.
11 501, the Bureau may, under cooperative cost-sharing and
12 partnership arrangements authorized by law, procure
13 printing services from cooperators in connection with
14 jointly produced publications for which the cooperators
15 share the cost of printing either in cash or in services,
16 and the Bureau determines the cooperator is capable of
17 meeting accepted quality standards: *Provided further*,
18 That projects to be funded pursuant to a written commit-
19 ment by a State government to provide an identified
20 amount of money in support of the project may be carried
21 out by the Bureau on a reimbursable basis. Appropriations

1 herein made shall not be available for the destruction of
2 healthy, unadopted, wild horses and burros in the care of
3 the Bureau of Land Management or its contractors or for
4 the sale of wild horses and burros that results in their
5 destruction for processing into commercial products: *Pro-*
6 *vided further*, That title I of division E of the Omnibus
7 Appropriations Act, 2009, is further amended, under the
8 heading “Department of the Interior—Bureau of Land
9 Management—Administrative Provisions” in the second
10 paragraph: (1) by striking the phrase “mining law admin-
11 istration” and inserting “from mining claim holders the
12 mining claim maintenance fees and location”; and (2) by
13 striking “those”: *Provided further*, That section 28f(a) of
14 title 30, United States Code, is amended by striking the
15 phrase “for years 2004 through 2008,” and replacing it
16 with “, to the extent provided in advance in Appropria-
17 tions Acts,”. Section 28g of title 30, United States Code,
18 is amended by striking the phrase “and before September
19 30, 2008,” and replacing it with “, to the extent provided
20 in advance in Appropriations Acts,”. Section 28i of title

1 30, United States Code, is amended by striking “28k” and
2 replacing it with “28l”.

3 UNITED STATES FISH AND WILDLIFE SERVICE

4 RESOURCE MANAGEMENT

5 For necessary expenses of the United States Fish and
6 Wildlife Service, as authorized by law, and for scientific
7 and economic studies, general administration, and for the
8 performance of other authorized functions related to such
9 resources, \$1,269,406,000, to remain available until Sep-
10 tember 30, 2011 except as otherwise provided herein: *Pro-*
11 *vided*, That \$2,500,000 is for high priority projects, which
12 shall be carried out by the Youth Conservation Corps: *Pro-*
13 *vided further*, That not to exceed \$22,103,000 shall be
14 used for implementing subsections (a), (b), (c), and (e)
15 of section 4 of the Endangered Species Act, as amended,
16 (except for processing petitions, developing and issuing
17 proposed and final regulations, and taking any other steps
18 to implement actions described in subsection (c)(2)(A),
19 (c)(2)(B)(i), or (c)(2)(B)(ii)), of which not to exceed
20 \$11,632,000 shall be used for any activity regarding the
21 designation of critical habitat, pursuant to subsection

1 (a)(3), excluding litigation support, for species listed pur-
2 suant to subsection (a)(1) prior to October 1, 2009: *Pro-*
3 *vided further*, That of the amount available for law en-
4 forcement, up to \$400,000, to remain available until ex-
5 pended, may at the discretion of the Secretary be used
6 for payment for information, rewards, or evidence con-
7 cerning violations of laws administered by the Service, and
8 miscellaneous and emergency expenses of enforcement ac-
9 tivity, authorized or approved by the Secretary and to be
10 accounted for solely on the Secretary's certificate: *Pro-*
11 *vided further*, That of the amount provided for environ-
12 mental contaminants, up to \$1,000,000 may remain avail-
13 able until expended for contaminant sample analyses.

14 CONSTRUCTION

15 For construction, improvement, acquisition, or re-
16 moval of buildings and other facilities required in the con-
17 servation, management, investigation, protection, and uti-
18 lization of fishery and wildlife resources, and the acquisi-
19 tion of lands and interests therein; \$37,439,000, to remain
20 available until expended: *Provided*, That funds provided
21 under this heading in Public Law 111-8, division E for

1 Kealia Pond National Wildlife Refuge, Nisqually National
2 Wildlife Refuge, Patuxent Research Refuge, Tennessee
3 National Wildlife Refuge, and Mammoth Springs National
4 Fish Hatchery may be reallocated to acquire migratory
5 bird survey aircraft and for construction at Neosho Na-
6 tional Fish Hatchery.

7 LAND ACQUISITION

8 For expenses necessary to carry out the Land and
9 Water Conservation Fund Act of 1965, as amended (16
10 U.S.C. 460l-4 through 11), including administrative ex-
11 penses, and for acquisition of land or waters, or interest
12 therein, in accordance with statutory authority applicable
13 to the United States Fish and Wildlife Service,
14 \$86,340,000, to be derived from the Land and Water Con-
15 servation Fund and to remain available until expended,
16 of which, notwithstanding 16 U.S.C. 460l-9, not more
17 than \$4,000,000 shall be for land conservation partner-
18 ships authorized by the Highlands Conservation Act of
19 2004, including not to exceed \$120,000 for administrative
20 expenses: *Provided*, That none of the funds appropriated
21 for specific land acquisition projects may be used to pay

1 for any administrative overhead, planning or other man-
2 agement costs.

3 COOPERATIVE ENDANGERED SPECIES CONSERVATION

10 *vided further*, That \$5,000,000 is for a competitive grant
11 program for States, territories, and other jurisdictions
12 with approved plans, not subject to the remaining provi-
13 sions of this appropriation: *Provided further*, That the Sec-
14 retary shall, after deducting \$12,000,000 and administra-
15 tive expenses, apportion the amount provided herein in the
16 following manner: (1) to the District of Columbia and to
17 the Commonwealth of Puerto Rico, each a sum equal to
18 not more than one-half of 1 percent thereof; and (2) to
19 Guam, American Samoa, the United States Virgin Is-
20 lands, and the Commonwealth of the Northern Mariana
21 Islands, each a sum equal to not more than one-fourth

1 of 1 percent thereof: *Provided further*, That the Secretary
2 shall apportion the remaining amount in the following
3 manner: (1) one-third of which is based on the ratio to
4 which the land area of such State bears to the total land
5 area of all such States; and (2) two-thirds of which is
6 based on the ratio to which the population of such State
7 bears to the total population of all such States: *Provided*
8 *further*, That the amounts apportioned under this para-
9 graph shall be adjusted equitably so that no State shall
10 be apportioned a sum which is less than 1 percent of the
11 amount available for apportionment under this paragraph
12 for any fiscal year or more than 5 percent of such amount:
13 *Provided further*, That the Federal share of planning
14 grants shall not exceed 75 percent of the total costs of
15 such projects and the Federal share of implementation
16 grants shall not exceed 65 percent of the total costs of
17 such projects: *Provided further*, That the non-Federal
18 share of such projects may not be derived from Federal
19 grant programs: *Provided further*, That any amount ap-
20 portioned in 2010 to any State, territory, or other jurisdic-
21 tion that remains unobligated as of September 30, 2011,

1 shall be reapportioned, together with funds appropriated
2 in 2012, in the manner provided herein.

3 ADMINISTRATIVE PROVISIONS

4 4601-4 through 11), including administrative expenses,
5 and for acquisition of lands or waters, or interest therein,
6 in accordance with the statutory authority applicable to
7 the National Park Service, \$126,266,000, to be derived
8 from the Land and Water Conservation Fund and to re-
9 main available until expended, of which \$40,000,000 is for
10 the State assistance program and of which \$9,000,000
11 shall be for the American Battlefield Protection Program
12 grants as authorized by section 7301 of the Omnibus Pub-
13 lic Land Management Act of 2009 (Public Law 111-11).

14 ADMINISTRATIVE PROVISIONS
15 (INCLUDING TRANSFER OF FUNDS)

16 In addition to other uses set forth in section 407(d)
17 of Public Law 105-391, franchise fees credited to a sub-
18 account shall be available for expenditure by the Sec-
19 retary, without further appropriation, for use at any unit
20 within the National Park System to extinguish or reduce
21 liability for Possessory Interest or leasehold surrender in-

1 interest. Such funds may only be used for this purpose to
2 the extent that the benefitting unit anticipated franchise
3 fee receipts over the term of the contract at that unit ex-
4 ceed the amount of funds used to extinguish or reduce
5 liability. Franchise fees at the benefitting unit shall be
6 credited to the sub-account of the originating unit over
7 a period not to exceed the term of a single contract at
8 the benefitting unit, in the amount of funds so expended
9 to extinguish or reduce liability.

10 For the costs of administration of the Land and
11 Water Conservation Fund grants authorized by section
12 105(a)(2)(B) of the Gulf of Mexico Energy Security Act
13 of 2006 (Public Law 109-432), the National Park Service
14 may retain up to 3 percent of the amounts which are au-
15 thorized to be disbursed under such section, such retained
16 amounts to remain available until expended.

17 National Park Service funds may be transferred to
18 the Federal Highway Administration (FHWA), Depart-
19 ment of Transportation, for purposes authorized under 23
20 U.S.C. 204. Transfers may include a reasonable amount
21 for FHWA administrative support costs.

16 be credited to this appropriation and to remain available
17 until expended, from additions to receipts resulting from
18 increases to rates in effect on August 5, 1993, and from
19 cost recovery fees: *Provided*, That notwithstanding 31
20 U.S.C. 3302, in fiscal year 2010, such amounts as are
21 assessed under 31 U.S.C. 9701 shall be collected and cred-

1 ited to this account and shall be available until expended
2 for necessary expenses: *Provided further*, That to the ex-
3 tent \$156,730,000 in addition to receipts are not realized
4 from the sources of receipts stated above, the amount
5 needed to reach \$156,730,000 shall be credited to this ap-
6 propriation from receipts resulting from rental rates for
7 Outer Continental Shelf leases in effect before August 5,
8 1993: *Provided further*, That the term “qualified Outer
9 Continental Shelf revenues”, as defined in section
10 102(9)(A) of the Gulf of Mexico Energy Security Act, divi-
11 sion C of Public Law 109-432, shall include only the por-
12 tion of rental revenues that would have been collected at
13 the rental rates in effect before August 5, 1993: *Provided*
14 *further*, That not to exceed \$3,000 shall be available for
15 reasonable expenses related to promoting volunteer beach
16 and marine cleanup activities: *Provided further*, That not-
17 withstanding any other provision of law, \$15,000 under
18 this heading shall be available for refunds of overpayments
19 in connection with certain Indian leases in which the Di-
20 rector of MMS concurred with the claimed refund due, to
21 pay amounts owed to Indian allottees or tribes, or to cor-

1 rect prior unrecoverable erroneous payments: *Provided*
2 *further*, That for the costs of administration of the Coastal
3 Impact Assistance Program authorized by section 31 of
4 the Outer Continental Shelf Lands Act, as amended (43
5 U.S.C. 1456a), in fiscal year 2010, MMS may retain up
6 to 4 percent of the amounts which are disbursed under
7 section 31(b)(1), such retained amounts to remain avail-
8 able until expended.

9 For an additional amount, \$10,000,000, to remain
10 available until expended, which shall be derived from non-
11 refundable inspection fees collected in fiscal year 2010, as
12 provided in this Act: *Provided*, That to the extent that
13 such amounts are not realized from such fees, the amount
14 needed to reach \$10,000,000 shall be credited to this ap-
15 propriation from receipts resulting from rental rates for
16 Outer Continental Shelf leases in effect before August 5,
17 1993.

13 programs, as authorized by law, including the Snyder Act
14 of November 2, 1921 (25 U.S.C. 13), the Indian Self-De-
15 termination and Education Assistance Act of 1975 (25
16 U.S.C. 450 et seq.), as amended, the Education Amend-
17 ments of 1978 (25 U.S.C. 2001–2019), and the Tribally
18 Controlled Schools Act of 1988 (25 U.S.C. 2501 et seq.),
19 as amended, \$2,335,965,000, to remain available until
20 September 30, 2011 except as otherwise provided herein;
21 of which not to exceed \$30,000 may be for official recep-

1 tion and representation expenses; of which not to exceed
2 \$74,915,000 shall be for welfare assistance payments:
3 *Provided*, That in cases of designated Federal disasters,
4 the Secretary may exceed such cap, from the amounts pro-
5 vided herein, to provide for disaster relief to Indian com-
6 munities affected by the disaster; and of which, notwith-
7 standing any other provision of law, including but not lim-
8 ited to the Indian Self-Determination Act of 1975, as
9 amended, not to exceed \$166,000,000 shall be available
10 for payments for contract support costs associated with
11 ongoing contracts, grants, compacts, or annual funding
12 agreements entered into with the Bureau prior to or dur-
13 ing fiscal year 2010, as authorized by such Act, except
14 that tribes and tribal organizations may use their tribal
15 priority allocations for unmet contract support costs of on-
16 going contracts, grants, or compacts, or annual funding
17 agreements and for unmet welfare assistance costs; of
18 which not to exceed \$568,702,000 for school operations
19 costs of Bureau-funded schools and other education pro-
20 grams shall become available on July 1, 2010, and shall
21 remain available until September 30, 2011; of which

1 \$25,000,000 shall be for public safety and justice pro-
2 grams as authorized by the Emergency Fund for Indian
3 Safety and Health, established by section 601 of Public
4 Law 110-293 (25 U.S.C. 443c); and of which not to ex-
5 ceed \$59,895,000 shall remain available until expended for
6 housing improvement, road maintenance, attorney fees,
7 litigation support, the Indian Self-Determination Fund,
8 land records improvement, and the Navajo-Hopi Settle-
9 ment Program: *Provided further*, That notwithstanding
10 any other provision of law, including but not limited to
11 the Indian Self-Determination Act of 1975, as amended,
12 and 25 U.S.C. 2008, not to exceed \$43,373,000 within
13 and only from such amounts made available for school op-
14 erations shall be available for administrative cost grants
15 associated with ongoing grants entered into with the Bu-
16 reau prior to or during fiscal year 2009 for the operation
17 of Bureau-funded schools, and up to \$500,000 within and
18 only from such amounts made available for administrative
19 cost grants shall be available for the transitional costs of
20 initial administrative cost grants to grantees that assume
21 operation on or after July 1, 2009, of Bureau-funded

1 schools: *Provided further*, That any forestry funds allo-
2 cated to a tribe which remain unobligated as of September
3 30, 2011, may be transferred during fiscal year 2012 to
4 an Indian forest land assistance account established for
5 the benefit of the holder of the funds within the holder's
6 trust fund account: *Provided further*, That any such unob-
7 ligated balances not so transferred shall expire on Sep-
8 tember 30, 2012: *Provided further*, That in order to en-
9 hance the safety of Bureau field employees, the Bureau
10 may use funds to purchase uniforms or other identifying
11 articles of clothing for personnel.

12 CONSTRUCTION

13 (INCLUDING TRANSFER OF FUNDS)

14 For construction, repair, improvement, and mainte-
15 nance of irrigation and power systems, buildings, utilities,
16 and other facilities, including architectural and engineer-
17 ing services by contract; acquisition of lands, and interests
18 in lands; and preparation of lands for farming, and for
19 construction of the Navajo Indian Irrigation Project pur-
20 suant to Public Law 87-483, \$225,000,000, to remain
21 available until expended: *Provided*, That such amounts as

1 may be available for the construction of the Navajo Indian
2 Irrigation Project may be transferred to the Bureau of
3 Reclamation: *Provided further*, That not to exceed 6 per-
4 cent of contract authority available to the Bureau of In-
5 dian Affairs from the Federal Highway Trust Fund may
6 be used to cover the road program management costs of
7 the Bureau: *Provided further*, That any funds provided for
8 the Safety of Dams program pursuant to 25 U.S.C. 13
9 shall be made available on a nonreimbursable basis: *Pro-*
10 *vided further*, That for fiscal year 2010, in implementing
11 new construction or facilities improvement and repair
12 project grants in excess of \$100,000 that are provided to
13 grant schools under Public Law 100-297, as amended, the
14 Secretary of the Interior shall use the Administrative and
15 Audit Requirements and Cost Principles for Assistance
16 Programs contained in 43 CFR part 12 as the regulatory
17 requirements: *Provided further*, That such grants shall not
18 be subject to section 12.61 of 43 CFR; the Secretary and
19 the grantee shall negotiate and determine a schedule of
20 payments for the work to be performed: *Provided further*,
21 That in considering grant applications, the Secretary shall

1 consider whether such grantee would be deficient in assur-
2 ing that the construction projects conform to applicable
3 building standards and codes and Federal, tribal, or State
4 health and safety standards as required by 25 U.S.C.
5 2005(b), with respect to organizational and financial man-
6 agement capabilities: *Provided further*, That if the Sec-
7 retary declines a grant application, the Secretary shall fol-
8 low the requirements contained in 25 U.S.C. 2504(f): *Pro-*
9 *vided further*, That any disputes between the Secretary
10 and any grantee concerning a grant shall be subject to
11 the disputes provision in 25 U.S.C. 2507(e): *Provided fur-*
12 *ther*, That in order to ensure timely completion of con-
13 struction projects, the Secretary may assume control of
14 a project and all funds related to the project, if, within
15 eighteen months of the date of enactment of this Act, any
16 grantee receiving funds appropriated in this Act or in any
17 prior Act, has not completed the planning and design
18 phase of the project and commenced construction: *Pro-*
19 *vided further*, That this appropriation may be reimbursed
20 from the Office of the Special Trustee for American Indi-
21 ans appropriation for the appropriate share of construc-

1 tion costs for space expansion needed in agency offices to
2 meet trust reform implementation.

3 INDIAN LAND AND WATER CLAIM SETTLEMENTS AND
4 MISCELLANEOUS PAYMENTS TO INDIANS

5 For payments and necessary administrative expenses
6 for implementation of Indian land and water claim settle-
7 ments pursuant to Public Laws 99-264, 100-580, 101-
8 618, 108-447, 109-379, 109-479, 110-297, and 111-11,
9 and for implementation of other land and water rights set-
10 tlements, \$47,380,000, to remain available until expended.

11 INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

12 For the cost of guaranteed loans and insured loans,
13 \$8,215,000, of which \$1,629,000 is for administrative ex-
14 penses, as authorized by the Indian Financing Act of
15 1974, as amended: *Provided*, That such costs, including
16 the cost of modifying such loans, shall be as defined in
17 section 502 of the Congressional Budget Act of 1974: *Pro-*
18 *vided further*, That these funds are available to subsidize
19 total loan principal, any part of which is to be guaranteed
20 or insured, not to exceed \$93,807,956.

1 INDIAN LAND CONSOLIDATION

2 For consolidation of fractional interests in Indian
3 lands and expenses associated with redetermining and re-
4 distributing escheated interests in allotted lands, and for
5 necessary expenses to carry out the Indian Land Consoli-
6 dation Act of 1983, as amended, by direct expenditure or
7 cooperative agreement, \$3,000,000, to remain available
8 until expended.

9 ADMINISTRATIVE PROVISIONS

10 The Bureau of Indian Affairs may carry out the oper-
11 ation of Indian programs by direct expenditure, contracts,
12 cooperative agreements, compacts and grants, either di-
13 rectly or in cooperation with States and other organiza-
14 tions.

15 Notwithstanding 25 U.S.C. 15, the Bureau of Indian
16 Affairs may contract for services in support of the man-
17 agement, operation, and maintenance of the Power Divi-
18 sion of the San Carlos Irrigation Project.

19 Appropriations for the Bureau of Indian Affairs (ex-
20 cept the Revolving Fund for Loans Liquidating Account,
21 Indian Loan Guaranty and Insurance Fund Liquidating

1 Account, Indian Guaranteed Loan Financing Account, In-
2 dian Direct Loan Financing Account, and the Indian
3 Guaranteed Loan Program account) shall be available for
4 expenses of exhibits.

5 Notwithstanding any other provision of law, no funds
6 available to the Bureau of Indian Affairs for central office
7 oversight and Executive Direction and Administrative
8 Services (except executive direction and administrative
9 services funding for Tribal Priority Allocations, regional
10 offices, and facilities operations and maintenance) shall be
11 available for contracts, grants, compacts, or cooperative
12 agreements with the Bureau of Indian Affairs under the
13 provisions of the Indian Self-Determination Act or the
14 Tribal Self-Governance Act of 1994 (Public Law 103-
15 413).

16 In the event any tribe returns appropriations made
17 available by this Act to the Bureau of Indian Affairs, this
18 action shall not diminish the Federal Government's trust
19 responsibility to that tribe, or the government-to-govern-
20 ment relationship between the United States and that

1 tribe, or that tribe's ability to access future appropria-
2 tions.

3 Notwithstanding any other provision of law, no funds
4 available to the Bureau, other than the amounts provided
5 herein for assistance to public schools under 25 U.S.C.
6 452 et seq., shall be available to support the operation of
7 any elementary or secondary school in the State of Alaska.

8 Appropriations made available in this or any other
9 Act for schools funded by the Bureau shall be available
10 only to the schools in the Bureau school system as of Sep-
11 tember 1, 1996. No funds available to the Bureau shall
12 be used to support expanded grades for any school or dor-
13 mitory beyond the grade structure in place or approved
14 by the Secretary of the Interior at each school in the Bu-
15 reau school system as of October 1, 1995. Funds made
16 available under this Act may not be used to establish a
17 charter school at a Bureau-funded school (as that term
18 is defined in section 1146 of the Education Amendments
19 of 1978 (25 U.S.C. 2026)), except that a charter school
20 that is in existence on the date of the enactment of this
21 Act and that has operated at a Bureau-funded school be-

1 fore September 1, 1999, may continue to operate during
2 that period, but only if the charter school pays to the Bu-
3 reau a pro rata share of funds to reimburse the Bureau
4 for the use of the real and personal property (including
5 buses and vans), the funds of the charter school are kept
6 separate and apart from Bureau funds, and the Bureau
7 does not assume any obligation for charter school pro-
8 grams of the State in which the school is located if the
9 charter school loses such funding. Employees of Bureau-
10 funded schools sharing a campus with a charter school and
11 performing functions related to the charter schools oper-
12 ation and employees of a charter school shall not be treat-
13 ed as Federal employees for purposes of chapter 171 of
14 title 28, United States Code.

15 Notwithstanding any other provision of law, including
16 section 113 of title I of appendix C of Public Law 106-
17 113, if in fiscal year 2003 or 2004 a grantee received indi-
18 rect and administrative costs pursuant to a distribution
19 formula based on section 5(f) of Public Law 101-301, the
20 Secretary shall continue to distribute indirect and admin-

1 istrative cost funds to such grantee using the section 5(f)
2 distribution formula.

3 DEPARTMENTAL OFFICES

4 OFFICE OF THE SECRETARY

5 SALARIES AND EXPENSES

6 For necessary expenses for management of the De-
7 partment of the Interior, \$118,836,000; of which not to
8 exceed \$25,000 may be for official reception and represen-
9 tation expenses; and of which up to \$1,000,000 shall be
10 available for workers compensation payments and unem-
11 ployment compensation payments associated with the or-
12 derly closure of the United States Bureau of Mines; and
13 of which \$12,136,000 for consolidated appraisal services
14 is to be derived from the Land and Water Conservation
15 Fund and shall remain available until expended: *Provided*,
16 That, for fiscal year 2010 up to \$400,000 of the payments
17 authorized by the Act of October 20, 1976, as amended
18 (31 U.S.C. 6901–6907) may be retained for administra-
19 tive expenses of the Payments in Lieu of Taxes Program:
20 *Provided further*, That no payment shall be made pursuant
21 to that Act to otherwise eligible units of local government

1 if the computed amount of the payment is less than \$100:
2 *Provided further*, That for fiscal years 2008 through 2012
3 the Secretary may reduce the payment authorized by 31
4 U.S.C. 6901–6907, as amended, for an individual county
5 by the amount necessary to correct prior year overpay-
6 ments to that county: *Provided further*, That for fiscal
7 years 2008 through 2012 the amount needed to correct
8 a prior year underpayment to an individual county shall
9 be paid from any reductions for overpayments to other
10 counties and the amount necessary to cover any remaining
11 underpayment is hereby appropriated and shall be paid
12 to individual counties using current fiscal year funds.

13 INSULAR AFFAIRS

14 ASSISTANCE TO TERRITORIES

15 For expenses necessary for assistance to territories
16 under the jurisdiction of the Department of the Interior,
17 \$85,195,000, of which: (1) \$75,915,000 shall remain
18 available until expended for technical assistance, including
19 maintenance assistance, disaster assistance, insular man-
20 agement controls, coral reef initiative activities, and brown
21 tree snake control and research; grants to the judiciary.

1 in American Samoa for compensation and expenses, as au-
2 thorized by law (48 U.S.C. 1661(c)); grants to the Govern-
3 ment of American Samoa, in addition to current local rev-
4 enues, for construction and support of governmental func-
5 tions; grants to the Government of the Virgin Islands as
6 authorized by law; grants to the Government of Guam,

10 to remain available until expended, of which not to exceed
11 \$6,137,000 shall be for the renovation or construction of
12 fire facilities: *Provided*, That such funds are also available
13 for repayment of advances to other appropriation accounts
14 from which funds were previously transferred for such
15 purposes: *Provided further*, That persons hired pursuant
16 to 43 U.S.C. 1469 may be furnished subsistence and lodg-
17 ing without cost from funds available from this appropria-
18 tion: *Provided further*, That notwithstanding 42 U.S.C.
19 1856d, sums received by a bureau or office of the Depart-
20 ment of the Interior for fire protection rendered pursuant
21 to 42 U.S.C. 1856 et seq., protection of United States

1 property, may be credited to the appropriation from which
2 funds were expended to provide that protection, and are
3 available without fiscal year limitation: *Provided further,*
4 That using the amounts designated under this title of this
5 Act, the Secretary of the Interior may enter into procure-
6 ment contracts, grants, or cooperative agreements, for
7 hazardous fuels reduction activities, and for training and
8 monitoring associated with such hazardous fuels reduction
9 activities, on Federal land, or on adjacent non-Federal
10 land for activities that benefit resources on Federal land:
11 *Provided further,* That the costs of implementing any co-
12 operative agreement between the Federal Government and
13 any non-Federal entity may be shared, as mutually agreed
14 on by the affected parties: *Provided further,* That notwith-
15 standing requirements of the Competition in Contracting
16 Act, the Secretary, for purposes of hazardous fuels reduc-

1 micro-businesses; or (4) other entities that will hire or
2 train locally a significant percentage, defined as 50 per-
3 cent or more, of the project workforce to complete such
4 contracts: *Provided further*, That in implementing this sec-
5 tion, the Secretary shall develop written guidance to field
6 units to ensure accountability and consistent application
7 of the authorities provided herein: *Provided further*, That
8 funds appropriated under this head may be used to reim-
9 burse the United States Fish and Wildlife Service and the
10 National Marine Fisheries Service for the costs of carrying
11 out their responsibilities under the Endangered Species
12 Act of 1973 (16 U.S.C. 1531 et seq.) to consult and con-
13 ference, as required by section 7 of such Act, in connection
14 with wildland fire management activities: *Provided further*,
15 That the Secretary of the Interior may use wildland fire
16 appropriations to enter into non-competitive sole source
17 leases of real property with local governments, at or below
18 fair market value, to construct capitalized improvements
19 for fire facilities on such leased properties, including but
20 not limited to fire guard stations, retardant stations, and
21 other initial attack and fire support facilities, and to make

1 advance payments for any such lease or for construction
2 activity associated with the lease: *Provided further*, That
3 the Secretary of the Interior and the Secretary of Agri-
4 culture may authorize the transfer of funds appropriated
5 for wildland fire management, in an aggregate amount not
6 to exceed \$50,000,000, between the Departments when
7 such transfers would facilitate and expedite jointly funded
8 wildland fire management programs and projects: *Pro-*
9 *vided further*, That funds provided for wildfire suppression
10 shall be available for support of Federal emergency re-
11 sponse actions: *Provided further*, That no less than
12 \$125,000,000 in prior-year wildfire suppression balances
13 shall be made available in addition to amounts provided
14 in this Act for that purpose.

21 replacement aircraft.

1 GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR
2 (INCLUDING TRANSFERS OF FUNDS)

3 EMERGENCY TRANSFER AUTHORITY—INTRA-BUREAU

4 SEC. 101. Appropriations made in this title shall be
5 available for expenditure or transfer (within each bureau
6 or office), with the approval of the Secretary, for the emer-
7 gency reconstruction, replacement, or repair of aircraft,
8 buildings, utilities, or other facilities or equipment dam-
9 aged or destroyed by fire, flood, storm, or other unavoid-
10 able causes: *Provided*, That no funds shall be made avail-
11 able under this authority until funds specifically made
12 available to the Department of the Interior for emer-
13 gencies shall have been exhausted: *Provided further*, That
14 all funds used pursuant to this section must be replenished
15 by a supplemental appropriation which must be requested
16 as promptly as possible.

17 EMERGENCY TRANSFER AUTHORITY—DEPARTMENT-WIDE

18 SEC. 102. The Secretary may authorize the expendi-
19 ture or transfer of any no year appropriation in this title,
20 in addition to the amounts included in the budget pro-
21 grams of the several agencies, for the suppression or emer-

1 gency prevention of wildland fires on or threatening lands
2 under the jurisdiction of the Department of the Interior;
3 for the emergency rehabilitation of burned-over lands
4 under its jurisdiction; for emergency actions related to po-
5 tential or actual earthquakes, floods, volcanoes, storms, or
6 other unavoidable causes; for contingency planning subse-
7 quent to actual oil spills; for response and natural resource
8 damage assessment activities related to actual oil spills;
9 for the prevention, suppression, and control of actual or
10 potential grasshopper and Mormon cricket outbreaks on
11 lands under the jurisdiction of the Secretary, pursuant to
12 the authority in section 1773(b) of Public Law 99-198
13 (99 Stat. 1658); for emergency reclamation projects under
14 section 410 of Public Law 95-87; and shall transfer, from
15 any no year funds available to the Office of Surface Min-
16 ing Reclamation and Enforcement, such funds as may be
17 necessary to permit assumption of regulatory authority in
18 the event a primacy State is not carrying out the regu-
19 latory provisions of the Surface Mining Act: *Provided,*
20 That appropriations made in this title for wildland fire
21 operations shall be available for the payment of obligations

1 incurred during the preceding fiscal year, and for reim-
2 bursement to other Federal agencies for destruction of ve-
3 hicles, aircraft, or other equipment in connection with
4 their use for wildland fire operations, such reimbursement
5 to be credited to appropriations currently available at the
6 time of receipt thereof: *Provided further*, That for wildland
7 fire operations, no funds shall be made available under
8 this authority until the Secretary determines that funds
9 appropriated for "wildland fire operations" and "FLAME
10 ~~Wildland Fire~~ Suppression Reserve Fund" shall be ex- *Wildfire*
11 hausted within 30 days: *Provided further*, That all funds
12 used pursuant to this section must be replenished by a
13 supplemental appropriation which must be requested as
14 promptly as possible: *Provided further*, That such replen-
15 ishment funds shall be used to reimburse, on a pro rata
16 basis, accounts from which emergency funds were trans-
17 ferred.

18

AUTHORIZED USE OF FUNDS

19

SEC. 103. Appropriations made to the Department
20 of the Interior in this title shall be available for services
21 as authorized by 5 U.S.C. 3109, when authorized by the

1 Secretary, in total amount not to exceed \$500,000; pur-
2 chase and replacement of motor vehicles, including spe-
3 cially equipped law enforcement vehicles; hire, mainte-
4 nance, and operation of aircraft; hire of passenger motor
5 vehicles; purchase of reprints; payment for telephone serv-
6 ice in private residences in the field, when authorized
7 under regulations approved by the Secretary; and the pay-
8 ment of dues, when authorized by the Secretary, for li-
9 brary membership in societies or associations which issue
10 publications to members only or at a price to members
11 lower than to subscribers who are not members.

12 AUTHORIZED USE OF FUNDS

13 SEC. 104. Appropriations made in this Act under the
14 headings Bureau of Indian Affairs and Office of the Spe-
15 cial Trustee for American Indians and any unobligated
16 balances from prior appropriations Acts made under the
17 same headings shall be available for expenditure or trans-
18 fer for Indian trust management and reform activities.
19 Total funding for historical accounting activities shall not
20 exceed amounts specifically designated in this Act for such
21 purpose.

1 tion: (1) for the benefit of the National Wildlife Refuge
2 System within the State of Minnesota; and (2) for all ac-
3 tivities authorized by 16 U.S.C. 460zz.

4 PAYMENT OF FEES

5 SEC. 107. The Secretary of the Interior may use dis-
6 cretionary funds to pay private attorney fees and costs for
7 employees and former employees of the Department of the
8 Interior reasonably incurred in connection with Cobell v.
9 Salazar to the extent that such fees and costs are not paid
10 by the Department of Justice or by private insurance. In
11 no case shall the Secretary make payments under this sec-
12 tion that would result in payment of hourly fees in excess
13 of the highest hourly rate approved by the District Court
14 for the District of Columbia for counsel in Cobell v. Sala-
15 zar.

16 MASS MARKING OF SALMONIDS

17 SEC. 108. The United States Fish and Wildlife Serv-
18 ice shall, in carrying out its responsibilities to protect
19 threatened and endangered species of salmon, implement
20 a system of mass marking of salmonid stocks, intended
21 for harvest, that are released from federally operated or

1 federally financed hatcheries including but not limited to
2 fish releases of coho, chinook, and steelhead species.
3 Marked fish must have a visible mark that can be readily
4 identified by commercial and recreational fishers.

5 ELLIS, GOVERNORS, AND LIBERTY ISLANDS

6 SEC. 109. Notwithstanding any other provision of
7 law, the Secretary of the Interior is authorized to acquire
8 lands, waters, or interests therein including the use of all
9 or part of any pier, dock, or landing within the State of
10 New York and the State of New Jersey, for the purpose
11 of operating and maintaining facilities in the support of
12 transportation and accommodation of visitors to Ellis,
13 Governors, and Liberty Islands, and of other program and
14 administrative activities, by donation or with appropriated
15 funds, including franchise fees (and other monetary con-
16 sideration), or by exchange; and the Secretary is author-
17 ized to negotiate and enter into leases, subleases, conces-
18 sion contracts or other agreements for the use of such fa-
19 cilities on such terms and conditions as the Secretary may
20 determine reasonable.

1 PROHIBITION ON USE OF FUNDS

2 SEC. 110. (a) Any proposed new use of the Arizona
3 & California Railroad Company's Right of Way for convey-
4 ance of water shall not proceed unless the Secretary of
5 the Interior certifies that the proposed new use is within
6 the scope of the Right of Way.

7 (b) No funds appropriated or otherwise made avail-
8 able to the Department of the Interior may be used, in
9 relation to any proposal to store water underground for
10 the purpose of export, for approval of any right-of-way or
11 similar authorization on the Mojave National Preserve or
12 lands managed by the Needles Field Office of the Bureau
13 of Land Management, or for carrying out any activities
14 associated with such right-of-way or similar approval.

15 CONTRIBUTION AUTHORITY

16 SEC. 111. Title 43 U.S.C. 1473, as amended by Pub-
17 lic Law 111-8, is further amended by striking "in fiscal
18 years 2008 and 2009 only" and inserting "in fiscal years
19 2010 through 2013".

1 USE OF COOPERATIVE AGREEMENTS

2 SEC. 112. For fiscal year 2010, and each fiscal year
3 thereafter, the Secretary of the Interior may enter into
4 cooperative agreements with a State or political subdivi-
5 sion (including any agency thereof), or any not-for-profit
6 organization if the agreement will: (1) serve a mutual in-
7 terest of the parties to the agreement in carrying out the
8 programs administered by the Department of the Interior;
9 and (2) all parties will contribute resources to the accom-
10 plishment of these objectives. At the discretion of the Sec-
11 retary, such agreements shall not be subject to a competi-
12 tive process.

13 ICE AGE NATIONAL SCENIC TRAIL

14 SEC. 113. Funds provided in this Act for Federal
15 land acquisition by the National Park Service for Ice Age
16 National Scenic Trail may be used for a grant to a State,
17 a local government, or any other land management entity
18 for the acquisition of lands without regard to any restric-
19 tion on the use of Federal land acquisition funds provided
20 through the Land and Water Conservation Fund Act of
21 1965 as amended.

1 CONFORMING AMENDMENT

2 SEC. 114. Notwithstanding any other provision of
3 law, Sections 109 and 110 of the Federal Oil and Gas
4 Royalty Management Act (30 U.S.C. 1719 and 1720)
5 shall, for fiscal year 2010 and each fiscal year thereafter,
6 apply to any lease authorizing exploration for or develop-
7 ment of coal, any other solid mineral, or any geothermal
8 resource on any Federal or Indian lands and any lease,
9 easement, right of way, or other agreement, regardless of
10 form, for use of the Outer Continental Shelf or any of
11 its resources under sections 8(k) or 8(p) of the Outer Con-
12 tinental Shelf Lands Act (43 U.S.C. 1337(k) and
13 1337(p)) to the same extent as if such lease, easement,
14 right of way, or other agreement, regardless of form, were
15 an oil and gas lease, except that in such cases the term
16 “royalty payment” shall include any payment required by
17 such lease, easement, right of way or other agreement, re-
18 gardless of form, or by applicable regulation.

19 OUTER CONTINENTAL SHELF INSPECTION FEES

20 SEC. 115. (a) In fiscal year 2010, the Minerals Man-
21 agement Service (MMS) shall collect a non-refundable in-

1 spection fee, which shall be deposited in the “Royalty and
2 Offshore Minerals Management” account, from the des-
3 igned operator for facilities subject to inspection by
4 MMS under 43 U.S.C. 1348(c) that are above the water-
5 line, except mobile offshore drilling units, and are in place
6 at the start of fiscal year 2010.

7 (b) Fees for 2010 shall be:

8 (1) \$2,000 for facilities with no wells, but with
9 processing equipment or gathering lines;

10 (2) \$3,250 for facilities with one to ten wells,
11 with any combination of active or inactive wells; and

12 (3) \$6,000 for facilities with more than ten
13 wells, with any combination of active or inactive
14 wells.

15 (c) MMS will bill designated operators within 60 days
16 of enactment of this Act, with payment required within
17 30 days of billing.

18 PROHIBITION ON USE OF FUNDS, POINT REYES NATIONAL
19 SEASHORE

20 SEC. 116. None of the funds in this Act may be used
21 to further reduce the number of Axis or Fallow deer at

1 Point Reyes National Seashore below the number as of
2 the date of enactment of this Act.

3 YOSEMITE NATIONAL PARK AUTHORIZED PAYMENTS,
4 AMENDMENT

5 SEC. 117. Section 101(a)(1) of Public Law 109-131
6 is amended by striking “2009” and inserting “2013”.

7 SAN JUAN ISLAND NATIONAL HISTORIC PARK
8 AUTHORIZATION

9 SEC. 118. Section 4 of Public Law 89-565, as
10 amended (16 U.S.C. 282c), relating to San Juan Island
11 National Historic Park, is amended by striking
12 “\$5,575,000” and inserting “\$13,575,000”.

13 JAPANESE AMERICAN CONFINEMENT SITES, AMENDMENT

2 SEC. 120. Section 8004 of the Omnibus Public Land
3 Management Act of 2009 (Public Law 111-11; 123 Stat.
4 1240) is amended—

5 (1) by redesignating subsections (g) through (i)
6 as subsections (h) through (j), respectively;

7 (2) in subsection (h)(1) (as redesignated by
8 paragraph (1)), in the matter preceding subpara-
9 graph (A), by striking “subsection (i)” and inserting
10 “subsection (j)”; and

11 (3) by inserting after subsection (f) the fol-
12 lowing:

13 “(g) REQUIREMENTS FOR INCLUSION AND REMOVAL
14 OF PROPERTY IN HERITAGE AREA.—

15 “(1) PRIVATE PROPERTY INCLUSION.—No pri-
16 vately owned property shall be included in the Herit-
17 age Area unless the owner of the private property
18 provides to the management entity a written request
19 for the inclusion.

20 “(2) PROPERTY REMOVAL.—

1 “(A) PRIVATE PROPERTY.—At the request
2 of an owner of private property included in the
3 Heritage Area pursuant to paragraph (1), the
4 private property shall be immediately with-
5 drawn from the Heritage Area if the owner of
6 the property provides to the management entity
7 a written notice requesting removal.

8 “(B) PUBLIC PROPERTY.—On written no-
9 tice from the appropriate State or local govern-
10 ment entity, public property included in the
11 Heritage Area shall be immediately withdrawn
12 from the Heritage Area.”.

6 manage a historic attraction—

7 (A) to allow visitors to the historic attrac-
8 tion to gain access to the historic attraction by
9 passing through security screening at the Vis-
10 itor Center; and

11 (B) to allow the sale of tickets to a historic
12 attraction within the Visitor Center by—

13 (i) employees of the National Park
14 Service; or

15 (ii) the organization that administers
16 or manages the historic attraction.

17 (2) TERMS AND CONDITIONS.—In any agree-
18 ment entered into under paragraph (1), the Sec-
19 retary—

20 (A) shall require the organization admin-
21 istering or managing the historic attraction to

1 pay to the Secretary a reasonable fee to recover
2 administrative costs of the Secretary associated
3 with the use of the Visitor Center for public ac-
4 cess and ticket sales;

5 (B) shall ensure that the liability of the
6 United States is limited with respect to any li-
7 ability arising from—

8 (i) the admission of the public
9 through the Visitor Center to a historic at-
10 traction; and

11 (ii) the sale or issuance of any tickets
12 to the historic attraction; and

13 (C) may include any other terms and con-
14 ditions that the Secretary determines to be ap-
15 propriate.

16 (3) USE OF FEES.—The proceeds of any
17 amounts collected as fees under paragraph (2)(A)
18 shall remain available, without further appropria-
19 tion, for use by the Secretary for the Monument.

20 (4) LIMITATION OF AUTHORITY.—Nothing in
21 this section authorizes the Secretary—

1 (A) to regulate or approve the rates for ad-
2 mission to a historic attraction;

3 (B) to regulate or manage any visitor serv-
4 ices within the Pearl Harbor Naval Complex
5 (other than the services managed by the Na-
6 tional Park Service as part of the Monument);

7 or

8 (C) to charge an entrance fee for admis-
9 sion to the Monument.

10 (5) PROTECTION OF RESOURCES.—Nothing in
11 this section authorizes the Secretary or any organi-
12 zation that administers or manages a historic attrac-
13 tion to take any action in derogation of the preserva-
14 tion and protection of the values and resources of
15 the Monument.

16 ASSISTANCE FOR THE REPUBLIC OF PALAU

17 SEC. 122. (a) IN GENERAL.—Subject to subsection
18 (c), the United States Government, through the Secretary
19 of the Interior shall provide to the Government of Palau
20 for fiscal year 2010 grants in amounts equal to the annual
21 amounts specified in subsections (a), (c), and (d) of sec-

1 tion 211 of the Compact of Free Association between the
2 Government of the United States of America and the Gov-
3 ernment of Palau (48 U.S.C. 1931 note) (referred to in
4 this section as the “Compact”).

5 (b) PROGRAMMATIC ASSISTANCE.—Subject to sub-
6 section (c), the United States shall provide programmatic
7 assistance to the Republic of Palau for fiscal year 2010
8 in amounts equal to the amounts provided in subsections
9 (a) and (b)(1) of section 221 of the Compact.

10 (c) LIMITATIONS ON ASSISTANCE.—

11 (1) IN GENERAL.—The grants and pro-
12 grammatic assistance provided under subsections (a)
13 and (b) shall be provided to the same extent and in
14 the same manner as the grants and assistance were
15 provided in fiscal year 2009.

16 (2) TRUST FUND.—If the Government of Palau
17 withdraws more than \$5,000,000 from the trust
18 fund established under section 211(f) of the Com-
19 pact, amounts to be provided under subsections (a)
20 and (b) shall be withheld from the Government of
21 Palau.

9 the Seashore.

10 NATIONAL PARK SYSTEM, SPECIAL RESOURCE STUDY

11 SEC. 125. (a) IN GENERAL.—The Secretary of the
12 Interior (referred to in this section as the “Secretary”)
13 shall conduct a special resource study of the national sig-
14 nificance, suitability, and feasibility of including the
15 Honouliuli Gulch and associated sites within the State of
16 Hawaii in the National Park System.

17 (b) GUIDELINES.—In conducting the study, the Sec-
18 retary shall use the criteria for the study of areas for po-
19 tential inclusion in the National Park System described
20 in section 8 of Public Law 91–383 (16 U.S.C. 1a–5).

1 (c) CONSULTATION.—In conducting the study, the
2 Secretary shall consult with—

3 (1) the State of Hawaii;

4 (2) appropriate Federal agencies;

5 (3) Native Hawaiian and local government enti-
6 ties;

7 (4) private and nonprofit organizations;

8 (5) private land owners; and

9 (6) other interested parties.

10 (d) THEMES.—The study shall evaluate the
11 Honouliuli Gulch, associated sites located on Oahu, and
12 other islands located in the State of Hawaii with respect
13 to—

14 (1) the significance of the site as a component
15 of World War II;

16 (2) the significance of the site as the site re-
17 lated to the forcible internment of Japanese Ameri-
18 cans, European Americans, and other individuals;
19 and

20 (3) historic resources at the site.

1 (e) REPORT.—Not later than 2 years after the date
2 of enactment of this Act, the Secretary shall submit to
3 the Committee on Natural Resources of the House of Rep-
4 resentatives and the Committee on Energy and Natural
5 Resources of the Senate a report describing the findings,

6 the development within an existing colonia the construc-
7 tion of any new home, business, or other structure which
8 lacks water, wastewater, or other necessary infrastructure.

9 ADMINISTRATIVE PROVISIONS, ENVIRONMENTAL

10 PROTECTION AGENCY

11 (INCLUDING TRANSFER AND RESCISSION OF FUNDS)

12 For fiscal year 2010, notwithstanding 31 U.S.C.
13 6303(1) and 6305(1), the Administrator of the Environ-
14 mental Protection Agency, in carrying out the Agency's
15 function to implement directly Federal environmental pro-
16 grams required or authorized by law in the absence of an
17 acceptable tribal program, may award cooperative agree-
18 ments to federally recognized Indian tribes or Intertribal
19 consortia, if authorized by their member Tribes, to assist
20 the Administrator in implementing Federal environmental
21 programs for Indian Tribes required or authorized by law,

1 except that no such cooperative agreements may be award-
2 ed from funds designated for State financial assistance
3 agreements.

4 The Administrator of the Environmental Protection
5 Agency is authorized to collect and obligate pesticide reg-
6 istration service fees in accordance with section 33 of the
7 Federal Insecticide, Fungicide, and Rodenticide Act, as
8 amended by Public Law 110-94, the Pesticide Registra-
9 tion Improvement Renewal Act.

10 Title II of Public Law 109-54, as amended by title
11 II of division E of Public Law 111-8 (123 Stat. 729),
12 is amended in the fourth paragraph under the heading
13 “Administrative Provisions” by striking “2011” and in-
14 serting “2015.”

15 The Administrator is authorized to transfer up to
16 \$475,000,000 of the funds appropriated for the Great
17 Lakes Initiative under the heading “Environmental Pro-
18 grams and Management” to the head of any Federal de-
19 partment or agency, with the concurrence of such head,
20 to carry out activities that would support the Great Lakes
21 Restoration Initiative and Great Lakes Water Quality

1 Agreement programs, projects, or activities; to enter into
2 an interagency agreement with the head of such Federal
3 department or agency to carry out these activities; and
4 to make grants to governmental entities, nonprofit organi-
5 zations, institutions, and individuals for planning, re-
6 search, monitoring, outreach, and implementation in fur-
7 therance of the Great Lakes Restoration Initiative and the
8 Great Lakes Water Quality Agreement.

9 From unobligated balances to carry out projects and
10 activities funded through the “State and Tribal Assistance
11 Grants” and “Hazardous Substance Superfund” accounts,
12 \$40,000,000 are permanently rescinded: *Provided*, That
13 no amounts may be rescinded from amounts that were
14 designated by Congress as an emergency requirement pur-
15 suant to the Concurrent Resolution on the Budget or the
16 Balanced Budget and Emergency Deficit Control Act of
17 1985, as amended.

18 Not later than 18 months after the date of enactment
19 of this Act, the Administrator, in consultation with other
20 Federal agencies, shall carry out and submit to Congress
21 the results of a study on domestic and international black

1 carbon emissions that shall include an inventory of the
2 major sources of black carbon, an assessment of the im-
3 pacts of black carbon on global and regional climate, an
4 assessment of potential metrics and approaches for quan-
5 tifying the climatic effects of black carbon emissions (in-
6 cluding its radiative forcing and warming effects) and
7 comparing those effects to the effects of carbon dioxide
8 and other greenhouse gases, an identification of the most
9 cost-effective approaches to reduce black carbon emissions,
10 and an analysis of the climatic effects and other environ-
11 mental and public health benefits of those approaches.

12 For fiscal year 2010 the requirements of section 513
13 of the Federal Water Pollution Control Act (33 U.S.C.
14 1372) shall apply to the construction of treatment works
15 carried out in whole or in part with assistance made avail-
16 able by a State water pollution control revolving fund as
17 authorized by title VI of that Act (33 U.S.C. 1381 et seq.),
18 or with assistance made available under section 205(m)
19 of that Act (33 U.S.C. 1285(m)), or both.

1 For fiscal year 2010 the requirements of section
2 1450(e) of the Safe Drinking Water Act (42 U.S.C. 300j–
3 9(e)) shall apply to any construction project carried out

6 from excess sources, and hire of such vehicles; purchase,
7 lease, operation, maintenance, and acquisition of aircraft
8 from excess sources to maintain the operable fleet for use
9 in Forest Service wildland fire programs and other Forest
10 Service programs; notwithstanding other provisions of law,
11 existing aircraft being replaced may be sold, with proceeds
12 derived or trade-in value used to offset the purchase price
13 for the replacement aircraft; (2) services pursuant to 7
14 U.S.C. 2225, and not to exceed \$100,000 for employment
15 under 5 U.S.C. 3109; (3) purchase, erection, and alter-
16 ation of buildings and other public improvements (7
17 U.S.C. 2250); (4) acquisition of land, waters, and inter-
18 ests therein pursuant to 7 U.S.C. 428a; (5) for expenses
19 pursuant to the Volunteers in the National Forest Act of
20 1972 (16 U.S.C. 558a, 558d, and 558a note); (6) the cost
21 of uniforms as authorized by 5 U.S.C. 5901-5902; and

1 (7) for debt collection contracts in accordance with 31
2 U.S.C. 3718(c).

3 Any appropriations or funds available to the Forest
4 Service may be transferred to the Wildland Fire Manage-
5 ment appropriation for forest firefighting, emergency re-
6 habilitation of burned-over or damaged lands or waters
7 under its jurisdiction, and fire preparedness due to severe
8 burning conditions five days after the Secretary notifies
9 the House and Senate Committees on Appropriations that
10 all fire suppression funds appropriated under the headings
11 "Wildland Fire Management" and "FLAME Wildfire
12 Suppression Reserve Fund" shall be fully obligated within
13 30 days: *Provided*, That all funds used pursuant to this
14 paragraph must be replenished by a supplemental appro-
15 priation which must be requested as promptly as possible.

16 Funds appropriated to the Forest Service shall be
17 available for assistance to or through the Agency for Inter-
18 national Development in connection with forest and range-
19 land research, technical information, and assistance in for-
20 eign countries, and shall be available to support forestry
21 and related natural resource activities outside the United

1 States and its territories and possessions, including tech-
2 nical assistance, education and training, and cooperation
3 with United States and international organizations.

4 None of the funds made available to the Forest Serv-
5 ice in this Act or any other Act with respect to any fiscal
6 year shall be subject to transfer under the provisions of
7 section 702(b) of the Department of Agriculture Organic
8 Act of 1944 (7 U.S.C. 2257), section 442 of Public Law
9 106-224 (7 U.S.C. 7772), or section 10417(b) of Public
10 Law 107-107 (7 U.S.C. 8316(b)).

11 None of the funds available to the Forest Service may
12 be reprogrammed without the advance approval of the
13 House and Senate Committees on Appropriations in ac-
14 cordance with the reprogramming procedures contained in
15 the joint explanatory statement of the managers accom-
16 panying this Act.

17 Not more than \$78,350,000 of funds available to the
18 Forest Service shall be transferred to the Working Capital
19 Fund of the Department of Agriculture and not more than
20 \$19,825,000 of funds available to the Forest Service shall
21 be transferred to the Department of Agriculture for De-

1 department Reimbursable Programs, commonly referred to
2 as Greenbook charges. Nothing in this paragraph shall
3 prohibit or limit the use of reimbursable agreements re-
4 quested by the Forest Service in order to obtain services
5 from the Department of Agriculture's National Informa-
6 tion Technology Center.

7 Funds available to the Forest Service shall be avail-
8 able to conduct a program of up to \$5,000,000 for priority
9 projects within the scope of the approved budget, of which
10 \$2,500,000 shall be carried out by the Youth Conservation
11 Corps and \$2,500,000 shall be carried out under the au-
12 thority of the Public Lands Corps Healthy Forests Res-
13 toration Act of 2005, Public Law 109-154.

14 Of the funds available to the Forest Service, \$4,000
15 is available to the Chief of the Forest Service for official
16 reception and representation expenses.

17 Pursuant to sections 405(b) and 410(b) of Public
18 Law 101-593, of the funds available to the Forest Service,
19 \$3,000,000 may be advanced in a lump sum to the Na-
20 tional Forest Foundation to aid conservation partnership
21 projects in support of the Forest Service mission, without

1 regard to when the Foundation incurs expenses, for
2 projects on or benefitting National Forest System lands
3 or related to Forest Service programs: *Provided*, That the
4 Foundation shall obtain, by the end of the period of Fed-
5 eral financial assistance, private contributions to match on
6 at least one-for-one basis funds made available by the For-
7 est Service: *Provided further*, That the Foundation may
8 transfer Federal funds to Federal or a non-Federal recipi-
9 ent for a project at the same rate that the recipient has
10 obtained the non-Federal matching funds: *Provided fur-*
11 *ther*, That authorized investments of Federal funds held
12 by the Foundation may be made only in interest-bearing
13 obligations of the United States or in obligations guaran-
14 teed as to both principal and interest by the United States.

15 Pursuant to section 2(b)(2) of Public Law 98-244,
16 \$3,000,000 of the funds available to the Forest Service
17 shall be advanced to the National Fish and Wildlife Foun-
18 dation in a lump sum to aid cost-share conservation
19 projects, without regard to when expenses are incurred,
20 on or benefitting National Forest System lands or related
21 to Forest Service programs: *Provided*, That such funds

1 shall be matched on at least a one-for-one basis by the
2 Foundation or its sub-recipients: *Provided further*, That
3 the Foundation may transfer Federal funds to a Federal
4 or non-Federal recipient for a project at the same rate
5 that the recipient has obtained the non-Federal matching
6 funds.

7 Funds appropriated to the Forest Service shall be
8 available for interactions with and providing technical as-
9 sistance to rural communities and natural resource-based
10 businesses for sustainable rural development purposes.

11 Funds appropriated to the Forest Service shall be
12 available for payments to counties within the Columbia
13 River Gorge National Scenic Area, pursuant to section
14 14(c)(1) and (2), and section 16(a)(2) of Public Law 99-
15 663.

16 An eligible individual who is employed in any project
17 funded under title V of the Older American Act of 1965
18 (42 U.S.C. 3056 et seq.) and administered by the Forest
19 Service shall be considered to be a Federal employee for
20 purposes of chapter 171 of title 28, United States Code.

1 Any funds appropriated to the Forest Service may
2 be used to meet the non-Federal share requirement in sec-
3 tion 502(c) of the Older American Act of 1965 (42 U.S.C.
4 3056(c)(2)).

5 Funds available to the Forest Service, not to exceed
6 \$55,000,000, shall be assessed for the purpose of per-
7 forming fire, administrative and other facilities mainte-
8 nance. Such assessments shall occur using a square foot
9 rate charged on the same basis the agency uses to assess
10 programs for payment of rent, utilities, and other support
11 services.

12 Notwithstanding any other provision of law, any ap-
13 propriations or funds available to the Forest Service not
14 to exceed \$500,000 may be used to reimburse the Office
15 of the General Counsel (OGC), Department of Agri-
16 culture, for travel and related expenses incurred as a re-
17 sult of OGC assistance or participation requested by the
18 Forest Service at meetings, training sessions, management
19 reviews, land purchase negotiations and similar non-litiga-
20 tion related matters. Future budget justifications for both
21 the Forest Service and the Department of Agriculture

1 should clearly display the sums previously transferred and
2 the requested funding transfers.

3 The 19th unnumbered paragraph under heading
4 “Administrative Provisions, Forest Service” in title III of
5 the Department of the Interior, Environment, and Related
6 Agencies Appropriations Act, 2006, Public Law 109–54,
7 is amended by striking “2009” and inserting “2014”.

16 agency agreement between the Indian Health Service and
17 the General Services Administration: *Provided further,*
18 That not to exceed \$500,000 shall be placed in a Demoli-
19 tion Fund, to remain available until expended, and be used
20 by the Indian Health Service for the demolition of Federal
21 buildings.

1 ADMINISTRATIVE PROVISIONS, INDIAN HEALTH SERVICE

2 Appropriations provided in this Act to the Indian
3 Health Service shall be available for services as authorized
4 by 5 U.S.C. 3109 at rates not to exceed the per diem rate
5 equivalent to the maximum rate payable for senior-level
6 positions under 5 U.S.C. 5376; hire of passenger motor
7 vehicles and aircraft; purchase of medical equipment; pur-
8 chase of reprints; purchase, renovation and erection of
9 modular buildings and renovation of existing facilities;
10 payments for telephone service in private residences in the
11 field, when authorized under regulations approved by the
12 Secretary; uniforms or allowances therefor as authorized
13 by 5 U.S.C. 5901–5902; and for expenses of attendance
14 at meetings that relate to the functions or activities of the
15 Indian Health Service.

16 In accordance with the provisions of the Indian
17 Health Care Improvement Act, non-Indian patients may
18 be extended health care at all tribally administered or In-
19 dian Health Service facilities, subject to charges, and the
20 proceeds along with funds recovered under the Federal
21 Medical Care Recovery Act (42 U.S.C. 2651–2653) shall

1 be credited to the account of the facility providing the
2 service and shall be available without fiscal year limitation.
3 Notwithstanding any other law or regulation, funds trans-
4 ferred from the Department of Housing and Urban Devel-
5 opment to the Indian Health Service shall be administered
6 under Public Law 86-121, the Indian Sanitation Facilities
7 Act and Public Law 93-638, as amended.

8 Funds appropriated to the Indian Health Service in
9 this Act, except those used for administrative and program
10 direction purposes, shall not be subject to limitations di-
11 rected at curtailing Federal travel and transportation.

12 None of the funds made available to the Indian
13 Health Service in this Act shall be used for any assess-
14 ments or charges by the Department of Health and
15 Human Services unless identified in the budget justifica-
16 tion and provided in this Act, or approved by the House
17 and Senate Committees on Appropriations through the re-
18 programming process.

19 Notwithstanding any other provision of law, funds
20 previously or herein made available to a tribe or tribal or-
21 ganization through a contract, grant, or agreement au-

1 thORIZED by title I or title V of the Indian Self-Determina-
2 tion and Education Assistance Act of 1975 (25 U.S.C.
3 450), may be deobligated and reobligated to a self-deter-
4 mination contract under title I, or a self-governance agree-
5 ment under title V of such Act and thereafter shall remain
6 available to the tribe or tribal organization without fiscal
7 year limitation.

8 None of the funds made available to the Indian
9 Health Service in this Act shall be used to implement the
10 final rule published in the Federal Register on September
11 16, 1987, by the Department of Health and Human Serv-
12 ices, relating to the eligibility for the health care services
13 of the Indian Health Service until the Indian Health Serv-
14 ice has submitted a budget request reflecting the increased
15 costs associated with the proposed final rule, and such re-
16 quest has been included in an appropriations Act and en-
17 acted into law.

18 With respect to functions transferred by the Indian
19 Health Service to tribes or tribal organizations, the Indian
20 Health Service is authorized to provide goods and services
21 to those entities on a reimbursable basis, including pay-

1 ments in advance with subsequent adjustment. The reim-
2 bursements received therefrom, along with the funds re-
3 ceived from those entities pursuant to the Indian Self-De-
4 termination Act, may be credited to the same or subse-
5 quent appropriation account from which the funds were
6 originally derived, with such amounts to remain available
7 until expended.

8 Reimbursements for training, technical assistance, or
9 services provided by the Indian Health Service will contain
10 total costs, including direct, administrative, and overhead
11 associated with the provision of goods, services, or tech-
12 nical assistance.

13 The appropriation structure for the Indian Health
14 Service may not be altered without advance notification
15 to the House and Senate Committees on Appropriations.

6 and 2333 of the Revised Statutes (30 U.S.C. 35, 36, and
7 37) for placer claims, and section 2337 of the Revised
8 Statutes (30 U.S.C. 42) for mill site claims, as the case
9 may be, were fully complied with by the applicant by that
10 date.

11 (c) REPORT.—On September 30, 2010, the Secretary
12 of the Interior shall file with the House and Senate Com-
13 mittees on Appropriations and the Committee on Natural
14 Resources of the House and the Committee on Energy and
15 Natural Resources of the Senate a report on actions taken
16 by the Department under the plan submitted pursuant to
17 section 314(c) of the Department of the Interior and Re-
18 lated Agencies Appropriations Act, 1997 (Public Law
19 104–208).

20 (d) MINERAL EXAMINATIONS.—In order to process
21 patent applications in a timely and responsible manner,

1 upon the request of a patent applicant, the Secretary of
2 the Interior shall allow the applicant to fund a qualified
3 third-party contractor to be selected by the Bureau of
4 Land Management to conduct a mineral examination of
5 the mining claims or mill sites contained in a patent appli-
6 cation as set forth in subsection (b). The Bureau of Land
7 Management shall have the sole responsibility to choose
8 and pay the third-party contractor in accordance with the
9 standard procedures employed by the Bureau of Land
10 Management in the retention of third-party contractors.

11 CONTRACT SUPPORT COSTS

12 SEC. 409. Notwithstanding any other provision of
13 law, amounts appropriated to or otherwise designated in
14 committee reports for the Bureau of Indian Affairs and
15 the Indian Health Service by Public Laws 103-138, 103-
16 332, 104-134, 104-208, 105-83, 105-277, 106-113,
17 106-291, 107-63, 108-7, 108-108, 108-447, 109-54,
18 109-289, division B and Continuing Appropriations Reso-
19 lution, 2007 (division B of Public Law 109-289, as
20 amended by Public Laws 110-5 and 110-28), Public
21 Laws 110-92, 110-116, 110-137, 110-149, 110-161,

1 110-329, 111-6, and 111-8 for payments for contract
2 support costs associated with self-determination or self-
3 governance contracts, grants, compacts, or annual funding
4 agreements with the Bureau of Indian Affairs or the In-
5 dian Health Service as funded by such Acts, are the total
6 amounts available for fiscal years 1994 through 2009 for
7 such purposes, except that the Bureau of Indian Affairs,
8 tribes and tribal organizations may use their tribal priority
9 allocations for unmet contract support costs of ongoing
10 contracts, grants, self-governance compacts, or annual
11 funding agreements.

12 FOREST MANAGEMENT PLANS

13 SEC. 410. The Secretary of Agriculture shall not be
14 considered to be in violation of subparagraph 6(f)(5)(A)
15 of the Forest and Rangeland Renewable Resources Plan-
16 ning Act of 1974 (16 U.S.C. 1604(f)(5)(A)) solely because
17 more than 15 years have passed without revision of the
18 plan for a unit of the National Forest System. Nothing
19 in this section exempts the Secretary from any other re-
20 quirement of the Forest and Rangeland Renewable Re-
21 sources Planning Act (16 U.S.C. 1600 et seq.) or any

1 other law: *Provided*, That if the Secretary is not acting
2 expeditiously and in good faith, within the funding avail-
3 able, to revise a plan for a unit of the National Forest
4 System, this section shall be void with respect to such plan
5 and a court of proper jurisdiction may order completion
6 of the plan on an accelerated basis.

7 PROHIBITION WITHIN NATIONAL MONUMENTS

8 SEC. 411. No funds provided in this Act may be ex-
9 pended to conduct preleasing, leasing and related activities
10 under either the Mineral Leasing Act (30 U.S.C. 181 et
11 seq.) or the Outer Continental Shelf Lands Act (43 U.S.C.
12 1331 et seq.) within the boundaries of a National Monu-
13 ment established pursuant to the Act of June 8, 1906 (16
14 U.S.C. 431 et seq.) as such boundary existed on January
15 20, 2001, except where such activities are allowed under
16 the Presidential proclamation establishing such monu-
17 ment.

18 INTERNATIONAL FIREFIGHTER COOPERATIVE

19 AGREEMENTS

20 SEC. 412. In entering into agreements with foreign
21 fire organizations pursuant to the Temporary Emergency

1 Wildfire Suppression Act (42 U.S.C. 1856m–1856o), the
2 Secretary of Agriculture and the Secretary of the Interior
3 are authorized to enter into reciprocal agreements in
4 which the individuals furnished under said agreements to
5 provide wildfire services are considered, for purposes of
6 tort liability, employees of the fire organization receiving
7 said services when the individuals are engaged in fire sup-
8 pression or presuppression: *Provided*, That the Secretary
9 of Agriculture or the Secretary of the Interior shall not
10 enter into any agreement under this provision unless the
11 foreign fire organization agrees to assume any and all li-
12 ability for the acts or omissions of American firefighters
13 engaged in fire suppression or presuppression in a foreign
14 country: *Provided further*, That when an agreement is
15 reached for furnishing fire suppression or presuppression
16 services, the only remedies for acts or omissions com-
17 mitted while engaged in fire suppression or presuppression
18 shall be those provided under the laws applicable to the
19 fire organization receiving the fire suppression or
20 presuppression services, and those remedies shall be the
21 exclusive remedies for any claim arising out of fire sup-

1 pression or presuppression activities in a foreign country:
2 *Provided further*, That neither the sending country nor
3 any legal organization associated with the firefighter shall
4 be subject to any legal action, consistent with the applica-
5 ble laws governing sovereign immunity, pertaining to or
6 arising out of the firefighter's role in fire suppression or
7 presuppression, except that if the foreign fire organization
8 is unable to provide immunity under laws applicable to it,
9 it shall assume any and all liability for the United States
10 or for any legal organization associated with the American
11 firefighter, and for any and all costs incurred or assessed,
12 including legal fees, for any act or omission pertaining to
13 or arising out of the firefighter's role in fire suppression
14 or presuppression.

15 CONTRACTING AUTHORITIES

16 SEC. 413. In awarding a Federal contract with funds
17 made available by this Act, notwithstanding Federal Gov-
18 ernment procurement and contracting laws, the Secretary
19 of Agriculture and the Secretary of the Interior (the "Sec-
20 retaries") may, in evaluating bids and proposals, give con-
21 sideration to local contractors who are from, and who pro-

1 vide employment and training for, dislocated and displaced
2 workers in an economically disadvantaged rural commu-
3 nity, including those historically timber-dependent areas
4 that have been affected by reduced timber harvesting on
5 Federal lands and other forest-dependent rural commu-
6 nities isolated from significant alternative employment op-
7 portunities: *Provided*, That notwithstanding Federal Gov-
8 ernment procurement and contracting laws the Secretaries
9 may award contracts, grants or cooperative agreements to
10 local non-profit entities, Youth Conservation Corps or re-
11 lated partnerships with State, local or non-profit youth
12 groups, or small or micro-business or disadvantaged busi-
13 ness: *Provided further*, That the contract, grant, or cooper-
14 ative agreement is for forest hazardous fuels reduction,
15 watershed or water quality monitoring or restoration, wild-
16 life or fish population monitoring, or habitat restoration
17 or management: *Provided further*, That the terms “rural
18 community” and “economically disadvantaged” shall have
19 the same meanings as in section 2374 of Public Law 101-
20 624: *Provided further*, That the Secretaries shall develop
21 guidance to implement this section: *Provided further*, That

1 nothing in this section shall be construed as relieving the
2 Secretaries of any duty under applicable procurement
3 laws, except as provided in this section.

4 LIMITATION ON TAKINGS

5 SEC. 414. Unless otherwise provided herein, no funds
6 appropriated in this Act for the acquisition of lands or
7 interests in lands may be expended for the filing of dec-
8 larations of taking or complaints in condemnation without
9 the approval of the House and Senate Committees on Ap-
10 propriations: *Provided*, That this provision shall not apply
11 to funds appropriated to implement the Everglades Na-
12 tional Park Protection and Expansion Act of 1989, or to
13 funds appropriated for Federal assistance to the State of
14 Florida to acquire lands for Everglades restoration pur-
15 poses.

10 the Arts and the Humanities Act of 1965 (Public Law
11 89–209, 20 U.S.C. 955), as amended, is further amended
12 as follows:

13 (1) In the first sentence of subsection (b)(1)(C),
14 by striking “14” and inserting in lieu thereof “18”;
15 and

16 (2) In the second sentence of subsection (d)(1),
17 by striking “Eight” and inserting in lieu thereof
18 “Ten”.

1 NATIONAL CAPITAL ARTS AND CULTURAL AFFAIRS
2 AUTHORIZATION

3 SEC. 418. The item relating to “National Capital
4 Arts and Cultural Affairs” in the Department of the Inte-
5 rior and Related Agencies Appropriations Act, 1986, as
6 enacted into law by section 101(d) of Public Law 99–190
7 (99 Stat. 1261; 20 U.S.C. 956a), is amended—

8 (1) in the second sentence of the first para-
9 graph, by striking “\$7,500,000” and inserting

12 graph, by striking “\$500,000” and inserting
13 “\$650,000”.

14 ALASKA NATIVE HEALTH CARE SERVICES

15 SEC. 419. (a) Notwithstanding any other provision
16 of law and until October 1, 2011, the Indian Health Serv-
17 ice may not disburse funds for the provision of health care
18 services pursuant to Public Law 93–638 (25 U.S.C. 450
19 et seq.) to any Alaska Native village or Alaska Native vil-
20 lage corporation that is located within the area served by
21 an Alaska Native regional health entity.

1 (b) Nothing in this section shall be construed to pro-
2 hibit the disbursal of funds to any Alaska Native village
3 or Alaska Native village corporation under any contract
4 or compact entered into prior to May 1, 2006, or to pro-
5 hibit the renewal of any such agreement.

6 (c) For the purpose of this section, Eastern Aleutian
7 Tribes, Inc., the Council of Athabascan Tribal Govern-
8 ments, and the Native Village of Eyak shall be treated
9 as Alaska Native regional health entities to which funds
10 may be disbursed under this section.

11 EXTENSION OF FOREST BOTANICAL PRODUCT

12 AUTHORITIES

13 SEC. 420. Section 339(h) of the Department of the
14 Interior and Related Agencies Appropriations Act, 2000,
15 as amended, concerning a pilot program for the sale of
16 forest botanical products by the Forest Service, is further
17 amended by striking "September 30, 2009" and inserting
18 "September 30, 2014".

19 TIMBER SALE REQUIREMENTS

20 SEC. 421. The Forest Service shall use the residual
21 value approach to appraising all timber sales in Alaska's

1 Region 10 that contain a component of Western red cedar
2 and shall only offer sales that contain a component of
3 Western red cedar that are not deficit. Western red cedar
4 shall be appraised using lower 48 State domestic values
5 if the timber might be eligible for shipment to the lower
6 48 States. All of the Western red cedar timber from those
7 sales which is surplus to the needs of domestic processors
8 in Alaska shall be made available to domestic processors
9 in the contiguous 48 United States at prevailing domestic
10 prices in the contiguous 48 United States. Western red
11 cedar shall be deemed "surplus to the needs of domestic
12 processors in Alaska" if the Forest Service determines it
13 is surplus or if the timber sale holder has presented to
14 the Forest Service documentation that the Forest Service
15 determines is valid of the inability to sell Western red
16 cedar logs from a given sale to domestic Alaska processors
17 at a price equal to or greater than the log selling value
18 stated in the contract. All additional Western red cedar
19 volume not sold to Alaska or to contiguous 48 United
20 States domestic processors may be exported to foreign
21 markets if the Forest Service determines it is surplus to

1 the needs of the 50 States. All Alaska yellow cedar may
2 be sold at prevailing export prices if the Forest Service
3 determines it is surplus to the needs of the 50 States.

4 COLORADO COOPERATIVE CONSERVATION AUTHORITY

15 in fiscal year 2010 from sales, bonuses, rentals, and royal-
16 ties under the Geothermal Steam Act of 1970 shall be dis-
17 posed of as provided by section 20 of that Act (30 U.S.C.
18 1019), as in effect immediately before enactment of the
19 Energy Policy Act of 2005 (Public Law 109–58), and
20 without regard to the amendments contained in sections

1 224(b) and section 234 of the Energy Policy Act of 2005
2 (42 U.S.C. 17673).

3 PROHIBITION ON USE OF FUNDS

4 SEC. 424. Notwithstanding any other provision of
5 law, none of the funds made available in this Act or any
6 other Act may be used to promulgate or implement any
7 regulation requiring the issuance of permits under title V
8 of the Clean Air Act (42 U.S.C. 7661 et seq.) for carbon
9 dioxide, nitrous oxide, water vapor, or methane emissions
10 resulting from biological processes associated with live-
11 stock production.

12 GREENHOUSE GAS REPORTING RESTRICTIONS

13 SEC. 425. Notwithstanding any other provision of
14 law, none of the funds made available in this or any other
15 Act may be used to implement any provision in a rule,
16 if that provision requires mandatory reporting of green-
17 house gas emissions from manure management systems.

18 REPORT ON USE OF CLIMATE CHANGE FUNDS

19 SEC. 426. Not later than 120 days after the date on
20 which the President's fiscal year 2011 budget request is

1 submitted to Congress, the President shall submit a report
2 to the Committee on Appropriations of the House of Rep-
3 resentatives and the Committee on Appropriations of the
4 Senate describing in detail all Federal agency obligations
5 and expenditures, domestic and international, for climate
6 change programs and activities in fiscal year 2009 and
7 fiscal year 2010, including an accounting of expenditures
8 by agency with each agency identifying climate change ac-
9 tivities and associated costs by line item as presented in
10 the President's Budget Appendix.

11 PROHIBITION ON USE OF FUNDS

12 SEC. 427. None of the funds made available under
13 this Act may be distributed to the Association of Commu-

19 who is detained, as of June 24, 2009, at Naval Station,
20 Guantanamo Bay, Cuba, into the continental United
21 States, Alaska, Hawaii, or the District of Columbia, into

1 any of the United States territories of Guam, American
2 Samoa (AS), the United States Virgin Islands (USVI), the
3 Commonwealth of Puerto Rico and the Commonwealth of
4 the Northern Mariana Islands (CNMI).

5 (b) None of the funds made available in this or any
6 other Act may be used to transfer an individual who is
7 detained, as of June 24, 2009, at Naval Station, Guanta-
8 namo Bay, Cuba, into the continental United States, Alas-
9 ka, Hawaii, or the District of Columbia, into any of the
10 United States territories of Guam, American Samoa (AS),
11 the United States Virgin Islands (USVI), the Common-
12 wealth of Puerto Rico and the Commonwealth of the
13 Northern Mariana Islands (CNMI), for the purpose of de-
14 tention, except as provided in subsection (c).

15 (c) None of the funds made available in this or any
16 other Act may be used to transfer an individual who is
17 detained, as of June 24, 2009, at Naval Station, Guanta-
18 namo Bay, Cuba, into the continental United States, Alas-
19 ka, Hawaii, or the District of Columbia, into any of the
20 United States territories of Guam, American Samoa (AS),
21 the United States Virgin Islands (USVI), the Common-

1 wealth of Puerto Rico and the Commonwealth of the
2 Northern Mariana Islands (CNMI), for the purposes of
3 prosecuting such individual, or detaining such individual
4 during legal proceedings, until 45 days after the plan de-
5 scribed in subsection (d) is received.

6 (d) The President shall submit to Congress, in classi-
7 fied form, a plan regarding the proposed disposition of any
8 individual covered by subsection (c) who is detained as of
9 June 24, 2009. Such plan shall include, at a minimum,
10 each of the following for each such individual:

11 (1) A determination of the risk that the indi-
12 vidual might instigate an act of terrorism within the
13 continental United States, Alaska, Hawaii, the Dis-
14 trict of Columbia, or the United States territories if
15 the individual were so transferred.

16 (2) A determination of the risk that the indi-
17 vidual might advocate, coerce, or incite violent extre-
18 mism, ideologically motivated criminal activity, or
19 acts of terrorism, among inmate populations at in-
20 carceration facilities within the continental United
21 States, Alaska, Hawaii, the District of Columbia, or

1 the United States territories if the individual were
2 transferred to such a facility.

3 (3) The costs associated with transferring the
4 individual in question.

5 (4) The legal rationale and associated court de-
6 mands for transfer.

7 (5) A plan for mitigation of any risks described
8 in paragraphs (1), (2), and (7).

9 (6) A copy of a notification to the Governor of
10 the State to which the individual will be transferred,
11 to the Mayor of the District of Columbia if the indi-
12 vidual will be transferred to the District of Colum-
13 bia, or to any United States territories with a certifi-
14 cation by the Attorney General of the United States
15 in classified form at least 14 days prior to such
16 transfer (together with supporting documentation
17 and justification) that the individual poses little or
18 no security risk to the United States.

19 (7) An assessment of any risk to the national
20 security of the United States or its citizens, includ-
21 ing members of the Armed Services of the United

1 States, that is posed by such transfer and the ac-
2 tions taken to mitigate such risk.

3 (e) None of the funds made available in this or any
4 other Act may be used to transfer or release an individual
5 detained at Naval Station, Guantanamo Bay, Cuba, as of
6 June 24, 2009, to the country of such individual's nation-
7 ality or last habitual residence or to any other country
8 other than the United States or to a freely associated
9 State, unless the President submits to the Congress, in
10 classified form, at least 15 days prior to such transfer or
11 release, the following information:

12 (1) The name of any individual to be trans-
13 ferred or released and the country or the freely asso-
14 ciated State to which such individual is to be trans-
15 ferred or released.

16 (2) An assessment of any risk to the national
17 security of the United States or its citizens, includ-
18 ing members of the Armed Services of the United
19 States, that is posed by such transfer or release and
20 the actions taken to mitigate such risk.

1 (1) how long it would take waste seepage (in-
2 cluding asbestos, discarded tires, and sludge from
3 water treatment plants) from the site to contaminate
4 local underground water resources;

5 (2) the distance that contamination from the
6 site would travel in each of—

7 (A) 95 years; and

8 (B) 190 years;

9 (3) the potential impact of expected waste seep-
10 age from the site on nearby surface water resources,
11 including Rye Patch Reservoir and the Humboldt
12 River;

13 (4) the size and elevation of the aquifers; and

14 (5) any impact that the waste seepage from the
15 site would have on the municipal water resources of
16 Winnemucca, Nevada.

17 BUYOUT AND RELOCATION

18 SEC. 430. (a) As soon as practicable after the date
19 of enactment of this Act, the Administrator of the Envi-
20 ronmental Protection Agency (referred to in this section
21 as the “Administrator”) is encouraged to consider all ap-

1 appropriate criteria relating to the buyout and relocation of
2 residents of properties in Treece, Kansas, that are subject
3 to risk relating to, and that may endanger the health of
4 occupants as a result of risks posed by, chat (as defined
5 in section 278.1(b) of title 40, Code of Federal Regula-
6 tions (as in effect on the date of enactment of this Act)).

7 (b) For the purpose of the remedial action under the
8 Comprehensive Environmental Response, Compensation,
9 and Liability Act of 1980 (42 U.S.C. 9601 et seq.) that
10 includes permanent relocation of residents of Treece, Kan-
11 sas, any such relocation shall not be subject to the Uni-
12 form Relocation Assistance and Real Property Acquisition
13 Policies Act of 1970 (42 U.S.C. 4601 et seq.).

14 (c) Nothing in this section shall in any way affect,
15 impede, or change the relocation or remediation activities
16 pursuant to the Record of Decision Operable Unit 4, Chat
17 Piles, Other Mine and Mill Waste, and Smelter Waste,
18 Tar Creek Superfund Site, Ottawa County, Oklahoma
19 (OKD980629844) issued by the Environmental Protec-

3 law, none of the funds made available by this or any other
4 Act may be used by the Secretary of Agriculture to in-
5 crease a recreation residence user fee for calendar year
6 2010 by more than 25 percent of the recreation residence
7 user fee applicable to the recreation residence for calendar
8 year 2009.

9 PROHIBITION ON NO-BID CONTRACTS

10 SEC. 434. None of the funds appropriated or other-
11 wise made available by this Act to executive branch agen-
12 cies may be used to enter into any Federal contract unless
13 such contract is entered into in accordance with the re-
14 quirements of the Federal Property and Administrative
15 Service Act of 1949 (41 U.S.C. 253) or chapter 137 of
16 title 10, United States Code, and the Federal Acquisition
17 Regulations, unless:

18 (1) Federal law specifically authorizes a con-
19 tract to be entered into without regard for these re-
20 quirements, including formula grants for States, or
21 federally recognized Indian tribes; or

1 (c) The head of the agency posting such report shall
2 do so only after such report has been made available to

9 NATIONAL ENDOWMENT FOR THE ARTS PROGRAM

10 PRIORITIES

11 SEC. 439. (a) In providing services or awarding fi-
12 nancial assistance under the National Foundation on the
13 Arts and the Humanities Act of 1965 from funds appro-
14 priated under this Act, the Chairperson of the National
15 Endowment for the Arts shall ensure that priority is given
16 to providing services or awarding financial assistance for
17 projects, productions, workshops, or programs that serve
18 underserved populations.

19 (b) In this section:

20 (1) The term “underserved population” means
21 a population of individuals, including urban minori-

1 ties, who have historically been outside the purview
2 of arts and humanities programs due to factors such
3 as a high incidence of income below the poverty line
4 or to geographic isolation.

5 (2) The term “poverty line” means the poverty
6 line (as defined by the Office of Management and
7 Budget, and revised annually in accordance with sec-
8 tion 673(2) of the Community Services Block Grant
9 Act (42 U.S.C. 9902(2)) applicable to a family of
10 the size involved.

11 (c) In providing services and awarding financial as-
12 sistance under the National Foundation on the Arts and
13 Humanities Act of 1965 with funds appropriated by this
14 Act, the Chairperson of the National Endowment for the
15 Arts shall ensure that priority is given to providing serv-
16 ices or awarding financial assistance for projects, produc-
17 tions, workshops, or programs that will encourage public
18 knowledge, education, understanding, and appreciation of
19 the arts.

1 (d) With funds appropriated by this Act to carry out
2 section 5 of the National Foundation on the Arts and Hu-
3 manities Act of 1965—

4 (1) the Chairperson shall establish a grant cat-
5 egory for projects, productions, workshops, or pro-
6 grams that are of national impact or availability or
7 are able to tour several States;

8 (2) the Chairperson shall not make grants ex-
9 ceeding 15 percent, in the aggregate, of such funds
10 to any single State, excluding grants made under the
11 authority of paragraph (1);

12 (3) the Chairperson shall report to the Con-
13 gress annually and by State, on grants awarded by
14 the Chairperson in each grant category under sec-
15 tion 5 of such Act; and

16 (4) the Chairperson shall encourage the use of
17 grants to improve and support community-based
18 music performance and education.

1 ENERGY AND WATER DEVELOPMENT, TECHNICAL
2 CORRECTION

3 SEC. 440. Section 208(a)(2)(E) of the Energy and
4 Water Development and Related Agencies Appropriations
5 Act, 2010 is amended by striking “\$45,000,000” and in-
6 serting “\$5,000,000”.

7 AWARDS TO FOR-PROFIT ENTITIES

8 SEC. 441. Specific projects contained in the report
9 of the Committee on Appropriations of the House of Rep-
10 resentatives accompanying this Act (H. Rept. 111-180)
11 that are considered congressional earmarks for purposes
12 of clause 9 of rule XXI of the Rules of the House of Rep-
13 resentatives, when intended to be awarded to a for-profit
14 entity, shall be awarded under a full and open competition.

15 PROHIBITION ON USE OF FUNDS

16 SEC. 442. None of the funds made available for the
17 Environmental Protection Agency in this Act may be ex-
18 pended by the Administrator of the Environmental Protec-
19 tion Agency to issue a final rule that includes fuel sulfur
20 standards applicable to existing steamships that operate

1 exclusively within the Great Lakes, and their connecting
2 and tributary waters.

3 AUTHORIZATION FOR REFINANCING

4 SEC. 443. The Administrator of the Environmental
5 Protection Agency shall allow the State of Mississippi to
6 refinance the Clean Water State Revolving Loans made
7 to the Hancock Water and Sewer District and the Han-
8 cock Utility Authority for a period not to exceed one year
9 with the payment schedule amortized over that additional
10 period.

11 INCORPORATION OF CONGRESSIONALLY REQUESTED
12 PROJECTS

13 SEC. 444. Within the amounts appropriated in this
14 Act, funding shall be allocated in the amounts specified
15 for those projects and purposes delineated in the table ti-
16 tled "Incorporation of Congressionally Requested
17 Projects" included in the joint explanatory statement of
18 the managers accompanying this Act, except that such
19 funding appropriated for land acquisition, construction,
20 and capital improvement and maintenance may be reallo-
21 cated to other projects in that table funded by the same

1 appropriation account if such reallocation has been ap-
2 proved by the House and Senate Committees on Appro-
3 priations; and, such funding appropriated for “National
4 Park Service—Historic Preservation Fund” for Save
5 America’s Treasures grants may be reallocated to be used
6 for competitive grants under the Save America’s Treas-
7 ures program if such reallocation has been approved by
8 the House and Senate Committees on Appropriations.

1 Rangeland Renewable Resources Planning Act
2 of 1974 (16 U.S.C. 1609(a)).

3 (2) FLAME FUND.—The term “FLAME
4 Fund” means a FLAME Wildfire Suppression Re-
5 serve Fund established by subsection (b).

6 (3) RELEVANT CONGRESSIONAL COMMIT-
7 TEES.—The term “relevant congressional commit-
8 tees” means the Committee on Appropriations, the
9 Committee on Natural Resources, and the Com-
10 mittee on Agriculture of the House of Representa-
11 tives and the Committee on Appropriations, the
12 Committee on Energy and Natural Resources, and
13 the Committee on Indian Affairs of the Senate.

14 (4) SECRETARY CONCERNED.—The term “Sec-
15 retary concerned” means—

16 (A) the Secretary of the Interior, with re-
17 spect to—

18 (i) Federal land described in subpara-
19 graphs (A), (B), (C), and (D) of para-
20 graph (1); and

1 (ii) the FLAME Fund established for
2 the Department of the Interior; and

3 (B) the Secretary of Agriculture, with re-
4 spect to—

5 (i) National Forest System land; and

6 (ii) the FLAME Fund established for
7 the Department of the Agriculture.

8 (b) ESTABLISHMENT OF FLAME FUNDS.—There is
9 established in the Treasury of the United States the fol-
10 lowing accounts:

11 (1) The FLAME Wildfire Suppression Reserve
12 Fund for the Department of the Interior.

13 (2) The FLAME Wildfire Suppression Reserve
14 Fund for the Department of Agriculture.

15 (c) PURPOSE OF FLAME FUNDS.—The FLAME
16 Funds shall be available to cover the costs of large or com-
17 plex wildfire events and as a reserve when amounts pro-
18 vided for wildfire suppression and Federal emergency re-
19 sponse in the Wildland Fire Management appropriation
20 accounts are exhausted.

21 (d) FUNDING.—

1 (1) CREDITS TO FUNDS.—A FLAME Fund
2 shall consist of the following:

3 (A) Such amounts as are appropriated to
4 that FLAME Fund.

5 (B) Such amounts as are transferred to
6 that FLAME Fund under paragraph (5).

7 (2) AUTHORIZATION OF APPROPRIATIONS.—

8 (A) AUTHORIZATION OF APPROPRIA-
9 TIONS.—There are authorized to be appro-
10 priated to the FLAME Funds such amounts as
11 are necessary to carry out this section.

12 (B) CONGRESSIONAL INTENT.—It is the
13 intent of Congress that, for fiscal year 2011
14 and each fiscal year thereafter, the amounts re-
15 quested by the President for a FLAME Fund
16 should be not less than the amount estimated
17 by the Secretary concerned as the amount nec-
18 essary for that fiscal year for wildfire suppres-
19 sion activities of the Secretary that meet the
20 criteria specified in subsection (e)(2)(B)(i).

1 (C) SENSE OF CONGRESS ON DESIGNINATION
2 OF FLAME FUND APPROPRIATIONS, SUPPLE-
3 MENTAL FUNDING REQUEST, AND SUPPLEMENT
4 TO OTHER SUPPRESSION FUNDING.—It is the
5 sense of Congress that for fiscal year 2011 and
6 each fiscal year thereafter—

7 (i) amounts appropriated to a
8 FLAME Fund in excess of the amount es-
9 timated by the Secretary concerned as the
10 amount necessary for that fiscal year for
11 wildfire suppression activities of the Sec-
12 retary that meet the criteria specified in
13 subsection (e)(2)(B)(i) should be des-
14 ignated as amounts necessary to meet
15 emergency needs;

16 (ii) the Secretary concerned should
17 promptly make a supplemental request for
18 additional funds to replenish the FLAME
19 Fund if the Secretary determines that the
20 FLAME Fund will be exhausted within 30
21 days; and

1 (iii) funding made available through
2 the FLAME Fund should be used to sup-
3 plement the funding otherwise appro-
4 priated to the Secretary concerned for
5 wildfire suppression and Federal emer-
6 gency response in the Wildland Fire Man-
7 agement appropriation accounts.

8 (3) AVAILABILITY.—Amounts in a FLAME
9 Fund shall remain available to the Secretary con-
10 cerned until expended.

11 (4) NOTICE OF INSUFFICIENT FUNDS.—The
12 Secretary concerned shall notify the relevant con-
13 gressional committees if the Secretary estimates that
14 only 60 days worth of funds remain in the FLAME
15 Fund administered by that Secretary.

16 (5) TRANSFER AUTHORITY.—If a FLAME
17 Fund has insufficient funds, the Secretary concerned
18 administering the other FLAME Fund may transfer
19 amounts to the FLAME Fund with insufficient
20 funds. Not more than \$100,000,000 may be trans-

1 ferred from a FLAME Fund during any fiscal year
2 under this authority.

3 (e) USE OF FLAME FUND.—

4 (1) IN GENERAL.—Subject to paragraphs (2)
5 and (3), amounts in a FLAME Fund shall be avail-
6 able to the Secretary concerned to transfer to the
7 Wildland Fire Management appropriation account of
8 that Secretary to pay the costs of wildfire suppres-
9 sion activities of that Secretary that are separate
10 from amounts for wildfire suppression activities an-
11 nually appropriated to that Secretary under the
12 Wildland Fire Management appropriation account of
13 that Secretary.

14 (2) DECLARATION REQUIRED.—

15 (A) IN GENERAL.—Amounts in a FLAME
16 Fund shall be available for transfer under para-
17 graph (1) only after that Secretary concerned
18 issues a declaration that a wildfire suppression
19 event is eligible for funding from the FLAME
20 Fund.

1 (B) DECLARATION CRITERIA.—A declara-
2 tion by the Secretary concerned under subpara-
3 graph (A) may be issued only if—

4 (i) in the case of an individual wildfire
5 incident—

6 (I) the fire covers 300 or more
7 acres; or

8 (II) the Secretary concerned de-
9 termines that the fire has required an
10 emergency Federal response based on
11 the significant complexity, severity, or
12 threat posed by the fire to human life,
13 property, or resources; or

14 (ii) the cumulative costs of wildfire
15 suppression and Federal emergency re-
16 sponse activities for the Secretary con-
17 cerned will exceed, within 30 days, all of
18 the amounts previously appropriated (in-
19 cluding amounts appropriated under an
20 emergency designation, but excluding
21 amounts appropriated to the FLAME

1 Fund) to the Secretary concerned for wild-
2 fire suppression and Federal emergency re-
3 sponse.

4 (3) STATE, PRIVATE, AND TRIBAL LAND.—Use
5 of a FLAME Fund for emergency wildfire suppres-
6 sion activities on State land, private land, and tribal
7 land shall be consistent with any existing agree-
8 ments in which the Secretary concerned has agreed
9 to assume responsibility for wildfire suppression ac-
10 tivities on the land.

11 (f) TREATMENT OF ANTICIPATED AND PREDICTED
12 ACTIVITIES.—For fiscal year 2011 and subsequent fiscal
13 years, the Secretary concerned shall request funds within
14 the Wildland Fire Management appropriation account of
15 that Secretary for regular wildfire suppression activities
16 that do not meet the criteria specified in subsection
17 (e)(2)(B)(i).

18 (g) PROHIBITION ON OTHER TRANSFERS.—The Sec-
19 retary concerned may not transfer funds from non-fire ac-
20 counts to the Wildland Fire Management appropriation
21 account of that Secretary unless amounts in the FLAME

1 Fund of that Secretary and any amounts appropriated to
2 that Secretary for the purpose of wildfire suppression will
3 be exhausted within 30 days.

4 (h) ACCOUNTING AND REPORTS.—

5 (1) ACCOUNTING AND REPORTING REQUIRE-
6 MENTS.—The Secretary concerned shall account and
7 report on amounts transferred from the respective
8 FLAME Fund in a manner that is consistent with
9 existing National Fire Plan reporting procedures.

10 (2) ANNUAL REPORT.—The Secretary con-
11 cerned shall submit to the relevant congressional
12 committees and make available to the public an an-
13 nual report that—

14 (A) describes the obligation and expendi-
15 ture of amounts transferred from the FLAME
16 Fund; and

17 (B) includes any recommendations that the
18 Secretary concerned may have to improve the
19 administrative control and oversight of the
20 FLAME Fund.

1 (3) ESTIMATES OF WILDFIRE SUPPRESSION
2 COSTS TO IMPROVE BUDGETING AND FUNDING.—

3 (A) IN GENERAL.—Consistent with the
4 schedule provided in subparagraph (C), the Sec-
5 retary concerned shall submit to the relevant
6 congressional committees an estimate of antici-
7 pated wildfire suppression costs for the applica-
8 ble fiscal year.

9 (B) INDEPENDENT REVIEW.—The method-
10 ology for developing the estimates under sub-
11 paragraph (A) shall be subject to periodic inde-
12 pendent review to ensure compliance with sub-
13 paragraph (D).

14 (C) SCHEDULE.—The Secretary concerned
15 shall submit an estimate under subparagraph
16 (A) during—

17 (i) the first week of March of each
18 year;

19 (ii) the first week of May of each
20 year;

1 (iii) the first week of July of each
2 year; and

3 (iv) if a bill making appropriations for
4 the Department of the Interior and the
5 Forest Service for the following fiscal year
6 has not been enacted by September 1, the
7 first week of September of each year.

8 (D) REQUIREMENTS.—An estimate of an-
9 ticipated wildfire suppression costs shall be de-
10 veloped using the best available—

11 (i) climate, weather, and other rel-
12 evant data; and

13 (ii) models and other analytic tools.

14 (i) TERMINATION OF AUTHORITY.—The authority of
15 the Secretary concerned to use the FLAME Fund estab-
16 lished for that Secretary shall terminate at the end of the
17 third fiscal year in which no appropriations to, or with-
18 draws from, that FLAME Fund have been made for a
19 period of three consecutive fiscal years. Upon termination
20 of such authority, any amounts remaining in the affected
21 FLAME Fund shall be transferred to, and made a part

1 of, the Wildland Fire Management appropriation account
2 of the Secretary concerned for wildland suppression activi-
3 ties.

4 **SEC. 503. COHESIVE WILDFIRE MANAGEMENT STRATEGY.**

5 (a) STRATEGY REQUIRED.—Not later than one year
6 after the date of enactment of this Act, the Secretary of
7 the Interior and the Secretary of Agriculture, acting joint-
8 ly, shall submit to Congress a report that contains a cohe-
9 sive wildfire management strategy, consistent with the rec-
10 ommendations described in recent reports of the Govern-
11 ment Accountability Office regarding management strate-
12 gies.

13 (b) ELEMENTS OF STRATEGY.—The strategy re-
14 quired by subsection (a) shall provide for—

15 (1) the identification of the most cost-effective
16 means for allocating fire management budget re-
17 sources;

18 (2) the reinvestment in non-fire programs by
19 the Secretary of the Interior and the Secretary of
20 Agriculture;

1 (3) employing the appropriate management re-
2 sponse to wildfires;

3 (4) assessing the level of risk to communities;

4 (5) the allocation of hazardous fuels reduction
5 funds based on the priority of hazardous fuels reduc-
6 tion projects;

7 (6) assessing the impacts of climate change on
8 the frequency and severity of wildfire; and

9 (7) studying the effects of invasive species on
10 wildfire risk.

11 (c) REVISION.—At least once during each five-year
12 period beginning on the date of the submission of the co-
13 hesive wildfire management strategy under subsection (a),
14 the Secretary of the Interior and the Secretary of Agri-
15 culture shall revise the strategy to address any changes
16 affecting the strategy, including changes with respect to
17 landscape, vegetation, climate, and weather.

7 SEC. 102. Section 129 of the Continuing Appropria-
8 tions Resolution, 2010 (division B of Public Law 111–68)
9 is amended by striking “2009” and inserting “2008”, and
10 such amendment shall apply as if included in such public
11 law on the date of its enactment.

12 SEC. 103. Subsections (c)(1) and (e)(3) of section
13 9503, and subparagraphs (A), (B), and (C) of section
14 9504(b)(2), of the Internal Revenue Code of 1986 are
15 each amended by inserting “the last amendment to” after
16 “on the date of the enactment of”.

17 SEC. 104. The Continuing Appropriations Resolution,
18 2010 (division B of Public Law 111–68) is amended by
19 adding after section 164 the following new sections:

20 “SEC. 165. In addition to amounts provided in sec-
21 tion 101, amounts are provided for ‘Small Business Ad-
22 ministration—Business Loans Program Account’, for the
23 cost (as defined in section 502 of the Congressional Budg-
24 et Act of 1974) of guaranteed loans as authorized by sec-

1 tion 7(a) of the Small Business Act, at a rate for oper-
2 ations of \$80,000,000.

3 “SEC. 166. (a) LOAN LIMIT FLOOR BASED ON 2008
4 LEVELS.—For mortgages for which the mortgagee issues
5 credit approval for the borrower during calendar year
6 2010, if the dollar amount limitation on the principal obli-
7 gation of a mortgage determined under section 203(b)(2)
8 of the National Housing Act (12 U.S.C. 1709(b)(2)) for
9 any size residence for any area is less than such dollar
10 amount limitation that was in effect for such size resi-
11 dence for such area for 2008 pursuant to section 202 of
12 the Economic Stimulus Act of 2008 (Public Law 110–185;
13 122 Stat. 620), notwithstanding any other provision of law
14 or of this joint resolution, the maximum dollar amount
15 limitation on the principal obligation of a mortgage for
16 such size residence for such area for purposes of such sec-
17 tion 203(b)(2) shall be considered (except for purposes of
18 section 255(g) of such Act (12 U.S.C.1715z-20(g))) to be
19 such dollar amount limitation in effect for such size resi-
20 dence for such area for 2008.

21 “(b) DISCRETIONARY AUTHORITY FOR SUB-
22 AREAS.—Notwithstanding any other provision of law or
23 of this joint resolution, if the Secretary of Housing and
24 Urban Development determines, for any geographic area
25 that is smaller than an area for which dollar amount limi-

1 tations on the principal obligation of a mortgage are deter-
2 mined under section 203(b)(2) of the National Housing
3 Act, that a higher such maximum dollar amount limitation
4 is warranted for any particular size or sizes of residences
5 in such sub-area by higher median home prices in such
6 sub-area, the Secretary may, for mortgages for which the
7 mortgagee issues credit approval for the borrower during
8 calendar year 2010, increase the maximum dollar amount
9 limitation for such size or sizes of residences for such sub-
10 area that is otherwise in effect (including pursuant to sub-
11 section (a) of this section), but in no case to an amount
12 that exceeds the amount specified in section 202(a)(2) of
13 the Economic Stimulus Act of 2008.

14 “SEC. 167. (a) LOAN LIMIT FLOOR BASED ON 2008
15 LEVELS.—For mortgages originated during calendar year
16 2010, if the limitation on the maximum original principal
17 obligation of a mortgage that may be purchased by the
18 Federal National Mortgage Association or the Federal
19 Home Loan Mortgage Corporation determined under sec-
20 tion 302(b)(2) of the Federal National Mortgage Associa-
21 tion Charter Act (12 U.S.C. 1717(b)(2)) or section
22 305(a)(2) of the Federal Home Loan Mortgage Corpora-
23 tion Act (12 U.S.C.1754(a)(2)) respectively, for any size
24 residence for any area is less than such maximum original
25 principal obligation limitation that was in effect for such

1 size residence for such area for 2008 pursuant to section
2 201 of the Economic Stimulus Act of 2008 (Public Law
3 110-185; 122 Stat. 619), notwithstanding any other pro-
4 vision of law or of this joint resolution, the limitation on
5 the maximum original principal obligation of a mortgage
6 for such Association and Corporation for such size resi-
7 dence for such area shall be such maximum limitation in
8 effect for such size residence for such area for 2008.

9 “(b) DISCRETIONARY AUTHORITY FOR SUB-
10 AREAS.—Notwithstanding any other provision of law or
11 of this joint resolution, if the Director of the Federal
12 Housing Finance Agency determines, for any geographic
13 area that is smaller than an area for which limitations
14 on the maximum original principal obligation of a mort-
15 gage are determined for the Federal National Mortgage
16 Association or the Federal Home Loan Mortgage Corpora-
17 tion, that a higher such maximum original principal obli-
18 gation limitation is warranted for any particular size or
19 sizes of residences in such sub-area by higher median
20 home prices in such sub-area, the Director may, for mort-
21 gages originated during calendar year 2010, increase the
22 maximum original principal obligation limitation for such
23 size or sizes of residences for such sub-area that is other-
24 wise in effect (including pursuant to subsection (a) of this
25 section) for such Association and Corporation, but in no

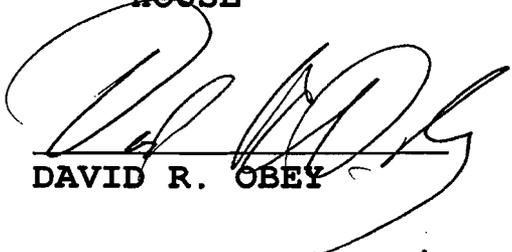

1 case to an amount that exceeds the amount specified in
2 the matter following the comma in section 201(a)(1)(B)
3 of the Economic Stimulus Act of 2008.

4 “SEC. 168. Notwithstanding any other provision of
5 this joint resolution, for mortgages for which the mort-
6 gagee issues credit approval for the borrower during cal-
7 endar year 2010, the second sentence of section 255(g)
8 of the National Housing Act (12 U.S.C. 1715z-20(g))
9 shall be considered to require that in no case may the ben-
10 efits of insurance under such section 255 exceed 150 per-
11 cent of the maximum dollar amount in effect under the
12 sixth sentence of section 305(a)(2) of the Federal Home
13 Loan Mortgage Corporation Act (12 U.S.C. 1454(a)(2)).

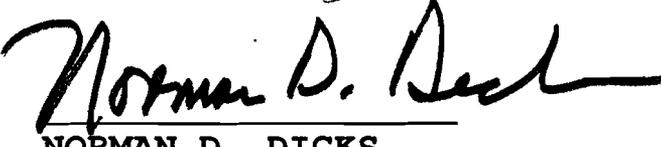

14 “SEC. 169. Notwithstanding any other provision of
15 this joint resolution, other than section 106, up to
16 \$200,000,000 of the funds provided by Public Law 111-
17 8 that are available on October 1, 2009, in the ‘Tenant-
18 Based Rental Assistance’ account may be available to ad-
19 just allocations for public housing agencies to prevent ter-
20 mination of assistance to families.”.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2996), making appropriations for the Department of the Interior, Environment and Related Agencies for the fiscal year ending September 30, 2010, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The conference agreement on H.R. 2996 incorporates some of the provisions of both the House and the Senate versions of the bill. Report language and allocations set forth in either House Report 111-180 or Senate Report 111-38 that are not changed by the conference are approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not negate the language referenced above unless expressly provided herein.

Except as expressly provided otherwise, any reference to "this Act" or "at the end of this statement" shall be treated as referring only to the provisions of this division.

DIVISION A -- DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

REPROGRAMMING GUIDELINES

The following are the procedures governing reprogramming actions for programs and activities funded in the Department of the Interior, Environment and Related Agencies Appropriations Act.

Definitions. — "Reprogramming," as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item or program area, to another within any appropriation funded in this Act. In cases where either the House or Senate Committee report displays an allocation of an appropriation below those levels, that more detailed level shall be the basis for reprogramming.

For construction, land acquisition and forest legacy accounts, a reprogramming constitutes the reallocation of funds, including unobligated balances, from one construction, land acquisition, or forest legacy project to another such project. The construction, land acquisition and forest legacy projects and amounts identified in the "Incorporation of Congressionally Requested Projects" table at the end of this statement of managers may be reprogrammed, but only pursuant to Section 444 of this Act.

A reprogramming shall also consist of any significant departure from the program described in the agency's budget justifications. This includes proposed reorganizations, especially those of significant national or regional importance, even without a change in funding. Any change to the organization table presented in the budget justification shall be subject to this requirement.

General Guidelines for Reprogramming.—

(a) A reprogramming should be made only when an unforeseen situation arises; and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.

DRAFT – NOT FOR CIRCULATION

(b) Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming; but, instead, funds should again be sought for the deferred project or activity through the regular appropriations process.

(c) Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.

(d) Reprogramming proposals submitted to the House and Senate Committees on Appropriations for approval shall be considered approved 30 calendar days after receipt if the Committees have posed no objection. However, agencies will be expected to extend the approval deadline if specifically requested by either Committee.

Criteria and Exceptions.—A reprogramming must be submitted to the Committees in writing prior to implementation if it exceeds \$1,000,000 annually or results in an increase or decrease of more than 10 percent annually in affected programs, with the following exceptions:

(a) With regard to the Tribal priority allocations of the Bureau of Indian Affairs, there is no restriction on reprogrammings among these programs. However, the Bureau shall report on all reprogrammings made during a given fiscal year no later than 60 days after the end of the fiscal year.

(b) With regard to the Environmental Protection Agency, State and Tribal Assistance Grants account, the Committee does not require reprogramming requests associated with States and Tribes Partnership Grants.

Assessments.—“Assessment” as defined in these procedures shall refer to any charges, reserves, or holdbacks applied to a budget activity or budget line item for costs associated with general agency administrative costs, overhead costs, working capital expenses, or contingencies.

(a) No assessment shall be levied against any program, budget activity, subactivity, budget line item, or project funded by the Interior, Environment, and Related Agencies Appropriations Act unless such assessment and the basis therefore are presented to the Committees on Appropriations in the budget justifications and are subsequently approved by the Committees. The explanation for any assessment in the budget justification shall show the amount of the assessment, the activities assessed, and the purpose of the funds.

(b) Proposed changes to estimated assessments, as such estimates were presented in annual budget justifications, shall be submitted through the reprogramming process and shall be subject to the same dollar and reporting criteria as any other reprogramming.

(c) The Committees direct that each agency or bureau which utilizes assessments shall submit an annual report to the Committees which provides details on the use of all funds assessed from any other budget activity, line item, subactivity, or project.

(d) In no case shall contingency funds or assessments be used to finance projects and activities disapproved or limited by Congress, or to finance programs or activities that could be foreseen and included in the normal budget review process.

Quarterly Reports.— All reprogrammings between budget activities, budget line-items, program areas or the more detailed activity levels shown in the Statement of the Managers, including those below the monetary thresholds established above, shall be reported to the Committees

DRAFT – NOT FOR CIRCULATION

within 60 days of the end of each quarter and shall include cumulative totals for each budget activity, budget line item, or construction, land acquisition, or forest legacy project.

Land Acquisitions, Easements, and Forest Legacy.—Lands shall not be acquired for more than the approved appraised value (as addressed in section 301(3) of Public Law 91–646), unless such acquisitions are submitted to the Committees on Appropriations for approval in compliance with these procedures.

Land Exchanges.—Land exchanges, wherein the estimated value of the Federal lands to be exchanged is greater than \$1,000,000, shall not be consummated until the Committees have had a 30-day period in which to examine the proposed exchange. In addition, the Committee shall be provided advance notification of exchanges valued between \$500,000 and \$1,000,000.

Budget Structure.—The budget activity or line item structure for any agency appropriation account shall not be altered without advance approval of the House and Senate Committees on Appropriations.

Report Language.—Any limitation or directive contained in either the House or Senate report which is not contradicted by the other report nor specifically denied in the conference report shall be considered as having been approved by both Houses of Congress.

RENEWABLE ENERGY and PUBLIC LANDS

The conferees understand that renewable energy will become a more significant source of power for the Nation and that the Department of the Interior and the Forest Service will play a prominent role in its development. However, the conferees are concerned about the impacts these projects may have on the landscape and water resources, particularly those for wind and solar power. Proposed solar projects can each cover several square miles and the newest wind turbines are over 500 feet tall. Appropriate siting of these projects and cost-appropriate size limitations are critical to ensuring that the pristine landscapes, limited water resources, and magnificent views of the country's public lands and coastlines are protected.

Accordingly, within 180 days of enactment, the conferees direct the Department of the Interior to submit a report in consultation with the Forest Service on the criteria used for siting renewable energy projects, including the extent to which protection of scenic landscapes, ridgetops, water resources, habitat including that for endangered species, and shorelines will be considered. The report should also provide a detailed strategic plan on how the Department and the Forest Service will coordinate the development of such projects, particularly in areas where there is mixed ownership or management by the Department of the Interior, Forest Service, Department of Defense, and non-Federal landowners. Additionally, the report should identify specifically what areas of the public lands and the Outer Continental Shelf will be considered for projects based on: (1) their potential for renewable energy generation; (2) what additional transmission lines will be necessary to connect these new sources of power to the energy grid; (3) where these transmission lines will be placed; (4) the methodology to be used to limit the size of solar troughs and photovoltaic facilities, and (5) the impact on water resources.

The report should also include an analysis of the useful life of renewable energy sites and provide an explanation of how the infrastructure will be removed from the public lands when it is no longer functional. The conferees believe that some mechanism, such as a bond put forth by the permittees, should be utilized by the Department and the Forest Service so that the

DRAFT – NOT FOR CIRCULATION

government does not have to pay for the removal of these large facilities after they are no longer viable.

The Department of the Interior and Forest Service should consult with the Congress on a regular basis as they proceed with the development of policies and the preparation of environmental documents and permitting of renewable energy projects.

The conferees believe that renewable energy developers should have less difficulty permitting their projects on disturbed private lands than on pristine public lands, in order to facilitate greater species protection and stewardship of public resources and public lands. The conferees recommend that the Secretary evaluate whether a cooperative agreement with States under Section 6 of the Endangered Species Act, the establishment of a Section 4(d) rule under the same act, or the creation of a template “general habitat conservation plan” would improve the permitting process for solar projects on private lands in the California desert.

GLOBAL CLIMATE CHANGE SCIENCE AND ADAPTATION

The conference agreement includes a major investment in science and management related to impacts of global warming. Overall, the bill provides over ~~\$400 million~~, including funds for the Department of the Interior climate change initiative and substantial investments at the Environmental Protection Agency, Forest Service, and Smithsonian Institution. The conference agreement supports direction provided by both the House and the Senate regarding this issue. This includes the need for a national strategy for dealing with climate change, as well as continued development of the National Climate Change and Wildlife Science center at the U.S. Geological Survey as a model for further implementation of an integrated approach to climate change science and adaptation by the Interior Department bureaus. The conference agreement also includes a provision in Section 426 requiring a detailed report on the Administration’s obligations, expenditures and activities regarding climate change programs. The conferees expect that the next budget request will include cross-cutting tables for all Federal climate change related activities including climate change observation, science, and management implementation of adaptation and mitigation.

The conferees note the previous direction provided within the fiscal year 2009 appropriations act directing the Secretary of the Interior to develop a national strategy to assist fish, wildlife, plants, and associated ecological processes in becoming more resilient, adapting to, and surviving the impacts of climate change. This conference agreement provides ample funds to accomplish substantial scientific and management activities, but this needs to be done within the context of an integrated approach among the various Federal departments, States, Tribes and other institutions. The conferees urge the Council on Environmental Quality, working closely with the Department of the Interior as the lead department, to develop a national, government-wide strategy to address climate impacts on fish, wildlife, plants, and associated ecological processes. It should provide that there is integration, coordination, and public accountability to ensure efficiency and avoid duplication. The conferees expect to receive a timeline and a blueprint for the completion of such a national strategic planning effort, as well as regular updates as progress is made.

The conferees are encouraged by aspects of the recent Interior Department Secretarial Order addressing the impacts of climate change on America’s water, land and other natural and cultural

DRAFT – NOT FOR CIRCULATION

resources, as well as the draft Fish and Wildlife Service national strategy for climate change adaptation, mitigation and engagement. However, it is essential that further departmental implementation of the Secretary's order on climate change build upon the successful National Climate Change and Wildlife Science Center (NCCWSC) and its approach to provide regional science application centers focused on fauna, flora and ecological processes as previously described in Congressional direction and the budget request. The future identity and activities of the NCCWSC must be distinct and accountable, while also working with other departmental and national efforts on climate change science and applications.

LAND ACQUISITION

ACQUISITION

The conferees are concerned that lands acquired with funds appropriated via the Land and Water Conservation Fund are being, or have been, made available for uses inconsistent with the recreation, conservation or public access for which they were purchased. Accordingly, the conferees direct the Secretary of the Interior and the Secretary of Agriculture to notify the House and Senate Committees on Appropriations before any land use or management decision is made that will change the use of the land from conservation or recreational use. Additionally, the conferees encourage the Secretaries of Agriculture and Interior to include land acquisition projects that provide increased access to our Federally-owned public lands to provide opportunities for the public to recreate and enjoy our nation's natural resources.

The conferees direct the agencies to use inholdings funding to acquire high priority lands that are threatened by development and are partially or entirely bordered by land currently owned by the Federal government. The conferees have been advised that each of the land management agencies has unique inholding acquisition policies and practices that have not been coordinated with each of the other agencies. It is the intention of the conferees that there be a single set of policies for implementing Land and Water Conservation Fund acquisitions to the maximum extent possible. Therefore, the Secretaries of the Interior and Agriculture are directed to jointly examine the policies and practices of each land management agency and submit a report on findings and recommendations to the House and Senate Committees on Appropriations by June 30, 2010.

of the Interior The conferees continue to be concerned about the delays in obtaining adequate appraisals for acquisition of Federal lands. Consistent with the language included in the House report, the conferees direct the Department to revisit the Department-wide appraisal services consolidation and immediately address the undue delays in obtaining appraisals for Federal land acquisition projects.

DRAFT – NOT FOR CIRCULATION

TITLE I – DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

(INCLUDING RESCISSION OF FUNDS)

The conference agreement provides \$958,571,000 for Management of Lands and Resources instead of \$950,496,000 as proposed by the House and \$965,721,000 as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Range Management. --- Within the funds provided for range management, the agreement designates \$1,000,000 to help reduce the backlog in grazing permits. The conferees recognize that the increasing numbers of expiring permits, increased costs for processing, and litigation, has resulted in a significant backlog and workload in processing permits. This funding should be targeted to those areas where litigation is causing significant delays.

Cultural Resources Management. --- The conference agreement includes \$500,000 above the request for cultural resource activities in wilderness lands as authorized by the Omnibus Public Lands Act of 2009. The Senate had recommended \$1,000,000 for this activity.

Wild Horse and Burro Management. -- The conference agreement provides \$63,986,000 for wild horse and burro management, an increase of \$23,373,000 above the fiscal year 2009 level. This is a 58 percent increase, by far the largest increase ever provided for this program. The conference agreement requires the Bureau to follow the Senate direction for this program. The conferees note that the bill language proposed by the Senate within administrative provisions provides that funds shall not be available for the destruction of healthy, unadopted, wild horses and burros in the care of the BLM or its contractors, or for the sale of wild horses and burros that results in their destruction for processing into commercial products.

Wildlife Management. -- Within the funds provided for wildlife management, the conference agreement includes increases of \$500,000 each above the request for the general wildlife and plant conservation programs as was proposed by the House.

Threatened and Endangered Species Management. -- The conference agreement includes the Senate-proposed additions of \$200,000 for the general program and \$300,000 for redband trout and salmon habitat assessment and restoration in Nevada.

Realty and Ownership Management. -- The conference agreement includes the Senate proposed additions of \$100,000 for the general cadastral survey program and \$300,000 for the Utah Rural Cadastral Data Program.

DRAFT – NOT FOR CIRCULATION

The conferees strongly encourage the BLM to apply the necessary resources to complete landscape scale assessments by the end of fiscal year 2010 on the Mojave Basin and Range, Central Basin and Range, Sonoran Desert, and the Colorado Plateau. These assessments should, at a minimum, include spatial analyses of priority conservation areas, renewable energy potential, invasive species, and wildfires.

Resource Protection and Maintenance. -- The conference agreement includes a \$500,000 increase for law enforcement and the Senate proposed addition of \$1,000,000 for travel and transportation plans for lands authorized by the Omnibus Public Lands Act of 2009.

National Monuments and Conservation Areas. -- The conference agreement includes a \$2,500,000 general program increase above the request for national monuments and conservation area management.

Bill Language. -- Ronald ~~The~~ conference agreement includes a \$1,000,000 rescission of funds provided in fiscal year 2009 for oil shale core samples; this project was accomplished from other funding sources. A technical change is included to correct language regarding mining claim maintenance fees and location fees.

CONSTRUCTION

The conference agreement includes the funds requested for Construction, plus additions recommended by the Senate of \$36,000 for architectural and engineering services and \$2,000,000 for the California National Historic Trail visitor center interpretative displays in Nevada. The funding includes:

State	Project	Amount
AK	Anchorage Field Office - Campbell Airstrip Safety Fencing	\$190,000
AZ	Gila District - Browning Ranch House Preservation	124,000
AZ	Lake Havasu - Partners Point Waterline	110,000
CA	California Radio Fencing and Grounding Improvement	537,000
CA	Hollister Field Office - El Toro Creek Parking Project	1,209,000
CA	Barstow -Sawtooth Campground and Trail	541,000
CO	Grand Junction Field Office - Bridgeport Access Trail	176,000
ID	Salmon Field Office - Lemhi River Total Maximum Daily Load Road Maintenance	1,588,000
ID	Salmon Field Office - Sharkey Hot Springs Renovation	287,000
NV	California National Historic Trail Interpretive Center	2,000,000
UT	Salt Lake District -Five Mile Pass Recreation Site Facility	362,000
UT	West Desert District - Knolls Facility	381,000
UT	Pelican Lake Recreation Site Reconstruction	697,000
	Subtotal, projects	8,202,000
	Architectural and engineering services	424,000
	Total	8,626,000

DRAFT – NOT FOR CIRCULATION

LAND ACQUISITION

The conference agreement includes \$29,650,000 instead of \$26,529,000 as proposed by the House and \$28,650,000 as proposed by the Senate. The conference agreement includes the following distribution of funds:

State	Project	Amount
CA	California Wilderness	\$1,500,000
CA	Johnson Canyon Area of Critical Environmental Concern	1,500,000
CA	King Range National Conservation Area	2,000,000
CA	Lacks Creek Area of Critical Environmental Concern	750,000
CA	Santa Rosa and San Jacinto Mountains National Monument	500,000
CA	Upper Sacramento River Area of Critical Environmental Concern	2,800,000
MT	Blackfoot River Special Recreation Management Area	4,500,000
MT	Meeteetsee Spires Area of Critical Environmental Concern	1,500,000
NM	La Cienega Area of Critical Environmental Concern/El Camino Real De Tierra Adento National Historic Trail	3,000,000
NM	Lesser Prairie Chicken Habitat Area of Critical Environmental Concern	1,500,000
OR	Cascade-Siskiyou National Monument	1,000,000
OR	Sandy River / Oregon National Historic Trail	2,100,000
WY	Craig Thomas Little Mountain Special Management Area	2,000,000
	Subtotal, Line Item Projects	\$24,650,000
	Acquisition Management	2,000,000
	Inholdings, Emergencies, and Hardships	3,000,000
	Total, BLM Land Acquisition	29,650,000

Bill Language. – The conference agreement includes bill language making available \$2,000,000 for the Upper Snake/South Fork River Area of Critical Environmental Concern/Special Resource Management Area from funds appropriated in FY 2009 for the Henry’s Lake Area of Critical Environmental Concern, as proposed by the Senate.

OREGON AND CALIFORNIA GRANT LANDS

The conference agreement provides \$111,557,000 as requested and proposed by both the House and the Senate for Oregon and California Grant Lands. The detailed allocation of funding by activity is included in the table at the end of the statement.

FOREST ECOSYSTEM HEALTH AND RECOVERY FUND

(REVOLVING FUND, SPECIAL ACCOUNT)

DRAFT – NOT FOR CIRCULATION

The conference agreement includes language, as in the past, allowing funds made available in the Forest Ecosystem Health and Recovery Fund to be used for various forestry purposes including planning, preparing, implementing and monitoring salvage timber sales and forest ecosystem restoration activities. This authority is extended through fiscal year 2015 as proposed by the House.

RANGE IMPROVEMENTS

The conference agreement includes an indefinite appropriation of not less than \$10,000,000 to be derived from public lands receipts and Bankhead-Jones Farm Tenant Act lands grazing receipts. This was requested and was proposed by both the House and the Senate. Receipts are used for construction, purchase, and maintenance of range improvements, such as seeding, fence construction, weed control, water development, fish and wildlife habitat improvement, and planning and design of these projects.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The conference agreement includes an indefinite appropriation estimated to be \$31,255,000 for Service Charges, Deposits, and Forfeitures as requested and proposed by both the House and the Senate. The appropriation is offset with fees collected under specified sections of the Federal Land Policy and Management Act of 1976 and other Acts to pay for reasonable administrative and other costs.

MISCELLANEOUS TRUST FUNDS

The conference agreement includes an indefinite appropriation estimated to be \$20,130,000 for Miscellaneous Trust Funds as requested and proposed by both the House and the Senate.

ADMINISTRATIVE PROVISIONS

The conference agreement includes the Administrative Provisions as requested, and includes two additional items proposed by the Senate. The first provides authority for the BLM to carry out operations by direct expenditure, contracts, grants, cooperative agreements and reimbursable agreements with public and private entities. The second provides that appropriations shall not be available for destruction of healthy, unadopted, wild horses and burros in the care of the BLM or its contractors or for the sale of wild horses and burros that results in their destruction for processing into commercial products. The agreement also includes a technical correction to a minor amendment made in fiscal year 2009 regarding mining claim maintenance and location fees.

DRAFT – NOT FOR CIRCULATION

UNITED STATES FISH AND WILDLIFE SERVICE

RESOURCE MANAGEMENT

The conference agreement includes \$1,269,406,000 instead of \$1,248,756,000 as proposed by the House and \$1,244,386,000 as proposed by the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement. In addition to the directions included in the House and Senate Committee reports, the conference agreement includes the following directions:

Ecological Services. – The conference agreement includes \$311,227,000 instead of \$295,127,000 as proposed by the House and \$305,677,000 as proposed by the Senate.

Within the funds provided for the listing program there is \$11,632,000 for critical habitat and \$10,471,000 for listing. Within the funds for candidate conservation, there is \$1,000,000 for sage grouse conservation in Idaho and a general increase of \$1,000,000. There is an increase in the consultation program of \$2,500,000 for increased monitoring and record-keeping pursuant to recommendations by the GAO.

Within the funds for the recovery program, there is \$3,000,000 for responding to the State of the Birds report, \$1,000,000 for the livestock loss demonstration program, \$1,900,000 for increased research and monitoring on white nose syndrome in bats, \$350,000 for Lahontan cutthroat trout restoration, \$1,500,000 for endangered species grants to be administered by the National Fish and Wildlife Foundation, \$350,000 for sea eider conservation efforts, \$500,000 for whooping crane breeding facilities in Louisiana, and an increase of \$200,000 for additional wolf monitoring in western States.

The conferees support the requested funding for aplomado falcon and California condor recovery. The Service is encouraged to continue to support these ongoing, successful recovery efforts.

The conferees intend that the funding included for the State of the Birds report be used to begin to initiate actions in response to the recently published multi-agency report, The State of the Birds, United States of America, 2009. This report provides a comprehensive overview of the crises and challenges confronting birds in every part of the country. The situation for native birds in Hawaii is particularly dire. Seventy-one known species of Hawaiian birds have gone extinct. Predator control and habitat preservation are critical to the survival of the 31 species of endangered birds remaining in Hawaii. The conferees therefore recommend that a significant portion of this funding be used to develop a comprehensive strategy, hire staff, and begin on the ground projects to recover endangered and threatened bird species in Hawaii.

The conference agreement includes \$1,000,000 for the Wolf Livestock Loss Demonstration Project as authorized by the Omnibus Public Lands Management Act of 2009. These funds will be used to provide grants to States and Indian Tribes to assist livestock producers in undertaking proactive, non-lethal activities to reduce the risk of livestock loss due to predation by wolves, and to compensate livestock producers, as appropriate, for livestock losses due to such predation. This is a new demonstration program and the conferees encourage the agencies to act quickly to implement the program.

DRAFT – NOT FOR CIRCULATION

The Service should implement program guidelines that establish criteria for the ~~dispersal~~^{disbursement} of funds to ensure that the funds are spent efficiently and effectively with a minimum potential for waste and abuse. The Service should consult with representatives from the relevant agencies and key stakeholders to create the guidelines. The guidelines should ensure that each participating State/Tribe allocates money evenly between compensation and non-lethal activities specified in the Act and, in order to work towards reducing depredations overall, that only livestock owners who demonstrate reasonable use of nonlethal methods will remain eligible for compensation after one initial incident of reimbursable depredation.

The conferees recommend \$1,900,000 for research, monitoring, and related activities to respond to the massive mortality in bats from white nose syndrome (WNS) in the northeastern and Appalachian States. This is an increase of \$1,400,000 over the Senate proposed amount. WNS is spreading rapidly and poses threats of extinction to several bat species. The Service is spearheading efforts to better understand this deadly disease and learn how to limit its spread, working in conjunction with the U.S. Geological Survey, National Park Service, U.S. Forest Service, State and local partners, scientists, caving groups and conservation organizations.

Within the funds for the partners for fish and wildlife program, there is \$6,000,000 for climate change projects, \$1,000,000 for invasive species management in Hawaii, \$350,000 for the Natural Resources Economic Enterprises Program at Mississippi State University, \$500,000 for milfoil control in Maine lakes, and \$500,000 for stream bank restoration in Georgia.

Within the funds provided, the conferees have included \$750,000 for the Secretary of the Interior to contract with the National Academy of Sciences to conduct studies in support of sustainable water and environmental management of the Sacramento-San Joaquin Delta in California. A study shall be completed no later than March 15, 2010, addressing questions drafted by the Secretary on the subjects of (1) whether the science supports the assumptions and conclusions in the biological opinions regarding the Bureau of Reclamation operations in the Central Valley, and (2) whether lesser restrictions on pumping could avoid jeopardy to the species.

There are program increases of \$1,000,000 for the coastal program, \$250,000 for the National wetlands inventory and \$500,000 for the environmental contaminants program.

National Wildlife Refuge System. – The conference agreement provides \$503,279,000 for the National Wildlife Refuge System as proposed by the House, instead of \$488,629,000 as proposed by the Senate.

Within the funds provided for the refuge system there are increases over the request of \$16,000,000 for wildlife and habitat management, \$1,000,000 for the volunteer program, \$2,000,000 for refuge law enforcement, and \$1,000,000 for conservation planning. Within the funding provided for refuge system maintenance, there is a \$2,000,000 increase for annual maintenance and a \$2,000,000 decrease for deferred maintenance. Within the funds provided for wildlife and habitat management, the Service is directed to provide \$1,200,000 for invasive rat eradication on Palmyra Atoll to protect native bird populations.

The conferees remain concerned about the situation on the southwest border and encourage the Service to direct a portion of the increase for law enforcement to the southwest.

DRAFT – NOT FOR CIRCULATION

The conferees are concerned that the Service is not dedicating sufficient resources to the management of the new marine national monuments and urge the Service to increase resources for managing the monuments and partnering with other Federal, international, and private entities.

Migratory Bird Management, Law Enforcement, and International Affairs. – The conference agreement provides \$134,743,000 for migratory bird management, law enforcement and international affairs instead of \$133,593,000 as proposed by the House and \$133,573,000 as proposed by the Senate.

Within the funds provided for migratory birds, law enforcement and international programs, there are increases of \$500,000 for new urban treaties as a part of the Department-wide youth initiative, \$1,000,000 for joint ventures under the North American Waterfowl Management Plan, \$2,000,000 for law enforcement operations, \$1,000,000 for the wildlife without borders program, and \$150,000 for the Caddo Lake Ramsar Center. The increase for joint ventures is intended to provide all approved joint ventures with sufficient base funding.

The conferees are aware of the impacts of the chytrid disease on amphibian species worldwide. Amphibian species are disappearing at over 200 times their historic rate. The conferees urge the Service to use a portion of the increase provided for the wildlife without borders program to work with the international conservation community to establish conservation and captive breeding programs as well as to support the development and testing of novel methods to combat amphibian chytrid to conserve the most imperiled of these species.

Fisheries. – The conference agreement provides \$148,345,000 for the fisheries program instead of \$144,195,000 as proposed by the House and \$143,695,000 as proposed by the Senate.

Within the funds provided for fisheries and aquatic resource conservation, there is: \$2,150,000 to conduct scientific review of the Klamath, North Coast, and Central Valley hatchery operations in California; \$1,000,000 for mass marking fisheries in the Great Lakes; \$500,000 general increase for fish hatchery operations; \$500,000 for native freshwater mussel recovery; \$1,300,000 to establish a Fisheries Resource Office in West Virginia to focus on aquatic species restoration and management in the Appalachian Highlands; \$2,000,000 to control the spread of and eradicate invasive quagga and zebra mussels; and \$200,000 for sea otter and Steller sea lion conservation in Alaska.

The conference agreement includes \$2,000,000 above the President's request for the Service to respond to the urgent nationwide problem of invasive mussels entering lakes and rivers in the U.S. These mussels crowd out native species and encrust any hard surface, including municipal water supply pipes and boat motors. They are easily spread by watercraft from one location to another and are nearly impossible to eradicate once established. For example, the infestation of quagga mussels in Lake Mead was first found in 2007. The number of quagga mussels has grown to 3 trillion since then and is likely irreversible. Today, infestation by quagga and zebra mussels and Asian clams is threatening the pristine waters of Lake Tahoe. The introduction of these aquatic nuisance species to the Lake Tahoe region could have devastating effects to the regional economy, including effects on recreation, tourism, property values, and other infrastructure. Therefore, the ~~managers~~ ^{conferees} strongly encourage the Service to devote a significant portion of the increase to the study, construction, staffing, and other expenses necessary for watercraft inspection and decontamination stations to be located away from boat and vessel ramps at Lake Tahoe, Echo Lake, and Fallen Leaf Lake. The conferees recommend that such

DRAFT – NOT FOR CIRCULATION

inspection and decontamination stations be located on each of the seven roads leading to the Lake Tahoe region. Further, the conferees believe that the Service should increase its coordination with local, State and Federal entities, including the U.S. Forest Service, to prevent quagga mussels and other aquatic invasive species from entering the Lake Tahoe ecosystem.

Climate Change Adaptive Science. – The conference agreement includes \$20,000,000 for climate change adaptive science, as proposed by both the House and the Senate.

The conferees have included the requested funding for climate change activities. Consistent with language included elsewhere in this statement, the Service is directed to implement its climate change activities, including the landscape conservation cooperatives, within the scope of the Secretary's Service's national strategy for climate change, the ~~Secretary's~~ order on climate change, and the National Climate Change and Wildlife Science Center in the U.S. Geological Survey. Additionally, the Service should fully integrate these activities with other Federal agencies, States, Tribes and other partners.

General Administration. – The conference agreement provides \$152,812,000 for general administration as proposed by the Senate instead of \$153,562,000 as proposed by the House.

Within the funds provided for general administration there is an increase of \$750,000 for necessary maintenance at the National Conservation Training Center. Funding for the National Fish and Wildlife Foundation is \$7,537,000 as proposed by the Senate.

Sale of Surplus Property. – The conference agreement includes the proposed reduction of \$1,000,000 due to the sale of surplus property.

CONSTRUCTION

The conference agreement includes \$37,439,000 instead of \$21,139,000 as proposed by the House and \$39,741,000 as proposed by the Senate. The conference agreement includes the following distribution of funds:

State	Project	Amount

Bill Language. – The conference agreement includes bill language allowing the Service to fund limited administrative costs for the Highlands Conservation Act program administration.

COOPERATIVE ENDANGERED SPECIES CONSERVATION FUND

The conference agreement provides \$85,000,000 for the Cooperative Endangered Species Conservation Fund instead of \$100,000,000 as proposed by the House and \$85,001,000 as proposed by the Senate.

The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

NATIONAL WILDLIFE REFUGE FUND

The conference agreement provides \$14,500,000 for payments to counties authorized by the National Wildlife Refuge Fund, as proposed by the Senate, instead of \$14,100,000 as proposed by the House.

NORTH AMERICAN WETLANDS CONSERVATION FUND

The conference agreement provides \$47,647,000 for the North American Wetlands Conservation Fund instead of \$52,647,000 as proposed by the House and \$45,147,000 as proposed by the Senate. A detailed allocation of funding by activity is included in the table at the end of this section of the statement.

NEOTROPICAL MIGRATORY BIRD CONSERVATION

The conference agreement provides \$5,000,000 for Neotropical Migratory Bird Conservation, as proposed by the Senate instead of \$5,250,000 as proposed by the House.

MULTINATIONAL SPECIES CONSERVATION FUND

The conference agreement provides \$11,500,000 for the Multinational Species Conservation Fund as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

STATE AND TRIBAL WILDLIFE GRANTS

DRAFT – NOT FOR CIRCULATION

The conference agreement provides \$90,000,000 for State and Tribal Wildlife Grants instead of \$115,000,000 as proposed by the House and \$80,000,000 as proposed by the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement. In addition to the directions included in the House and Senate Committee reports, the conference agreement includes the following directions:

The conference agreement includes \$12,000,000 for competitive grants, including \$7,000,000 for Tribes and \$5,000,000 for States. The conferees are supportive of these competitive grant programs as a way to promote wildlife conservation. The conferees direct the Service to report to the House and Senate Committees on Appropriations on the use of these competitive funds in fiscal year 2008 and 2009, including the types of grants administered and the extent to which these grants were coordinated with other State and Tribal conservation plans. The Service should submit this report within 90 days of enactment of this Act.

The conference agreement includes \$78,000,000, an increase of \$15,000,000 above the fiscal year 2009 enacted level for the State and Tribal apportioned grants. The conferees recognize the need for States, Tribes and Territories to update their plans to respond to climate change, but feel that this can be done within the framework of the required plan updates. Therefore, the conferees have not included language directing a portion of these funds for additional planning efforts focused on climate change. The conferees consider climate change to be an integral component of State and Tribal wildlife action plan implementation and recommend that the States ~~to~~ use the increased funding provided for on-the-ground conservation projects ~~to~~ adapt and mitigate the effects of climate change on wildlife populations.

Bill Language. – The conference agreement modifies bill language included in the House and Senate bills changing the State share of implementation grants to 35 percent instead of 25 percent as proposed by the House and 50 percent as proposed by the Senate. In addition, the conference agreement does not include language included by the House that limits funding to States or territories that do not have approved wildlife action plans. The conferees understand that all States, territories and other jurisdictions now have approved plans.

The conference agreement does not include requested funds for Federal Aid in Wildlife Restoration.

ADMINISTRATIVE PROVISIONS

Bill Language. -- The conference agreement includes language, as in the Senate bill, allowing the Service to carry out the operations of programs by direct expenditure, contracts, grants, cooperative agreements and reimbursable agreements with public and private entities. This language was previously included in the Resource Management account.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The conference agreement provides \$2,261,559,000 for the Operation of the National Park System instead of \$2,260,684,000 as proposed by the House and \$2,261,309,000 as proposed by the Senate. The detailed allocation of funding by program and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific funding levels and directions:

Resource Stewardship. --- Within the amount provided, the conference agreement provides the request of \$10,000,000 for the Climate Impacts Initiative as proposed by the House instead of \$8,000,000 as proposed by the Senate. The agreement also provides \$1,250,000 for the Enhanced Ocean and Coastal Resources program, as proposed by the House instead of \$2,000,000 as proposed by the Senate.

Visitor Services.-- Within the amount provided, the conference agreement provides \$247,386,000 for Visitor Services as proposed by the Senate instead of \$246,511,000 as proposed by the House. The conferees have provided \$375,000 for the web learning component of the Interpretative Renaissance Plan and redirect \$1,000,000 of the request to a new pilot program for teaching American history and civics in the National Parks as proposed by the Senate. The conferees further direct the Service to work with the Department of Education to develop curriculum and bring scholars to park units to instruct students and teachers and within 90 days of enactment provide a report to the House and Senate Committees on Appropriations concerning the status of the pilot program.

Facilities Operations and Maintenance. – The conference agreement provides \$702,013,000 as proposed by the House instead of \$703,013,000 as proposed by the Senate. Within the amount provided, the conferees provide \$4,388,000 for the facility management software system.

Bill Language. -- The conference agreement includes language to limit the amount for maintenance, repair or rehabilitation projects to \$98,622,000 as proposed by the House instead of \$99,622,000 as proposed by the Senate.

National Mall Concerts. -- As proposed by the House, the conferees direct the National Park Service to increase funding for this program by \$350,000 over the level provided in fiscal year 2009.

Sesquicentennial Civil War Planning. The conferees encourage the National Park Service, in collaboration with the Civil War Preservation Trust and other organizations, to update the content of its website and the information available at its Civil War parks and to employ modern technology and adaptive and interactive media to present this information to the public.

Regional Reorganizations. The conferees have recently become aware of a planned reorganization of the Northeast Regional Office of the Park Service. The conferees appreciate the Service's willingness to provide information about the planned reorganization and ask that the Service continue to report to the House and Senate Committees on Appropriations its plans

for managing the current programs administered by the Boston Regional Office and Service proposals to further change the staffing plan for that office.

Sequoia National Park.—The conferees are aware that the Department of the Interior has been negotiating the renewal terms of a special use permit for the Kaweah hydroelectric project inside Sequoia National Park. Initial proposals from the Department would have resulted in a 2,545 percent fee increase to the operator. The conferees find that situation unacceptable. As such, the Department is directed to continue its negotiations in an effort to reach a fair, cost-effective agreement for the terms of a 10-year special use permit.

Mississippi River Study.—The conferees note that the Mississippi River is one of the Nation's great natural treasures, an integral part of the country's history, and a critical transportation artery for modern commerce. As such, the protection and preservation of natural resources along the Mississippi River, and the telling of the history of this great resource is an important and worthy goal. The conferees therefore direct the Service to identify those natural and cultural resources most in need of protection and preservation and to begin to craft a plan that would address these needs. In undertaking this task, the Service shall consult with the various Federal, State and local units of government along the corridor, and with non-governmental organizations and partner coalitions working on preservation and interpretation initiatives within or along the corridor.

PARK PARTNERSHIP PROJECT GRANTS

The conference agreement provides \$15,000,000 for Park Partnership Project Grants instead of \$25,000,000 as proposed by the House. Of the amount provided, \$10,000,000 will be proportionally derived from the unobligated balance in the recreational fee account. The conferees urge the Director to fund signature projects and programs consistent with the original intent of the program. The conferees direct the Service to provide a report within 90 days of enactment of this Act that (1) outlines the status of the projects announced in January 2009; and (2) provides the criteria to be used to select new projects. After the Service competes the remaining funds for new projects, the Service will provide the House and Senate Committees on Appropriations a complete description of the new projects selected and describe the funds allotted for each project from both Federal and non-Federal sources.

Bill Language.—The conferees have included language that authorizes the National Park Service to use a portion of the high unobligated recreation fee balance to fund projects selected through the Park Partnerships Program.

Recreation Fees.—The conferees remain concerned by the National Park Service's ineffective management of its recreation fee revenues which has led to high unobligated carryover balances over many years. It is clear that dramatic changes are needed to address this problem.

The conferees understand that the Service, in response to Congressional expressions of concern, has developed a phased plan to aggressively reduce the recreation fee carryover balance which was more than \$270,000,000 at the beginning of fiscal year 2009. Further, the conferees recognize that existing authority provides the Service sufficient flexibility to address this challenge by reducing the allocation of fee revenues to the largest collecting parks from 80 percent to 60 percent as needed. The conferees encourage the Park Service to exercise this

HISTORIC PRESERVATION FUND

The conference agreement provides \$79,500,000 for the Historic Preservation Fund instead of \$91,675,000 as proposed by the House and \$74,500,000 as proposed by the Senate. The conference agreement funds the Preserve America program in the National Recreation and Preservation account as proposed by the Senate. The detailed allocation of funding by program and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific funding levels and directions:

Save America's Treasures. The conference agreement includes a total of \$25,000,000 for Save America's Treasures. Of this amount, \$14,800,000 is for competitive grants and the balance of the funds are to be distributed as follows:

Everglades.-- The conference agreement includes \$8,400,000 for the Modified Water Deliveries Project at Everglades National Park as proposed by the House. This includes \$4,200,000 which the President had requested in the budget for the Army Corps of Engineers. These funds will allow for continuous work on the Tamiami Trail bridge and road modifications as a first step to return water flow to the Park. It is critical that the bridging of the Tamiami Trail be completed at the earliest possible date so that flows can be restored between Everglades National Park and the State-managed Water Conservation Areas.

Paterson Great Falls National Historical Park.—Of the amount provided, the conferees have included \$500,000 for the Park Service’s general management plan for the Paterson Great Falls National Historical Park.

Castillo de San Marcos National Monument.-- The conferees have included \$500,000 for preliminary planning and design of the Castillo de San Marcos National Monument restoration project with the understanding that construction will not commence until fee simple title of the affected property is conveyed to the Federal government by the City of St. Augustine, FL and the State of Florida.

Bill Language.-The conference agreement includes language for the Everglades Modified Water Projects as proposed by the House. The agreement also authorizes a single contract for the full scope of the Elwha Dam project. The conference agreement does not include statutory language proposed by the House to authorize a special resources study along the Mississippi River. The conferees have addressed this issue in report language under the operation of the national park system account. The conference agreement also provides that construction funds for the Quincy

The funding provided for the Virgin Islands National Park includes \$2,250,000 for the Maho Bay property and \$1,000,000 for the Hawksnest Bay property.

The conferees have included report language under National Recreation and Preservation guiding the acquisition of lands or interests therein at the Minidoka National Historic Site.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

The bill continues administrative provisions applicable to the National Park Service as proposed by the House and the Senate.

UNITED STATES GEOLOGICAL SURVEY

SURVEYS, INVESTIGATIONS, AND RESEARCH

The conference agreement provides \$1,111,740,000 for Surveys, Investigations and Research instead of \$1,105,744,000 as proposed by the House and \$1,104,340,000 as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. In addition to the guidance included in both the House and Senate committee reports, the conference agreement provides the following direction:

DRAFT – NOT FOR CIRCULATION

Geographic Research and Remote Sensing. -- The conference agreement includes the House proposed bill language and direction concerning the Civil Applications Committee, and provides \$1,650,000 above the budget request for its operation.

Geologic Hazards Assessments. -- The conference agreement includes the following increases to the request: \$1,000,000 for LIDAR and high risk seismology activities and \$250,000 for the Global Seismographic Network as proposed by the House; and \$250,000 for the UH-Manoa/HVO volcano research/monitoring partnership in Hawaii as proposed by the Senate.

Geologic Resource Assessments.-- The conference agreement includes the Senate proposed increase of \$650,000 to continue the Nye County minerals assessment project, NV.

Ground Water Resources. --The conference agreement includes the following increases to the request: \$300,000 for the South Arkansas Sparta Aquifer Recovery Initiative and \$280,000 for the McHenry County groundwater and storm water protection study as proposed by the House; and \$900,000 to continue the San Diego Formation mapping project as proposed by the Senate.

Hydrologic Research and Development. -- The conference agreement includes the following increases to the request: \$1,000,000 for the U.S. - Mexico Transboundary Aquifer Assessment Program; \$200,000 for the Hood Canal Dissolved Oxygen Study, WA; and \$400,000 for the Survey's participation in the work of the Long Term Estuary Assessment Group, LA.

Hydrologic Networks and Analysis. --The conference agreement includes the following increases to the request, as proposed by the Senate: \$346,000 for Lake Champlain Basin streamflow monitoring/toxic studies; \$500,000 for a water resources assessment of Maryland's Coastal Plain and Piedmont aquifer systems; and \$500,000 for water resources monitoring, investigations and research in Hawaii. The Survey is encouraged to consider maintaining its activities at the San Pedro River Basin, AZ, as authorized by section 321 of Public Law 108-136.

Biological Research.-- The conference agreement includes the following increases to the request: \$220,000 for the Conte Anadromous Fish Research Lab, MA; \$1,000,000 for San Francisco Bay Salt Ponds restoration monitoring/research; \$750,000 for general genetics and genomic research; \$600,000 for tropical ecosystems and watershed health research; \$2,000,000 within biological information management and delivery to support the coordinators of the national network of State conservation data agencies; \$750,000 for National Biological Information Infrastructure activities; and \$350,000 for the design and testing of monitoring protocols on invasive species, including zebra mussels, in the Columbia River Basin in collaboration with Washington State University and its partners. The Survey is encouraged to conduct further research and analyses regarding the alarming interaction of endocrine disrupters on water quality and fish development.

Enterprise Information. -- The conference agreement includes the \$2,000,000 requested for USGS participation in the Department of the Interior's 21st Century Youth Conservation Corps initiative.

Global Climate Change Research Program. -- The conference agreement includes \$58,177,000 as requested and proposed by both the House and the Senate for the global climate change research program. Additional funds for climate change related research are also in other budget activities. The agreement includes \$15,000,000 as requested for the National Climate Change and Wildlife Science Center (NCCWSC), including support for a national office, regional hubs, and intra- and extra-mural research. The NCCWSC should oversee and coordinate research on the potential effects of climate change on wildlife, fish, and flora including both terrestrial and aquatic habitats. Locations for the regional centers are to be selected through a collaborative process that engages other Federal, State and Tribal agencies, universities, and other partners.

DRAFT – NOT FOR CIRCULATION

Additional direction concerning the adoption of an integrated approach to climate change science and management is in the front of this statement.

MINERALS MANAGEMENT SERVICE

ROYALTY AND OFFSHORE MINERALS MANAGEMENT

The conference agreement includes \$175,217,000 for Royalty and Offshore Minerals Management, as proposed by the Senate instead of \$174,317,000 as proposed by the House. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

In addition, the use of \$166,730,000 in receipts and cost recovery fees is included, as proposed by both the House and the Senate. The conference agreement includes \$900,000 to continue the Center for Marine Resources and Environmental Technology project in Mississippi.

The conferees support the Administration's efforts to secure a balanced energy portfolio that carefully weighs what is in the best interest of our energy-dependent nation with what is in the best interest of our natural environment. Future coordinated efforts to pursue additional oil and gas resources in the Outer Continental Shelf (OCS) must include the opportunity to apply advanced technologies, be based on the best available science, and take into account the potential environmental impacts of such potential development. Therefore, the conferees direct the Minerals Management Service, pursuant to the National Environmental Policy Act, to conduct a Programmatic Environmental Impact Statement (PEIS) to evaluate potential significant environmental effects of multiple geological and geophysical activities on the Atlantic OCS and provide a detailed timeline for completion of the PEIS no later than 90 ⁱⁿ ~~after~~ ^{70 days} enactment of this Act. The conferees believe this request is consistent with the Department's stated desire to fill in information gaps relating to resource potential in the OCS.

The conferees note that over the last several years there have been expanded areas available for oil and gas leasing in the Beaufort and Chukchi Seas and approved exploration plans involving seismic testing and exploratory drilling in these waters. These waters currently host a rich diversity of wildlife and fish resources and are critical to the survival of the subsistence culture of the Inupiat people of Arctic Alaska. To ensure sound science-based planning with regard to these important resources, a continuing comprehensive assessment of the health, biodiversity, and functioning of Arctic marine and coastal ecosystems, including the impacts of industrial activities and of climate change is needed. To inform this continuing assessment, the conferees believe that there should be scientific analysis conducted by an independent entity to assess existing scientific information and identify any relevant additional information to ensure adequate environmental review of proposed industrial activities in the region. This assessment should also include recommendations for obtaining the identified relevant scientific information.

OIL SPILL RESEARCH

DRAFT – NOT FOR CIRCULATION

The conference agreement includes \$6,303,000 for Oil Spill Research as proposed by both the House and Senate.

ADMINISTRATIVE PROVISIONS

The conference agreement continues language from the fiscal year 2009 enacted bill on a legislative matter which deducts two percent of State royalties to help cover Federal administrative costs, resulting in a \$45,000,000 scoring credit for the bill.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT

REGULATION AND TECHNOLOGY

The conference agreement includes \$127,180,000 for Regulation and Technology as proposed by both the House and the Senate. In addition, there is also an indefinite appropriation estimated to be \$100,000 for civil penalties for a total program level of \$127,280,000. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

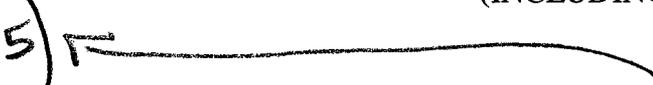

ABANDONED MINE RECLAMATION FUND

The conference agreement includes \$35,588,000 for the Abandoned Mine Reclamation Fund instead of \$32,088,000 as proposed by the House and \$39,588,000 as proposed by the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

BUREAU OF INDIAN AFFAIRS

OPERATION OF INDIAN PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

5)  The conference agreement includes \$2,332,965,000 for the Operation of Indian Programs instead of \$2,300,099,000 as proposed by the House and \$2,309,322,000 as proposed by the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement. In addition to the directions included in the House and Senate Committee reports, the conference agreement includes the following directions:

Tribal Government. – The conference agreement includes \$429,778,000 instead of \$422,862,000 as proposed by the House and \$418,572,000 as proposed by the Senate. Within the funds for Tribal government, there is \$166,000,000 for contract support costs, an increase of \$18,706,000 over the fiscal year 2009 enacted level.

DRAFT – NOT FOR CIRCULATION

Human Services. – The conference agreement includes \$136,996,000 as proposed by the House instead of \$138,059,000 as proposed by the Senate.

Trust – Natural Resource Management. – The conference agreement includes \$175,618,000 instead of \$174,768,000 as proposed by the House and \$161,618,000 as proposed by the Senate. Within the funds for trust resource management, there is an increase of \$12,000,000 for rights protection programs, \$350,000 for the Upper Columbia United Tribes, \$500,000 for the Cheyenne River Sioux Tribe’s prairie management program, and a general increase of \$2,000,000 for fish hatchery operations within the fish, wildlife and parks program.

The conferees direct the Bureau to distribute the increase provided for rights protection using a merit-based process for programs with existing memoranda of understanding, legal settlements, treaty rights, or past merit-based funding history, in accordance with language included in the administration’s budget justification.

Trust - Real Estate Services. – The conference agreement includes \$152,493,000 as proposed by both the House and the Senate.

Education. – The conference agreement includes \$799,400,000 instead of \$796,300,000 as proposed by the House and \$797,900,000 as proposed by the Senate. Within the funds provided there are increases of \$500,000 for Haskell and SIPI colleges, and \$600,000 for United Tribes Technical College and Navajo Technical College. The increases provided should be divided proportionally between the respective schools. There is also a general increase of \$2,000,000 for Tribal colleges and universities and \$2,000,000 for student transportation. → C.

Public Safety and Justice. – The conference agreement includes \$328,855,000 as proposed by the Senate instead of \$303,855,000 as proposed by the House. Within the funds provided for public safety and justice, law enforcement there are increases of \$10,000,000 for criminal investigation, \$5,000,000 for detention and corrections, \$1,000,000 for special initiatives, \$1,000,000 for Indian police academy, \$3,000,000 for program management, and \$5,000,000 for Tribal courts.

The conferees commend the Shoshone-Bannock Tribes of the Fort Hall Indian Reservation for their initiative in addressing their law enforcement needs by constructing a justice center to house their adult and juvenile detention and rehabilitation center, Tribal courts, and police department. The conferees encourage the Bureau of Indian Affairs to work with the Shoshone-Bannock Tribes to ensure that the Center and the programs it will provide will operate effectively. Additionally, the conferees encourage the bureau to consider establishing regional detention centers at new or existing facilities as it works to combat the crime problem in Indian Country. → (C)

Community and Economic Development. – The conference agreement includes \$44,910,000 as proposed by the House instead of \$43,910,000 as proposed by the Senate. Within the funds for community and economic development, there is an increase of \$1,000,000 for community development programs for training and apprenticeship opportunities.

Executive Direction and Administrative Services. – The conference agreement includes \$267,915,000 as proposed by both the House and the Senate.

DRAFT - NOT FOR CIRCULATION

UC ← The conferees intend that the Department will utilize funds available in the operations of Indian programs account or the Indian land consolidation account for estate planning assistance as provided for under Section 207(f) of the Indian Land Consolidation Act (25 U.S.C. 2206(f)). → UC

CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$225,000,000 for Construction as proposed by the Senate instead of \$200,000,000 as proposed by the House. The detailed allocation of funding by program area and activity is included in the table at the end of the statement. In addition to the directions included in the House and Senate Committee reports, the conference agreement includes the following directions:

Public Safety and Justice. – The conference agreement includes \$64,407,000 as proposed by the Senate instead of \$39,407,000 as proposed by the House. Within the funds provided there are increases of \$20,000,000 for detention center replacement and \$5,000,000 for employee housing for new and existing housing needs in remote areas to promote recruitment and retention of law enforcement officers.

INDIAN LAND AND WATER CLAIMS SETTLEMENTS AND MISCELLANEOUS PAYMENTS TO INDIANS

The conference agreement includes \$47,380,000 for Indian Land and Water Claims Settlements and miscellaneous payments to Indians as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

The conference agreement provides \$8,215,000 for the Indian Guaranteed Loan Program Account as proposed by both the House and the Senate.

INDIAN LAND CONSOLIDATION

The conference agreement provides \$3,000,000 for Indian Land Consolidation as proposed by both the House and the Senate.

DEPARTMENTAL OFFICES

DRAFT – NOT FOR CIRCULATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

The conference agreement provides \$118,836,000 for the Office of the Secretary as requested and as proposed by both the House and the Senate. The detailed allocation of funding by program and activity is included in the table at the end of the statement. The conference agreement also includes the following directions:

Bill Language.—The conference agreement includes language that within the appropriated amount, \$12,136,000 is to be derived from the Land and Water Conservation Fund for consolidated appraisal services and remain available until expended, as requested and as proposed by the House. In addition, of the funds provided \$25,000 may be used for official reception and representation activities, as proposed by the Senate instead of \$15,000 as proposed by the House. Language also is included permitting the Secretary for fiscal years 2008-2012 to correct prior year overpayments and underpayments to counties under the Payments In Lieu of Taxes program as proposed by the Senate.

INSULAR AFFAIRS

ASSISTANCE TO TERRITORIES

ans) The conference agreement provides \$85,195,000 for Assistance to Territories as proposed by the House ~~instead of \$81,095,000~~ as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. The conference agreement follows the House proposed bill and report language, including \$900,000 above the request for critical wastewater system repairs and improvements in the U.S. Virgin Islands. The conference agreement also includes \$1,200,000 within the technical assistance activity to be used by the Secretary to assist American Samoa with recovery from the catastrophic tsunami which hit the islands on September 29, 2009.

(instead of \$83,995,000)

COMPACT OF FREE ASSOCIATION

The conference agreement provides \$5,318,000 for the Compact of Free Association as requested and proposed by the House and the Senate. The detailed allocation of funding by program is included in the table at the end of the statement. As proposed by the House, the bill language regarding the authority to use a USDA loan program in Guam is included under the Administrative Provision heading for Insular Affairs.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

DRAFT – NOT FOR CIRCULATION

The conference agreement includes the Administrative Provision proposed by the House. Similar language was under both the Assistance to Territories and the Compact of Free Association headings in the budget request and the Senate proposal. This language will allow the Interior Department to transfer certain funds designated for Guam to the U.S. Department of Agriculture, when requested by the Governor of Guam, as a subsidy for direct or guaranteed rural development loans to Guam for construction and repair projects. This language, which does not supplant any existing USDA authority, will help the government of Guam respond to extensive change as the military relocates major facilities and personnel to Guam.

OFFICE OF THE SOLICITOR

SALARIES AND EXPENSES

The conference agreement provides \$65,076,000 for the Office of the Solicitor as requested and as proposed by both the House and the Senate. The detailed allocation of funding by program and activity is included in the table at the end of the statement.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The conference agreement provides \$48,590,000 for the Office of the Inspector General as requested and as proposed by both the House and the Senate. The detailed allocation of funding by program and activity is included in the table at the end of the statement.

OFFICE OF THE SPECIAL TRUSTEE FOR AMERICAN INDIANS

FEDERAL TRUST PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$185,984,000 for the Office of the Special Trustee for American Indians, Federal Trust Programs as proposed by both the House and the Senate. The conference agreement does not include bill language added by the Senate that directs funding to estate planning. The detailed allocation of funding by program area and activity is included in the table at the end of the statement.

Bill Language. – The conference agreement includes bill language, as in previous years, limiting the amount of funding that can be used for historical accounting.

DEPARTMENT-WIDE PROGRAMS

DRAFT – NOT FOR CIRCULATION

WILDLAND FIRE MANAGEMENT

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$919,897,000 for Department of the Interior Wildland Fire Management instead of \$932,780,000 as proposed by the House and \$904,637,000 as proposed by the Senate. The conference agreement also includes an additional \$61,000,000 for the new Department of the Interior FLAME Wildfire Suppression Reserve Fund as described below. The Senate had included \$75,000,000 for a contingency reserve fund within this account, whereas the House had included \$75,000,000 in a separate Wildland Fire Suppression Contingency Reserve account as was in the budget request. The detailed allocation of funding by activity for these accounts is included in the table at the end of the statement. The conferees note that the funding provided includes the use of \$125,000,000 in prior year non-emergency funds because the suppression activity had very large carry-over balances from fiscal year 2009. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Wildfire Preparedness. -- The conference agreement provides \$290,452,000 as proposed by the House instead of \$289,192,000 as proposed by the Senate.

Wildfire Suppression Operations. -- The conference agreement includes \$383,797,000 for wildland fire suppression instead of \$369,797,000 as proposed by the House and \$294,797,000 as proposed by the Senate. The Senate recommendation included an allocation of \$75,000,000 within the suppression amount for a wildfire suppression contingency reserve. The conferees note the use of \$125,000,000 in prior year funding. An additional \$61,000,000 for suppression activities is provided in the new FLAME Wildfire Suppression Reserve Fund. The conferees note that the Forest Service wildland fire suppression accounts are provided an additional \$1,410,505,000, including \$413,000,000 in the new Forest Service FLAME Wildfire Suppression Reserve Fund. Thus, the sum for wildfire suppression for both Departments, including both the suppression and the FLAME Wildfire Suppression Reserve Fund accounts, is \$1,855,302,000. This sum is equal to the request and \$526,164,000 above the fiscal year 2009 funding level. This is the largest funding increase ever provided for non-emergency wildfire suppression activities.

The conferees reiterate that both the Interior Department and the Forest Service should ensure that cost containment is an important priority when suppressing wildland fires. Both Departments must examine and report promptly to the Congress and on agency websites, using independent panels, on each and every individual wildfire incident which results in suppression expenses greater than \$10,000,000.

The conferees intend that amounts provided through the FLAME Fund, together with amounts provided through the Wildland Fire Management appropriations account, should fully fund anticipated wildland fire suppression requirements in advance of the fire season and prevent future borrowing from non-fire programs. To satisfy this requirement, the conferees direct the Secretaries to develop new methods for formulating fire suppression funding estimates for the Wildland Fire Management and FLAME Fund appropriations accounts as part of their fiscal year 2011 budget request. In formulating these estimates, the conferees expect the Secretaries to

DRAFT – NOT FOR CIRCULATION

consider data regarding actual prior-year fire suppression expenditures, predictive modeling, and any other criteria that they deem appropriate, consistent with the direction provided in this Act. It is the intent of conferees to provide sufficient funds for FLAME Wildfire Suppression Reserve accounts to preclude the necessity for transferring funds from other non-fire programs and activities except in unusual circumstances.

Other Wildland Fire Management Operations. -- The conference agreement provides \$206,206,000 for hazardous fuels reduction activities at the Department of the Interior as requested and proposed by the Senate instead of \$233,089,000 as proposed by the House. The conference agreement provides the requested funding for the other subactivities as was proposed by both the House and the Senate.

Bill Language. -- The conference agreement includes the House proposed language allowing up to \$50,000,000 to be transferred between the Interior Department and the Forest Service when such transfers would facilitate and expedite jointly funded wildland fire management programs and projects. Bill language is included that directs the Department to make no less than \$125,000,000 in prior year non-emergency suppression funds available for wildfire suppression purposes in addition to amounts otherwise provided. The agreement also includes the Senate proposed language stating that wildfire suppression funds may be used for support of Federal emergency response actions.

The conference agreement does not include the Wildland Fire Contingency Reserve Fund which was in the request and the House recommendation. Instead, funds are provided for the FLAME Wildfire Suppression Reserve Fund, as described below.

FLAME WILDFIRE SUPPRESSION RESERVE FUND

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$61,000,000 for the new Department of the Interior FLAME Wildfire Suppression Reserve Fund established in the FLAME Act of 2009 (Title V of this Act). The Senate had included \$75,000,000 within the Wildland Fire Management account for a suppression reserve, whereas the House had included, as requested, \$75,000,000 for a separate Wildland Fire Suppression Contingency Reserve Fund. Further direction on the use of this new account is provided in Title V.

A similar account in the Forest Service is also provided an additional \$413,000,000. The conferees note that this is the first year for this new account, so adjustments will be required by the Federal wildfire community. The funding provided this year as a beginning allocation is equal to the actual expenditures during fiscal year 2009 by the Department of the Interior on large wildfire suppression events, as defined by the FLAME Act of 2009. The conferees have established these funding levels to give the Department of the Interior and the Forest Service some degree of funding flexibility as they develop appropriate procedures and infrastructure for the FLAME Funds. However, these levels are not intended to represent a final method for calculating FLAME Fund budget requests. Instead, as provided in Title V, the conferees expect the agencies to develop new methods for formulating fire suppression funding estimates for the

DRAFT – NOT FOR CIRCULATION

Wildland Fire Management and FLAME Fund appropriations accounts as part of their fiscal year 2011 budget request.

CENTRAL HAZARDOUS MATERIALS FUND

The conference agreement provides the requested amount, \$10,175,000, for the Central Hazardous Materials Fund as proposed by both the House and the Senate.

NATURAL RESOURCE DAMAGE ASSESSMENT AND RESTORATION

NATURAL RESOURCE DAMAGE ASSESSMENT FUND

The conference agreement provides \$6,462,000 for the Natural Resource Damage Assessment Fund as requested and as proposed by both the House and the Senate. The detailed allocation of funding by activity is included in the table at the end of the statement.

WORKING CAPITAL FUND

The conference agreement provides \$85,823,000 for the Working Capital Fund as proposed by the Senate, instead of \$75,823,000 as proposed by the House.

DRAFT - NOT FOR CIRCULATION

GENERAL PROVISIONS, DEPARTMENT OF THE INTERIOR

(INCLUDING TRANSFERS OF FUNDS)

Sec. 101: Retains a provision included by both the House and the Senate providing Secretarial authority to transfer program funds for expenditures in cases of emergency.

Sec. 102: Retains a provision included by both the House and the Senate providing for expenditure or transfer of funds by the Secretary in the event of actual or potential emergencies including forest fires, range fires, earthquakes, floods, volcanic eruptions, storms, oil spills, grasshopper and Mormon cricket outbreaks, and surface mine reclamation emergencies.

Sec. 103: Retains a provision included by both the House and the Senate providing for use of appropriated funds for purchase and replacement of motor vehicles, contracts, rental cars and aircraft, certain library memberships, and certain telephone expenses.

Sec. 104: Retains a provision included by both the House and the Senate permitting the transfer of funds between the Bureau of Indian Affairs and the Office of the Special Trustee for American Indians.

Sec. 105: Retains a provision included by both the House and the Senate permitting the redistribution of Tribal priority allocation and Tribal base funds to alleviate funding inequities.

Sec. 106: Retains a provision included by both the House and the Senate permitting the conveyance of the Twin Cities Research Center of the former Bureau of Mines for the benefit of the National Wildlife Refuge System.

Sec. 107: Retains a provision included by both the House and the Senate allowing the Secretary to pay private attorney fees for employees and former employees incurred in connection with Cobell v. ~~Rempthorne~~.

Sec. 108: Retains a provision included by the House requiring the U.S. Fish and Wildlife Service to mark hatchery salmon.

Sec. 109: Continues a provision included by both the House and the Senate authorizing the Secretary of the Interior to acquire lands for the operation and maintenance of facilities in support of transportation of visitors to Ellis, Governors, and Liberty islands. → VC

Sec. 110: Retains a provision included by the Senate, directing the Secretary of the Interior to make certain certifications with respect to existing rights-of-way.

Sec. 111: Retains a provision included by the House allowing the Minerals Management Service to accept contributions to complete environmental documents prior to energy exploration and production through 2013.

Sec. 112: Retains a provision included by the Senate extending permanently the authority of the Secretary to enter into cooperative agreements where such agreements are in the interest of the Department of the Interior.

Sec. 113: Retains a provision included by the House authorizing funds provided for land acquisition at the Ice Age National Scenic Trail to be granted to a State, a local government, or any other land management entity.

DRAFT – NOT FOR CIRCULATION

Sec. 114. Retains a provision included by the House providing the Secretary with civil and criminal penalty authority for revenue collection of solid minerals, geothermal, and offshore alternative energy activities. This authority would correct existing deficiencies in sections 109 and 110 of the Federal Oil and Gas Royalty Management Act (FOGRMA).

The Senate bill contained a similar provision.

Sec. 115. Retains a provision included by the House allowing the Minerals Management Service to charge outer continental shelf oil and gas operators a fee for the required MMS inspections.

Sec. 116: Retains a provision included by the Senate prohibiting the use of funds to reduce the number of Axis and Fallow deer at Point Reyes National Seashore.

Sec. 117: Retains language included by the Senate extending the authorization for certain school payments at Yosemite National Park until 2013.

Sec. 118: Retains language included by the House amending authority for land purchase at San Juan Island National Historical Park.

Sec. 119: Modifies a provision included by the House amending the boundary of Heart Mountain. The agreement does not include language amending the boundary of Minidoka National Historic Site authorization.

Sec. 120: Retains language included by the Senate amending the Northern Plains National Heritage Area Act by including a private property opt-in provision to clarify that private landowners will not have to include their land in the Northern Plains National Heritage Area unless they provide written consent for inclusion.

Sec. 121: Retains language included by the Senate authorizing the Secretary of the Interior to enter into a joint ticketing agreement at the U.S.S. Arizona Memorial in Hawaii with certain nonprofit entities for the convenience of visitors.

Sec. 122: Retains language included by the Senate extending the authorization of certain payments to the Republic of Palau for fiscal year 2010.

Sec. 123: Retains language included by the Senate amending Golden Gate Recreation Area to allow for concurrent jurisdiction. This change will allow the National Park Service to enhance its law enforcement and fire protection services.

Sec. 124: Modifies language included by the Senate providing the Secretary discretion to issue a special use permit to Drake's Bay Oyster Company within Drake's Estero at Point Reyes national Seashore.

UC

Sec. 125: Retains language included by the Senate directing the Secretary of the Interior to conduct a special resource study of the Honouliuli Gulch and associated sites in Hawaii.

DRAFT – NOT FOR CIRCULATION

Sec.126: Modifies language included by the Senate regarding the security along the southwest border.

Sec. 127: Retains language included by the Senate allowing property owners to opt-out of a National Heritage Area plan, project or activity.

Sec. 128: The agreement includes a new provision proposed by the Senate which directs the Secretary of the Interior to commemorate the leadership of Senator Robert Dole in bringing about the World War II Memorial on the National Mall. (J.)

Sec. 129: The agreement includes a new provision proposed by the Senate to extend the Martin Luther King, Jr. Memorial authority until September 30, 2010.

Sec. 130: The agreement includes a new provision proposed by the Senate to extend the John Adams Memorial authority until September 30, 2010.

The conference agreement does not include language regarding elk management in Theodore Roosevelt National Park as proposed by the Senate.

TITLE II - ENVIRONMENTAL PROTECTION AGENCY

SCIENCE AND TECHNOLOGY

The conference agreement provides \$846,049,000 for Science and Technology programs instead of \$849,649,000 as proposed by the House and \$842,799,000 as proposed by the Senate. The conference agreement also transfers \$26,834,000 from the Hazardous Substance Superfund account to this account. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific funding levels and directions:

Homeland Security.—From within the amount provided, the conference agreement fully funds the remaining two Water Security Initiative pilot projects.

Research / National Priorities.— The conference agreement provides \$5,700,000 for this program and allocates the funds as proposed by the House instead of a competitive grant program proposed by the Senate. The conferees have agreed to the following allocation of funds: \$2,000,000 for the Water Environment Research Foundation; \$1,700,000 for the Water Research Foundation; \$1,000,000 for the Southwest Consortium for Environmental Research and Policy; and \$1,000,000 for the Consortium for Plant Biotechnology Research.

Research: Human Health and Ecosystems. -- The conference agreement includes no less than \$11,442,000 for endocrine disruptor research. In addition, the conferees direct a portion of the increase provided for the Integrated Risk Information System Health Assessments to expedite the risk assessment for trichloroethylene (TCE). The conference agreement includes an additional \$3,000,000 for children's environmental health research instead of \$5,000,000 as proposed by the House. Of this amount \$2,000,000 is directed to increase the base program for centers of excellence on children's environmental health and is to be divided equally among the four centers. The conferees urge that at least one of these centers focus on child care settings. The remaining \$1,000,000 is directed to accelerate research on the effects of environmental chemicals and toxins on children.

Air Quality Research.-- The conferees encourage the Agency to establish a competitively awarded, national research facility to help address many of the issues relating to air quality, as noted in the House report. The conferees note the need for additional air quality research such as that conducted by the University of California, Riverside.

Hydraulic Fracturing Study .--The conferees urge the Agency to carry out a study on the relationship between hydraulic fracturing and drinking water, using a credible approach that relies on the best available science, as well as independent sources of information. The conferees expect the study to be conducted through a transparent, peer-reviewed process that will ensure the validity and accuracy of the data. The Agency shall consult with other Federal agencies as well as appropriate State and interstate regulatory agencies in carrying out the study, which should be prepared in accordance with the Agency's quality assurance principles.

Health Effects of Fuel Efficiency and Emission Reduction Efforts.- The conferees are aware that efforts to improve fuel efficiency and to reduce greenhouse gas emissions will require careful evaluation for potential consequences for human health and the environment. To ensure that the Agency can meet the need for this critical information in a timely and credible manner, the

DRAFT - NOT FOR CIRCULATION

conferees encourage the Agency to work with experienced and independent extramural research partners to strengthen ongoing human health research and assessment efforts on alternative fuels, engines, and emission reduction technologies.

UC Black Carbon.--The conferees have included a modified version of language originally proposed by the Senate in the administrative provisions section requiring the Administrator to complete and transmit a study on black carbon to the House and Senate Committees on Appropriations, the House Energy and Commerce Committee and Senate Environment and Public Works Committee no later than 18 months after the date of enactment of this Act. The conferees agree that the Administrator shall carry out the study in consultation with other relevant Federal partners. The conferees further direct the Agency to fund this study from within amounts provided to the Office of Air and Radiation in either the Science and Technology account or the Environmental Programs and Management account or a combination of funds from each account. Bill language has been included in the administrative provisions section mandating this report.

UC Great Lakes Emission Control Areas. Language has been included in the General Provisions section concerning the rule to control emissions from new marine compression-ignition engines. EPA is conducting a rulemaking (74 Fed. Reg. 44442) regarding fuel sulfur standards that will apply to vessels including those that are powered by large marine diesel engines, called Category 3 engines. While these standards can achieve significant health and welfare benefits, they can also impose significant costs on the industry and on a region whose economy is already reeling. EPA has received comments detailing significant negative economic impacts for carriers that operate Category 3 engines vessels exclusively within the Great Lakes and their connecting and tributary waters and therefore for the economy of the region. Because of these economic impacts, EPA should include waiver provisions similar to those in other EPA rules in the final rule-- one to waive the 10,000 ppm sulfur standard for Great Lakes Category 3 diesel engine vessels that burn residual fuel if EPA determines that 10,000 ppm residual fuel is not available; and one to waive fuel requirements for an owner/operator of a Great Lakes Category 3 diesel engine vessel based upon a showing of serious economic hardship. It is important that EPA structure such a waiver provision similar to the other fuels rules, where parties can apply and receive a waiver in sufficient time prior to the implementation of the requirements. Finally, EPA should perform a study and issue a report within six months that evaluates the economic impact of the final rule on Great Lakes carriers.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

The conference agreement provides \$2,993,779,000 for Environmental Programs and Management activities instead of \$3,022,054,000 as proposed by the House and \$2,878,780,000 as proposed by the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific funding levels and directions:

Brownfields.-- The conference agreement provides the request of \$1,246,000 for the Smart Growth Program. As proposed by the Senate, the agreement does not provide the requested funds for additional personnel. The House had proposed to fund one-half of the increase.

DRAFT – NOT FOR CIRCULATION

Compliance.— From within the amount provided, the conferees direct \$25,070,000 for compliance assistance and centers and \$9,702,000 for compliance incentives.

Environmental Protection / National Priorities.-- The conference agreement provides \$16,950,000 for this program and allocates the funds as proposed by the House instead of a competitive grant program as proposed by the Senate. The conferees have agreed to the following allocation of funds: \$13,000,000 for the National Rural Water Association; \$2,500,000 for the Rural Community Assistance Partnership; \$700,000 for the Water Systems Council/ WellCare program; and \$750,000 for the National Biosolids Partnership.

Geographic Programs. – The conference agreement provides \$608,441,000 for this program area instead of \$628,941,000 as proposed by the House and \$478,696,000 as proposed by the Senate. The detailed allocation of funding by specific geographic program area is included in the table at the end of the statement. In addition to these specific amounts, the conference agreement includes the following directives for certain programs.

Great Lakes Restoration Initiative. – The conference agreement provides \$475,000,000 for this new initiative. The conferees support the Administration's efforts to restore the Great Lakes and have agreed to the request to fund an interagency restoration effort, led by the Environmental Protection Agency. In addition, the conferees have agreed to consolidate and expand funding for the Agency's Great Lakes National Program Office and Great Lakes Legacy Act programs within this new program-project.

Bill language has been included to allow the Agency to transfer funding to or establish interagency agreements with other Federal agencies, and to make grants to relevant entities as appropriate. The conferees direct the Agency to work with the other Federal agencies to ensure these funds supplement and expand, not supplant, base Great Lakes programs when compared to fiscal year 2009 levels. The Agency is directed to provide, starting on March 1, 2010, annual reports that provide funding allocations by Agency and that identify any adjustments from the request. Beginning in 2011 and each year thereafter, the Agency is directed to provide detailed yearly program accomplishments and compare specific funding levels allocated for participating Federal agencies from fiscal year to fiscal year. This includes programs funded at or below \$500,000 that may not otherwise be identified in cross-cut budgets. The Agency and its Federal partners are expected to limit overhead.

The Agency is directed to use the Great Lakes Regional Collaboration Strategy as a guide to maximize funding for actual restoration activities that achieve measurable results. A substantial portion of the funds shall be provided for restoration activities conducted by non-Federal partners to accomplish restoration objectives where appropriate and cost-effective. The conferees direct the Agency and the other Federal agencies to exercise maximum flexibility to minimize non-Federal match requirements in recognition of the exceptional economic circumstances of the region and the significant ongoing investments made by non-Federal partners.

To guide the activities of the Great Lakes Restoration Initiative through fiscal year 2014, including funding decisions in fiscal year 2011 and future years, the conferees direct the Agency to develop a comprehensive, multi-year restoration action plan that will lead to the restoration of the Great Lakes. The action plan should build upon the foundation of the Great Lakes Regional Collaboration Strategy, utilize input from Great Lakes stakeholders, outline Federal agency actions to help protect and restore the chemical, physical, and biological integrity of the Great Lakes Basin ecosystem, and include targets and measurable objectives expected for fiscal years

DRAFT – NOT FOR CIRCULATION

2010 through 2014. The Agency should ensure that the goals, objectives, and targets of the Action Plan are aligned with those of the Great Lakes State, local and Tribal governments. The plan should also include a description of the process used to track and measure progress, target restoration priorities and adapt and modify those priorities in the outyears. In addition, the conferees expect the Agency to establish a process that:

- (1) Allows the Great Lakes area governors, mayors, Tribal leaders, regional organizations and other stakeholders to provide advice, guidance, and recommendations that will assist the Agency in making annual decisions on restoration priorities, activities, projects, and funding levels that reflect the highest priority needs;
- (2) Coordinates restoration activities in the U.S. with those of the Canadian and provincial governments;
- (3) Engages an independent, scientific panel to review the scientific credibility of the plan to optimize the likelihood of successful restoration at appropriate scales; and,
- (4) Ensures monitoring and reporting on the progress of the Great Lakes Restoration Initiative, using scientific research to revise restoration priorities as needed, and adapt and modify activities beginning in fiscal year 2011.

In considering the appropriate science for the process, the Agency shall consider that independent scientific reviews are the preferred method for some elements and activities to ensure that the best available science guides efforts to restore the Great Lakes. However, the Agency may selectively use and scale these scientific reviews so that the rate of progress is optimized at the same time scientific validation is ensured. The Agency shall determine those elements for which additional scientific validation is needed to expedite restoration while providing the Agency with the basis for optimizing successful restoration programs and projects to advance the goals, objectives, and restoration priorities of the action plan.

The conferees support funding Habitat and Wildlife Protection and Restoration through the National Oceanic and Atmospheric Administration at the Department of Commerce, as proposed by the Administration, and expect that funds will be expended on land conservation priorities that meaningfully contribute to the goals of the Initiative through the Coastal and Estuarine Land Conservation Program (CELCP). As with the other funds provided for the Great Lakes Restoration Initiative, the conferees further expect that these funds would supplement, rather than replace, CELCP funds provided in any other appropriations bill for priority projects in the Great Lakes region.

Chesapeake Bay. – The conference agreement includes \$50,000,000 for this program. In light of the new Executive Order on the Bay, which places additional demands on and expectations of the Agency and States, the conferees have included an increase above the request. The conferees direct the Agency to report within 30 days of enactment a proposed allocation of the additional funds. The conferees expect this allocation to recognize that the funds are intended to support additional regulatory and accountability programs to control urban, suburban and agricultural runoff in the watershed. The allocation should emphasize increases to State grant programs to support and expand the States' regulatory and enforcement capabilities.

Puget Sound. – The conference agreement includes \$50,000,000 for this program. From within the funds provided, \$4,000,000 is included for the Puget Sound Ecosystem Research Initiative at

DRAFT – NOT FOR CIRCULATION

the University of Washington's College of the Environment. These funds are to conduct, coordinate, and disseminate scientific research to inform policy decisions necessary to carry out the Puget Sound Action Agenda. The remaining funds are for the Agency's intramural costs, cooperative agreements, interagency agreements, contracts and competitive grants, including a competitive grant to manage implementation of the Action Agenda. Prior to announcing any requests for proposals for competitive grants, the conferees expect the Agency to coordinate with the State on priorities for the proposals.

San Francisco Bay.— The conference agreement includes \$7,000,000 to continue its competitive grant program to restore the San Francisco Bay watershed and improve water quality. The Agency shall use no more than five percent of the funds provided for the costs of administering the program.

Long Island Sound.-- The conferees direct the Agency to work with the appropriate stakeholders to determine the proper allocation of funds between the Long Island Sound Restoration Act and the Long Island Sound Stewardship Act. The Agency is directed to report to the Committees on the final distribution of the funds.

Other Geographic Activities.- The conference agreement includes \$2,000,000 for a competitive grant program to protect the Potomac Highlands. The conferees recognize the Agency's commitment to protecting the Potomac Highlands through conservation and ecological restoration initiatives. The Agency shall use no more than 10 percent of the funds for intramural costs, with the remaining funds awarded on a competitive ~~bases~~ ^{basis} for projects identified in the Highlands Action Plan.

Information Exchange/Outreach.--- The conference agreement provides \$129,972,000 for this program area. Within this amount, the conferees direct the following levels: \$6,515,000 for children and other sensitive populations; \$50,480,000 for Congressional, intergovernmental, external relations; \$9,038,000 for environmental education; and, \$16,860,000 for the exchange network. The conference agreement does not include additional funding for the Office of Children's Health Protection as proposed by the House.

IT/Data Management/Security.-- The conference agreement provides \$104,320,000 for this program. The conferees direct that funding for the Agency's library system be exempted from this reduction.

Legal / Science / Regulatory / Economic Review. -- The conference agreement provides \$123,788,000 for this program. The conferees have not provided funds for the Performance Track program. The conferees direct the Agency to provide, at a minimum, the requested level for the Smart Growth Program. The conference agreement reflects the reduction to the Regulatory/Economic-Management and Analysis program as proposed by the House.

Operations and Administration.-- The conference agreement provides \$501,895,000 for this program, which includes a \$5,000,000 reduction to the request for the Financial System Modernization Project. The Agency may take the remaining \$5,000,000 reduction from rent, utilities and/or security savings.

DRAFT – NOT FOR CIRCULATION

ed) ~~Water: Ecosystems.~~ -- From within the amount provided, the conference agreement includes \$22,400,000 for the National Estuary Grant Program instead of \$28,000,000 proposed by the House and \$16,800,000 proposed by the Senate. This increase will provide \$800,000 to each National Estuary Program fund under section 320 of the Clean Water Act.

Water Quality Protection.—From within the amount provided, the conference agreement includes \$208,437,000 for the Surface Water Protection program.

Bill Language. --- Language is included which mandates the amount allocated to the Geographic Programs.

National Vehicle Mercury Switch Recovery Program.--The conferees are aware that the National Vehicle Mercury Switch Recovery Program is an effective way to reduce mercury emissions from end-of-life vehicles. The conferees have not included bill language as proposed by the Senate; however, the conferees remain concerned that the program's operating fund and bounty fund have both been depleted since August, 2009. The conferees urge the Agency to assist program stakeholders in exploring all options to ensure the program's continued operation.

OCS Air Permits.-- The conferees are concerned about the ability of the Agency to effectively carry out its responsibilities to process oil and gas permits in the Outer Continental Shelf (OCS) in Alaska and the Eastern Gulf of Mexico. The Agency is directed to allocate sufficient funds and personnel to process OCS air permits in a timely manner consistent with all environmental laws. Within 90 days of enactment of this Act, the Agency is directed to report to the House and Senate Appropriations Committees on its progress to comply with this directive, provide a detailed timeline for issuance of the pending permits, and submit its plan to address this issue consistently among all affected regional offices. Lastly, the conferees expect the Agency to set clear, reasonable national guidelines for issuing OCS air permits.

Gulf of Maine.—The conferees urge the Agency to undertake a study of pollution and water quality issues in the Gulf of Maine with the assistance of regional stakeholders to determine whether a comprehensive restoration plan should be developed for this region.

OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$44,791,000 for the Office of the Inspector General as requested and as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes \$9,975,000 to be transferred from the Hazardous Substance Superfund account to this account.

The conference agreement again includes bill language which authorizes the Agency's Inspector General (IG) to serve as the IG for the Chemical Safety and Hazards Investigation Board (the Board). The conferees have not included language in the Board's section of the bill to transfer funds from the Board's account to this account, as proposed by the House. The Office of the Inspector General (OIG) has confirmed that it has sufficient funds in fiscal year 2010 to perform its duties as IG for the Board. The conferees expect the OIG to continue to expand reviews of the Board beyond those mandated in law to include follow up on earlier GAO recommendations.

DRAFT – NOT FOR CIRCULATION

The conferees also are concerned by the numerous reorganization proposals submitted by the Agency's OIG and the lack of sufficient notice regarding such proposals. The conferees direct the IG to submit a report describing any proposed reorganization within the OIG at least 90 days before any reorganization is to take effect. Any report filed shall describe the purpose and need for the reorganization, the impact to personnel and anticipated costs. The submission also should contain charts of the current and proposed organizational structure.

UC The conferees have included language in the administrative provisions section expressing their displeasure with the inadequate OIG analysis of the Agency's unliquidated balances.

BUILDINGS AND FACILITIES

The conference agreement provides \$37,001,000 for Buildings and Facilities activities instead of \$33,001,000 as proposed by the House and \$35,001,000 as proposed by the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement.

Bill Language.— The conferees have included modified language, as proposed by the Senate, directing the Agency to use up to \$500,000 provided under this heading to begin preliminary planning and design work to consolidate the numerous offices and laboratories in the Las Vegas, NV area into a single sustainable building complex. As part of its planning and design process, the conferees expect the Agency to develop precise estimates of total cost savings from improved administrative efficiencies, workspace proximity and reductions in water and energy consumption of such a consolidation. Given recent legislative and executive mandates for Federal agencies to display leadership in adopting sustainable technologies such as the Energy Independence and Security Act of 2007, the EPAct of 2005, Executive Orders 13423 and 13514, and the American Recovery and Reinvestment Act, the conferees expect this project to further the Agency's mission to set an example for energy efficiency and environmental stewardship. Further, the conferees urge the Agency to include full funding for the next phase of this project as part of the Agency's fiscal year 2011 budget request.

HAZARDOUS SUBSTANCE SUPERFUND

(INCLUDING TRANSFERS OF FUNDS)

UC The conference agreement provides \$1,306,541,000 for the Hazardous Substance Superfund program as proposed by the House instead of \$1,308,541,000 as proposed by the Senate. The conference agreement includes bill language to transfer \$9,975,000 to the Inspector General account and \$26,834,000 to the science and technology account as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific direction:

Operations and Administration.-- The conference agreement provides \$6,068,000 for human resources management as proposed by the House instead of \$8,068,000 as proposed by the

DRAFT – NOT FOR CIRCULATION

Senate. The conferees have provided only a small increase above the fiscal year 2009 level because the Agency's budget assumes a personnel decrease in this account.

Brookfield Avenue Landfill.—The conferees encourage the agency to reevaluate the inclusion of the Brookfield Avenue Landfill in Staten Island, NY on the Superfund National Priority List as proposed by the House.

LEAKING UNDERGROUND STORAGE TANK TRUST FUND PROGRAM

UC The conference agreement provides \$113,101,000 for the Leaking Underground Storage Tank trust fund program, as recommended by the House instead of \$114,171,000 as proposed by the Senate. From within this amount, the conference agreement provides the request of \$34,430,000 for the Energy Policy Act grants as proposed by the House instead of \$35,500,000 as proposed by the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement.

OIL SPILL RESPONSE

For the Oil Spill Response account, the conference agreement provides the request of \$18,379,000 as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement.

STATE AND TRIBAL ASSISTANCE GRANTS

The conference agreement provides \$4,970,223,000 for the State and Tribal Assistance Grants (STAG) instead of \$5,215,446,000 as proposed by the House and \$4,954,274,000 as proposed by the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following specific funding levels and directions:

- Infrastructure Assistance. The bill provides \$3,853,777,000 for infrastructure assistance instead of \$4,100,000,000 as proposed by the House and \$3,843,000,000 as proposed by the Senate.

State Revolving Funds.—The conference agreement provides \$2,100,000,000 for the Clean Water State Revolving Fund (SRF) and \$1,387,000,000 for the Drinking Water State Revolving Fund. Both amounts are at the Senate proposed levels. These funds, combined with the STAG Infrastructure Grants, provide a total of \$3,643,777,000 for water and wastewater infrastructure improvements. Bill language provides that not less than 30 percent of the funds for each State drinking water SRF capitalization grant and 30 percent of the funds made available for State clean water SRF capitalization grants above \$1,000,000,000 shall be used by the States to provide forgiveness of principal, negative interest loans or grants, or any combination of these. The conferees believe that priority for additional subsidies should be given to projects in communities that could not otherwise afford such projects and directs the Agency and the States to track how these subsidies are used and by what types of communities.

DRAFT – NOT FOR CIRCULATION

Mexican Border Infrastructure. -- The conference agreement provides \$17,000,000 for the Mexico Border program instead of \$20,000,000 as proposed by the House and \$10,000,000 as proposed by the Senate. From within the amount provided, \$2,500,000 is directed to the El Paso and Brownsville, TX projects as in prior years. The conferees direct the Agency to reduce unliquidated balances in this program and expedite construction of projects along the border.

Targeted Airshed Grants.- The conference agreement includes \$20,000,000 for this program as proposed by the Senate to reduce air pollution in the Nation's most polluted air districts. Of these funds, \$10,000,000 shall be divided equally between the San Joaquin Air Pollution Control District and the South Coast Air Quality Management District. These grants shall continue emission reduction activities in the transportation, agriculture and ports sectors and shall be matched at least on a one-to-one basis. The remaining funds are for competitive grants to reduce air pollution in nonattainment areas that the Agency determines are ranked as the top five most polluted areas relative to annual ozone or particulate matter_{2.5} standards. The Agency is expected to follow the program directives included in the Senate report.

Brownfields.— The conference agreement includes \$100,000,000 for brownfields programs as proposed by the House instead of \$101,000,000 as proposed by the Senate. From within the amount provided, the conferees direct \$1,800,000 ~~million~~ for the Technical Assistance to Brownfields Communities program and expect the Agency to expand this program in future years.

STAG Infrastructure Grants-- The conference agreement includes \$156,777,000 for infrastructure assistance grants instead of \$160,000,000 as proposed by the House and \$150,000,000 as proposed by the Senate. Bill language has been included to incorporate these projects into law by reference and to require a local match of 45 percent of the total project costs as proposed by the House and Senate. The conferees note that technical corrections to prior year project designations have been included as part of the table below.

The conferees have agreed to the following distribution of funds:

UC

Categorical Grants. The bill provides \$1,116,446,000 for categorical grants instead of \$1,115,446,000 as proposed by the House and \$1,111,274,000 as proposed by the Senate. Within this program area, the conference agreement includes:

Climate Change Initiative Grants for Local Communities. The conference agreement includes \$10,000,000 to continue this competitive grant program, which provides assistance to local governments to establish and implement climate change initiatives. The Agency is expected to follow the program directives included in the House report.

Section 106 Water Quality Grants.— The conferees are very concerned by recent reports that EPA and the States are not keeping pace with Clean Water Act enforcement requirements and believe that increased oversight and enforcement efforts related to water quality are essential. The conferees recognize that Section 106 grants are the primary tool for funding State water quality and enforcement programs and have agreed to provide the requested funding increase of \$10,769,000 above the fiscal year 2009 enacted level. The Agency is directed to ensure that the increased funds are used to strengthen State permitting and enforcement efforts and to ensure that these funds supplement and expand, not supplant, base State enforcement program resources. Consistent with recommendations from both the House and the Senate, the conference agreement does not include language proposed by the President regarding water quality monitoring. The conferees direct the Agency to follow the historic allocation criteria between State capacity-building and national surveys.

Bill Language. – Language is included within the STAG account, instead of in the Administrative Provisions section as proposed by the House, to address green infrastructure projects funded from the State Revolving Funds. The language, including technical modifications, clarifies that the type of projects eligible for the 20 percent green infrastructure set-aside includes environmentally innovative activities as proposed by the Senate. Language is included to provide for additional subsidies from the State Revolving Funds as proposed by the House in the Administrative Provisions section.

Language is included, as proposed by the Senate, to provide direction on the allocation of funds to address drinking water and waste water infrastructure needs of Alaska Native villages, including that not less than 25 percent of those funds be used for projects in regional hub communities.

The conferees have included language as proposed by the House to increase the set-asides for Tribes and territories from the State Revolving Funds instead of language proposed by the Senate.

As noted below, the conferees have modified language, as proposed by the Senate, making technical corrections to prior year infrastructure grants. These project corrections are now incorporated into law by inclusion in the table above.

Technical Corrections to prior year STAG Infrastructure Grants.-- As proposed by the Senate, technical corrections to prior-year infrastructure grants are as follows:

AL - Item number 9 in House Report 107-272 for the Southeast Alabama Regional Water Authority for a water facility project shall be made available to the City of Thomasville for that project.

Hancock County, MS State Revolving Fund Loans. -- The agreement includes a general provision that directs EPA to extend loan repayment periods for the Hancock County, MS Water and Sewer District and the Hancock County Utility Authority by one year in order to allow the community to explore all possible remedies to avoid defaulting on loans. The conferees see this as an extraordinary action based upon the devastating effect of Hurricane Katrina on Hancock County. Due to the population loss and economic impact caused by Hurricane Katrina, the community has sought, and been granted, this one year extension.

ADMINISTRATIVE PROVISIONS, ENVIRONMENTAL PROTECTION AGENCY

(INCLUDING TRANSFER AND RESCISSION OF FUNDS)

The conference agreement includes language proposed by the House to extend until 2015 authority provided in P.L. 109-54 (as amended by Title II of Division E of Public Law 111-8) which provides special hiring authority for the Agency's Office of Research and Development. The conferees believe that it is in the public's best interest to have elite scientists at the EPA addressing human health-related issues, and that they should be compensated at or near market rates. To that end, for the past five years the House and Senate Committees on Appropriations have been supportive of extending to the EPA on a pilot basis the authorities originally granted the Department of Health and Human Services under Title 42 U.S.C. § 209. The conference agreement extends this authority for another five years, through FY 2015. The conferees are aware that the National Academy of Sciences is in the process of assessing and evaluating the EPA's use of Title 42 authority, and the conferees look forward to its report. Further, the conferees urge the EPA to work with the appropriate authorizing committees to seek more permanent authorization. The conferees understand that the EPA has made 11 Title 42 appointments to date utilizing Sections 209(g) and 209(h) authorities, but has not utilized Section 209(f) authority. The conferees direct the EPA to notify the Appropriations and Authorizing Committees prior to announcing any position to be filled utilizing Section 209(f) authority.

Modified language is included to authorize the Administrator to transfer up to \$475,000,000 of funds appropriated for the Great Lakes Restoration Initiative. Language authorizing a green infrastructure set-aside from the State Revolving Funds has been included in the STAG account as proposed by the Senate instead of in the Administrative Provisions section as proposed by the House. Language proposed by the House authorizing subsidized assistance from the State Revolving Funds has been included in the STAG account. The conference agreement modifies language proposed by the House to provide specific wage rate requirements for the Clean Water and Drinking Water State Revolving Funds.

DRAFT – NOT FOR CIRCULATION

Rescission.—The conference agreement modifies rescission language proposed by the House and the Senate and rescinds \$40,000,000 from the STAG and Superfund accounts. Based on information provided by the Agency, the conferees have expanded the scope of the rescission to include the Superfund account. For the STAG component of the rescission, the conferees direct the Agency to use unobligated balances from prior year categorical and other grant programs. Unlike in previous years, the Agency is not to include as part of the rescission unobligated balances from prior year special project infrastructure grants. The conferees are concerned about the method by which the Agency has selected infrastructure grants as eligible for rescission and therefore will not allow the use of these types of funds for this specific rescission. The conferees further direct the Agency to report within 90 days of enactment ~~the status of~~ ^{(of this Act} unobligated balances from the Title II Construction Grants program and a proposed plan to resolve legal and administrative impasses to either the use of these funds or their rescission.

In light of the significant amount of unliquidated obligations remaining on prior year grants, the conferees direct the Agency to improve procedures to ensure that grant funds are expended in a timely manner. In addition, the conferees are very concerned about the quality of information and analysis provided by the Office of the Inspector General (OIG) concerning the Agency's unliquidated obligation balances. Any future submissions from the OIG on this topic should, at a minimum, identify the appropriation account for each program with unliquidated obligations. In addition, the OIG should not submit any estimates unless and until it has met with the Agency to review each obligation and determine together whether or not it is actually available for rescission. Only after consultation with and agreement from the Agency, should the OIG report to Congress as available for rescission any funds attached to grants with active performance periods.

Black Carbon Study.-- The conferees have included a modified version of the language proposed by the Senate requiring the Agency to conduct a study on black carbon emissions and have provided additional direction under the Science and Technology account.

TITLE III - RELATED AGENCIES

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

The conference agreement provides a total of \$5,297,256,000 for all Forest Service accounts instead of \$5,420,138,000 as proposed by the House and \$5,368,758,000 as proposed by the Senate (including the entire \$834,000,000 proposed by the Senate in their section 431 version of the FLAME Act). The detailed allocation of funding by appropriation account and budget activity is included in the table at the end of the statement.

The conference agreement concurs with the House proposed language encouraging the Forest Service to accelerate the longleaf pine restoration effort using funds provided within the National Forest System, State and Private Forestry, and Forest and Rangeland Research accounts.

FOREST AND RANGELAND RESEARCH

The conference agreement provides \$312,012,000 for Forest and Rangeland Research instead of \$308,612,000 as proposed by the House and \$307,012,000 as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Research and Development Programs. -- The conference agreement includes the \$5,000,000 funding increase and the directions proposed by the House concerning the global climate change program increase and the Senate proposed increase above the request of \$400,000 to increase the budget request for the Center for Bottomlands Hardwood Research, MS, for a total of \$800,000. The House proposed fixed cost increase is not included. The conferees reiterate their support for the amount requested for the Northeastern States Research Cooperative and expect the Service to allocate funds among participating entities.

Forest Inventory and Analysis. -- The conference agreement includes an increase of \$5,000,000 above the request as recommended by the Senate. The Senate directions concerning this program should be followed.

STATE AND PRIVATE FORESTRY

The conference agreement provides \$308,061,000 for State and Private Forestry instead of \$307,486,000 as proposed by the House and \$276,946,000 as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

DRAFT – NOT FOR CIRCULATION

Forest Health Management.-- The conference agreement provides an increase of \$2,000,000 above the request for high priority work in the Federal program as described by the House. The cooperative program includes the \$2,000,000 increase for emerald ash borer urban restoration as recommended by the House as well as the Senate proposed \$750,000 increase for gypsy moth activities. The conferees encourage the Service to pursue additional emerald ash borer response activities such as those discussed by the Senate to help the State of Wisconsin, within the normal program.

As detailed below, the conference agreement also allows up to \$2,000,000 within the cooperative forest health management program to be made available for the Pest and Disease Revolving Loan Fund established by Public Law 110-246.

Cooperative Fire Protection.-- The conference agreement includes an increase of \$4,000,000 for State Fire Assistance as recommended by the House, which should be targeted for activities related to implementing State-wide Assessment and Resource Strategy plans.

Forest Stewardship.-- The conference agreement includes the House proposed increase of \$1,000,000 for the Chesapeake Bay program but the agreement does not include the other increases proposed by the House.

Forest Legacy. -- The forest legacy program is funded at a total level of \$79,460,000, of which \$3,000,000 is derived from prior-year unobligated funds. This includes \$6,200,000 for program administration, \$500,000 to initiate the community forest program, and \$72,760,000 for forest legacy projects. The Service should fund projects in priority order according to their competitively-selected national priority list for fiscal year 2010.

Urban and Community Forestry.-- The conference agreement includes the following projects proposed by the House: \$150,000 for the Baltimore Urban Forestry Watershed Demonstration Cooperative Project; \$300,000 to support the Menomonee Valley Partners Inc., Urban Forestry Project in Milwaukee, WI; and \$1,000,000 to continue the Seattle-Tacoma regional urban forestry restoration effort, WA.

Economic Action Program.-- The conference agreement includes the following projects proposed by the Senate: \$300,000 to the Missouri Forest Foundation for a biomass demonstration project; \$200,000 to the Utah Department of Agriculture for a fuels-for-schools biomass utilization project; \$2,500,000 to the Service's Region 5, for small forest products infrastructure assistance grants in California; \$500,000 to the State of Vermont for the Vermont Wood Products Collaborative; and \$500,000 to the Blue Mountain Community Renewable Council for the Calaveras Healthy Impact Product Solutions biomass utilization project (CHIPS) in Calaveras, California. An additional \$1,000,000 above the request is also provided to ~~the~~ increase the budget request for the Wood Education and Resource Center in Princeton, WV, for technical assistance and business development activities, for a total of \$1,900,000.

International Program.-- The conference agreement provides \$9,818,000 for the International program, an increase of \$750,000 above the request.

DRAFT – NOT FOR CIRCULATION

Bill Language.-- The conference agreement includes language proposed by the Senate within the National Forest System account, which allows up to \$2,000,000 to be made available to the Pest and Disease Revolving Loan Fund as established by section 10205(b) of the Food, Conservation, and Energy Act of 2008 (16 U.S.C. 2104 a(b)).

NATIONAL FOREST SYSTEM

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$1,551,339,000 for the National Forest System instead of \$1,564,801,000 as proposed by the House and \$1,552,429,000 as proposed by the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. The House proposed increases within several budget activities for climate change adaptation are not included. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Land management planning.-- The conference agreement includes \$399,000 above the request to partially offset fixed cost increases.

Inventory and Monitoring.-- The conference agreement includes \$1,807,000 above the request to partially offset fixed cost increases.

Recreation, Heritage, and Wilderness.-- The conference agreement does not include the House proposed increases for fixed costs or the youth and conservation initiative. The agreement does include an increase of \$5,000,000 above the request to assist priority recreation operations.

Wildlife and Fisheries Habitat Management.-- The conference agreement includes \$1,543,000 above the request to partially offset fixed cost increases.

Forest Products.-- The conference agreement does not include the Senate proposed increase for regions with recently closed and at-risk mills but does include an increase above the request of \$6,513,000 to offset fixed costs. The conferees expect the Service to consider regional needs to maintain at-risk forest products infrastructure as it allocates the fixed cost increase. The Senate proposed increase of \$1,250,000 to increase the budget request for the Tongass National Forest timber pipeline program, AK, is included.

Vegetation and Watershed Management.-- The conference agreement includes \$3,500,000 above the request to expand efforts to fund cleanup activities associated with marijuana eradication on national forest lands and \$2,174,000 above the request to partially offset fixed cost increases.

Minerals and Geology Management.-- The conference agreement includes \$590,000 above the request to partially offset fixed cost increases.

Land Ownership Management.-- The conference agreement includes \$1,234,000 above the request to partially offset fixed cost increases.

DRAFT – NOT FOR CIRCULATION

Law Enforcement Operations.-- The conference agreement includes an increase of \$10,000,000 above the request to expand the Service's marijuana eradication activities on national forest system lands as proposed by the Senate and discussed during House floor action. The conferees have retained Senate direction regarding the allocation of this increase.

Bill Language.-- The conference agreement provides three-year authority for the Forest Service to transfer up to \$10,000,000 to the Department of the Interior, Bureau of Land Management, for certain wild horse and cadastral survey work they perform on behalf of the Service.

CAPITAL IMPROVEMENT AND MAINTENANCE

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$556,053,000 for Capital Improvement and Maintenance instead of \$560,673,000 as proposed by the House and \$513,418,000 as proposed by the Senate. The conferees note that they have agreed to offset these funds with a \$18,000,000 scoring credit, as proposed by the House and Senate. The detailed allocation of funding by activity for this account is included in the table at the end of the statement. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Facilities Capital Improvement.--The conference agreement provides for the following projects: \$595,000 increase for facilities improvements on the Monongahela National Forest, WV; an increase of \$800,000 above the budget request to continue construction of research stations in Hawaii, for a total of \$1,460,000; \$500,000 to complete construction of a Cherokee National Forest work center, TN; \$1,900,000 for relocation of the Northern Great Plains Interagency Dispatch Center on the Black Hills National Forest, SD; and \$475,000 to redesign the Ratcliff Lake Recreation Area and campground, TX.

Road Capital Improvement.-- The conference agreement includes an increase of \$1,521,000 for road improvements for the Monongahela National Forest, WV.

Trail Maintenance and Capital Improvement.-- The conference agreement includes the House proposed \$2,000,000 increase for fixed costs and the \$1,200,000 designated for Sawtooth National Recreation Area, ID trail construction and maintenance. The agreement also includes the Senate-proposed increase of \$100,000 to the Lake Tahoe Basin Management Unit for improvements to the Tahoe Rim Trail, NV, to be conducted by the Tahoe Rim Trail Association.

Legacy Road and Trail Remediation.-- The conference agreement provides \$90,000,000 for the legacy road and trail remediation program. The Service should follow the direction as described by the House.

Bill Language.-- The conference agreement includes the House proposed language concerning the availability of funds for decommissioning of roads. The conference agreement includes the

DRAFT – NOT FOR CIRCULATION

Senate proposed language limiting funds to decommission any system road until notice and an opportunity for public comment has been provided on each decommissioning project.

LAND ACQUISITION

The conference agreement includes \$63,522,000 for Land Acquisition instead of \$36,782,000 as proposed by the House and \$67,784,000 as proposed by the Senate. The conference agreement includes the following distribution of funds:

ACQUISITION OF LANDS FOR NATIONAL FORESTS SPECIAL ACTS

The conference agreement includes \$1,050,000 as requested and as proposed by both the House and the Senate for Acquisition of Lands for National Forests Special Acts.

ACQUISITION OF LANDS TO COMPLETE LAND EXCHANGES

The conference agreement includes \$250,000 as requested and as proposed by both the House and the Senate for Acquisition of Lands to Complete Land Exchanges.

RANGE BETTERMENT FUND

The conference agreement includes \$3,600,000 as requested and as proposed by both the House and the Senate for the Range Betterment Fund.

GIFTS, DONATIONS AND BEQUESTS FOR FOREST AND RANGELAND RESEARCH

The conference agreement includes \$50,000 as requested and as proposed by both the House and the Senate for Gifts, Donations and Bequests for Forest and Rangeland Research.

MANAGEMENT OF NATIONAL FOREST LANDS FOR SUBSISTENCE USES

DRAFT – NOT FOR CIRCULATION

The conference agreement includes \$2,582,000 as requested and as proposed by both the House and the Senate for Management of National Forest Lands for Subsistence Uses.

WILDLAND FIRE MANAGEMENT (INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$2,178,737,000 for Forest Service Wildland Fire Management instead of \$2,370,288,000 as proposed by the House and \$1,817,637,000 as proposed by the Senate. The conference agreement also includes an additional \$413,000,000 for the new Forest Service FLAME Wildfire Suppression Reserve Fund established in the FLAME Act of 2009 (Title V of this Act). The Senate had included \$282,000,000 for a contingency reserve fund within Wildland Fire Management, whereas the House had included \$282,000,000 in a separate Wildland Fire Suppression Contingency Reserve account, as requested. The Senate recommendation also included in section 431 an additional \$834,000,000 for the inter-departmental FLAME Fund and an additional \$10,000,000 in a separate Collaborative Forest Landscape Restoration Fund.

The detailed allocation of funding by activity for the wildfire accounts is included in the table at the end of the statement. The conferees note that the funding provided includes the use of \$75,000,000 in prior year funds because the suppression activity had large, non-emergency carry-over balances from fiscal year 2009. In addition to the directions provided in the House and Senate committee reports, the conference agreement also provides the following directions:

Wildfire Preparedness.-- The conference agreement provides \$675,000,000 as requested for preparedness but not the funds recommended by the House and the Senate for fixed costs or firefighter retention. The conferees have retained direction directing the Secretary of Agriculture, after notifying the House and Senate Appropriations Committees, to adjust allocations between preparedness and suppression funds to ensure that readiness needs are fully funded for this fiscal year. However, the conferees are concerned that these shifts of aviation, personnel and overhead costs to the suppression appropriation have continued to grow exponentially and cloaked the true cost of the agency's readiness needs. The conferees believe an analysis of base preparedness requirements must be an essential element of the firefighting budget reforms proposed in Title V and has provided additional direction to that effect within the description of that title. Further, the conferees note that firefighter retention initiatives for fiscal year 2010 will be fully funded by prior-year appropriations as appropriate to maintain experienced and qualified staffing.

The conferees reiterate the House and Senate direction concerning readiness required for public safety and the requirement that the Forest Service provide a copy of its report on Federal air tanker needs, including an estimate of replacement costs, within 30 days of enactment of this Act.

Wildfire Suppression Operations. -- The conference agreement includes \$997,505,000 for wildland fire suppression instead of \$1,128,505,000 as proposed by the House and \$369,505,000 as proposed by the Senate. As noted above, the Senate had also included \$834,000,000 in

DRAFT – NOT FOR CIRCULATION

section 431 for an inter-departmental FLAME fund. The conferees note the use of \$75,000,000 in prior year funding. An additional \$413,000,000 for suppression activities is provided in the new Forest Service FLAME Wildfire Suppression Reserve Fund. The conferees note that the Department of the Interior wildland fire suppression accounts are provided \$444,797,000, including \$61,000,000 in the new Department of the Interior FLAME Wildfire Suppression Reserve Fund. Thus, the sum for wildfire suppression for both Departments, including both the suppression and the FLAME Wildfire Suppression Reserve Fund accounts is \$1,855,302,000. This total is equal to the request for all wildfire suppression accounts and is \$526,164,000 above the fiscal year 2009 funding level. This is the largest non-emergency funding increase ever provided for wildfire suppression.

The conferees note that additional direction concerning the use of the new Forest Service and Interior Department FLAME Wildfire Suppression Reserve Funds is included in Title V accompanying the FLAME Act of 2009. In particular, the conferees note that direction has been provided to the Service in Title V relating to the formulation of future fire suppression budget estimates for Wildland Fire Management and FLAME Fund appropriations. The use of the FLAME funds is entirely consistent with the risk-informed wildfire suppression reforms discussed in the budget request, including expanded use of the Wildland Fire Decision Support System, which will result in strengthened oversight and accountability of suppression spending.

The conferees reiterate that both the Interior Department and the Forest Service should ensure that cost containment is an important priority when suppressing wildland fires. Both Departments must examine and report promptly to the Congress and on agency websites, using independent panels on each and every individual wildfire incident which results in suppression expenses greater than \$10,000,000.

UC
the
The conferees note that bill language included in administrative provisions provides authority for the Forest Service to transfer non-wildfire funds for emergency wildfire suppression once all the funds in this account and the new FLAME Wildfire Suppression Reserve Fund will be exhausted within 30 days.

Hazardous Fuels Reduction. -- The conference agreement provides \$350,285,000 for hazardous fuels reduction activities at the Forest Service instead of \$378,086,000 as proposed by the House and \$340,285,000 as proposed by the Senate. The agreement provides a \$25,000,000 increase for this program; the Service is directed to allocate this increase to areas that face the highest risk of catastrophic wildfire based on fuel loads and values at risk. The conference agreement also includes \$10,000,000 for fuels reduction and restoration activities authorized by the Collaborative Forest Landscape Restoration Act (P.L. 111-11) within this account instead of within a separate appropriations account as proposed by the Senate. The conferees expect the Service to follow direction included in the Senate report regarding the submission of forest landscape projects funded through this new program no later than March 1, 2010. The agreement does not include the general program increase recommended by the House. The agreement includes the House recommendation of \$5,000,000 for certain biomass grants as was requested.

Rehabilitation. -- The conference agreement includes the \$100,000 increase proposed by the House for the San Bernardino, CA, urban youth conservation corps. The conferees note that there have been extreme wildfires in recent years, which will require extensive rehabilitation and restoration activities. The Service is urged to provide a detailed assessment of future needs and accomplishments in the next budget request.

DRAFT – NOT FOR CIRCULATION

Forest Health Management.-- The conference agreement includes general program increases above the fiscal year 2009 level of \$3,500,000 for Federal lands forest health management and \$1,500,000 for cooperative lands forest health management.

State Fire Assistance.-- The conference agreement includes a general program increase of \$15,000,000. This will help the States accomplish national fire plan activities including hazardous fuels reduction and implementation of community wildfire protection plans. The agreement also includes the following increases above the request as proposed by the Senate: \$4,000,000 for the South Lake Tahoe Public Utility District to increase the budget request for the Lake Tahoe Community Fire Protection Project to fund water system improvements by local utility districts to enhance firefighting capability, for a total of \$5,000,000; \$2,000,000 for fire risk reduction activities by California Fire Safe Council chapters, including activities in the Lake Tahoe Basin, for a total of \$5,000,000; and \$250,000 for the City of Reno, NV to fund firefighting equipment for the wildland-urban interface. The conferees have agreed that a 25 percent local match shall be required for Fire Safe Council grants.

Bill Language.-- The conference agreement modifies the language in the budget request and House recommendation concerning procurements and cooperative agreements for hazardous fuels and associated monitoring activities so it is limited to \$15,000,000. The conference agreement includes Senate-proposed language: (1) allowing up to \$15,000,000 in hazardous fuels funding to be transferred to the National Forest System account at the sole discretion of the Forest Service Chief 30 days after notifying the Committees on Appropriations; and (2) concerning the use of funds on adjacent non-Federal lands and the availability of funds to implement the Community Forest Restoration Act. As previously noted, modified language is also included that allows \$10,000,000 of funds made available for hazardous fuels reduction to be deposited in the Collaborative Forest Restoration Fund. Bill language is included that directs the Forest Service to make no less than \$75,000,000 in prior year non-emergency wildfire suppression funds available for wildfire suppression purposes in addition to amounts otherwise provided. The agreement includes the House proposed language allowing up to \$50,000,000 to be transferred between the Interior Department and the Forest Service when such transfers would facilitate and expedite jointly funded wildland fire management programs and projects.

The conference agreement does not include the Wildland Fire Contingency Reserve Fund, which was in the request and the House recommendation. Instead, funds are provided for the FLAME Wildfire Suppression Reserve Fund, as described below.

FLAME WILDFIRE SUPPRESSION RESERVE FUND

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement provides \$413,000,000 for the new Forest Service FLAME Wildfire Suppression Reserve Fund established in the FLAME Act of 2009 (Title V of this Act). The Senate had included \$282,000,000 within the Wildland Fire Management account for a suppression reserve, whereas the House had included, as requested, \$282,000,000 for a separate Wildland Fire Suppression Contingency Reserve Fund. Further direction on the use of this new account is provided in Title V. The conferees note that funding provided this year as a beginning

DRAFT – NOT FOR CIRCULATION

allocation is equal to the actual expenditures during fiscal year 2009 by the Forest Service on large wildfire suppression events, as defined by the FLAME Act of 2009 (Title V of this Act). A similar account in the Department of the Interior is also provided an additional \$61,000,000. The conferees have established these funding levels to give the Department of the Interior and the Forest Service some degree of funding flexibility as they develop appropriate procedures and infrastructure for the FLAME Funds. However, these levels are not intended to represent a final method for calculating FLAME Fund budget requests. Instead, as provided in Title V, the conferees expect the agencies to develop new methods for formulating fire suppression funding estimates for the Wildland Fire Management and FLAME Fund appropriations accounts as part of their fiscal year 2011 budget request.

The conferees appreciate the Administration's recognition that budgeting for wildfire suppression using the 10-year rolling average has failed to keep pace with actual funding requirements and has led to significant disruption as agencies borrow from non-fire program accounts when funds are exhausted. The conferees intend that, for fiscal year 2010 and beyond, amounts provided through the FLAME Fund, together with amounts provided through the Wildland Fire Management account, should fully fund anticipated wildland fire suppression requirements and prevent future borrowing from non-fire programs.

ADMINISTRATIVE PROVISIONS, FOREST SERVICE

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement includes administrative provisions similar to previous years. This includes limiting transfers to the USDA for reimbursable charges to the requested amount and allowing up to \$55,000,000 to be assessed for fire, administrative and other facilities maintenance. The House recommended language continuing a provision concerning the use of funds for certain Puerto Rico school expenses is included. The conference agreement provides \$3,000,000 for the National Forest Foundation and \$3,000,000 for the National Fish and Wildlife Foundation; it is acceptable for these foundations to make grants to Federal recipients, including Forest Service offices. As recommended by the House, the Government Accountability Office should conduct an independent analysis of centralized business services of the Forest Service, including a comprehensive review of the purchase card program.

The bill language concerning transfers of funds for certain emergency wildfire suppression needs has been modified from the versions recommended by either the House or the Senate to be consistent with the FLAME Act of 2009. Non-wildfire suppression funds may not be transferred unless all other funds, including both those in the Wildland Fire Management account and the FLAME Wildfire Suppression Reserve Fund, will be fully exhausted within 30 days. The Service should take its first fire suppression transfers from unobligated balances, if available, from the Knutson-Vandenberg Trust Fund and other permanent and trust fund accounts, and use those balances, as appropriate, before transferring funds from discretionary accounts.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

The conference agreement provides \$3,657,618,000 for Indian Health Services as proposed by the House, instead of \$3,639,868,000 as proposed by the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following directions:

Domestic Violence Prevention. – The conference agreement provides a total of \$10,000,000 as proposed by the House for domestic violence and sexual assault prevention and treatment, instead of \$7,500,000 as proposed by the Senate. From within those funds, the Indian Health Service (IHS) is directed to implement a nationally coordinated Sexual Assault Forensic Examiner/Sexual Assault Response Team (SAFE/SART) program to be used to fund IHS and Tribally managed hospitals, clinics and/or other facilities that provide 24/7 emergency care through competitive grants, 638 contracts and/or program awards to build local SAFE and SART capacity. In addition, the Service is directed to expand its national domestic violence grant program through competitive grants, 638 contracts and/or program awards to address the growing need for these services.

As the need for domestic violence programs increases, so do the number of cases that need to be prosecuted. However, there have been reports that the Department of Health and Human Services policy on witness subpoenas impedes the ability of IHS personnel to present evidence or testimony in these cases. This can cause the cases to be dropped and the perpetrators to potentially walk free. This scenario is simply unacceptable. Therefore, the Department and the Service are directed to reevaluate and revise this policy to ensure that IHS personnel are able to testify and present evidence in these cases and to report to the House and Senate Committees on Appropriations on their revised policy within 90 days of enactment of this Act.

Dental Health. – The conference agreement provides \$152,634,000 for dental health programs as proposed by the House, instead of \$151,384,000 as proposed by the Senate. Of those funds, \$1,000,000 is for the Headquarters Division of Oral Health to expand the dental residency program and \$250,000 is to expand the summer extern program. In addition, the Service is directed to further its dental health efforts by utilizing a portion of the health information technology funds to refine and expedite the deployment schedule of the electronic dental record system.

House → *Urban Indian Health Program.* – The conference agreement provides \$43,139,000 as proposed by the ~~Senate~~ for urban health programs, instead of \$38,139,000 as proposed by the Senate. The increase is provided to assist the Service in addressing shortfalls within this program that have accumulated over the last several years. Bill language from previous years has not been included because the conferees are satisfied that the Administration does not intend to eliminate this program.

INDIAN HEALTH FACILITIES

The conference agreement provides \$394,757,000 for Indian Health Facilities as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity for this account is included in the table at the end of the statement. The conference agreement also includes the following directions:

The conferees remain concerned about the systemic weaknesses in the IHS inventory management system, as identified by the Government Accountability Office (GAO). A recently released follow-up investigation by the GAO suggests these weaknesses persist. The conferees expect the Service to ensure that the provision of health care services is not adversely affected by these problems and demonstrate that it is working aggressively to strengthen administration and accountability. The Service is directed to evaluate its inventory management system, identify and correct any deficiencies, and provide a detailed report to the House and Senate Committees on Appropriations on its efforts within 60 days of enactment of this Act.

The conferees are concerned about the persistent backlog of Indian Health Service health facilities construction projects serving American Indians and Alaska Natives. The conferees believe that the joint venture program provides a cost-effective means to address this backlog and to increase access to health care services for American Indians and Alaska Natives. The conferees are aware that IHS is currently reviewing competitive applications from Tribes and Tribal organizations to participate in the 2010 joint venture program and encourage the Service to move forward with the process in an expeditious manner.

NATIONAL INSTITUTES OF HEALTH

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The conference agreement provides \$79,212,000 for the National Institute of Environmental Health Sciences as requested and as proposed by both the House and the Senate.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY

TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

The conference agreement provides \$76,792,000 for the Agency for Toxic Substances and Disease Registry as requested and as proposed by both the House and the Senate. The conferees continue to be concerned with the CDC's administrative costs. The conferees are aware that the CDC plans to commission a study on administrative costs. The conferees direct the ATSDR to submit the results of that study, as soon as it becomes available. If necessary, the House and Senate Committees on Appropriations may consider a cap on administration expenses.

Bill Language.—The conference agreement includes language that provides up to \$1,000 per eligible employee of the ATSDR for Individual Learning Accounts as proposed by the House.

OTHER RELATED AGENCIES

EXECUTIVE OFFICE OF THE PRESIDENT

COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF ENVIRONMENTAL QUALITY

The conference agreement provides \$3,159,000 for the Council on Environmental Quality and Office of Environmental Quality as requested and as proposed by both the House and the Senate. The conference agreement also includes the following directions:

Appalachian Surface Coal Mining Interagency Plan.—The conferees expect the Council on Environmental Quality to abide by the language in Senate Report 111-38 referencing the Administration's Interagency Action Plan to "diversify and strengthen the Appalachian regional economy." The conferees direct the Council, in coordination with the Appalachian Regional Commission, to provide a detailed report no later than March 31, 2010, on how the Administration intends to achieve its goals.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

SALARIES AND EXPENSES

The conference agreement provides \$11,147,000 for the Chemical Safety and Hazard Investigation Board instead of \$10,547,000 as proposed by the House and \$11,195,000 as proposed by the Senate. The conference agreement includes language that: limits the Board to not more than three career SES positions; directs that EPA's Inspector General serve as the Board's Inspector General; and instructs the Board to utilize the personnel in EPA's Office of Inspector General. The conferees have not included language to transfer funds from the Board's account to ~~this~~ ^{the} account, as proposed by the House. The Inspector General has confirmed that he has sufficient funds in fiscal year 2010 to perform this function. The conference agreement also includes the following specific funding levels and directions:

Methyl isocyanate report.—The conference agreement includes bill language that designates \$600,000 for a National Academy of Sciences report on the use and storage of methyl isocyanate and alternatives at the Bayer CropScience facility in Institute, WV.

OFFICE OF NAVAJO AND HOPI INDIAN RELOCATION

SALARIES AND EXPENSES

DRAFT – NOT FOR CIRCULATION

The conference agreement provides \$8,000,000 for the Office of Navajo and Hopi Indian Relocation, Salaries and Expenses as requested and proposed by both the House and the Senate.

INSITITUTE OF AMERICAN INDIAN AND ALASKA NATIVE CULTURE AND ARTS DEVELOPMENT

PAYMENT TO THE INSTITUTE

The conference agreement provides \$8,300,000 for the Institute of American Indian and Alaska Native Culture and Arts Development as requested and proposed by both the House and the Senate.

SMITHSONIAN INSTITUTION

SALARIES AND EXPENSES

The conference agreement includes \$636,161,000 for the Salaries and Expenses account of the Smithsonian Institution, instead of \$634,161,000 as requested and as proposed by both the House and the Senate. The detailed allocation of funding by program area and activity is included in the table at the end of this section of the statement. The increase above the request is designated for the museum-wide collections care initiative to assist the Institution in strengthening its efforts to preserve priceless historical collections. The conference agreement includes bill language proposed by the House concerning two-year funding availability. Language is also included in the bill as proposed by the Senate stipulating that from within the funds provided, \$250,000 will be used to carry out activities under the Civil Rights History Project Act of 2009.

The conferees note that some Smithsonian Institution collections, such as the priceless military uniform collection at the National Museum of American History, may be stored in unsatisfactory conditions. The conferees urge the Smithsonian to take the necessary steps to preserve these irreplaceable historical collections and ensure that preservation of its collections is made a high priority.

FACILITIES CAPITAL

The conference agreement includes \$125,000,000 as requested and as proposed by the Senate instead of \$140,000,000 as proposed by the House for the Facilities Capital account.

LEGACY FUND

(INCLUDING RESCISSION OF FUNDS)

The conference agreement includes a net increase of \$234,000 as proposed by the Senate for the Legacy Fund instead of no appropriation as proposed by the House. The conference agreement

includes the Senate proposal to rescind \$29,766,000 in prior year balances in this account and appropriate \$30,000,000 for revitalization of the Arts and Industries building on the National Mall, provided the funds are matched on a 1:1 basis with private contributions.

The conference agreement does not include the House recommended administrative provision, which allowed the fiscal year 2008 Legacy Fund appropriation to be transferred into the Facilities Capital account, to be used under the terms and conditions of that account.

NATIONAL GALLERY OF ART

SALARIES AND EXPENSES

The conference agreement provides \$110,746,000 for the Salaries and Expenses account of the National Gallery of Art as proposed by both the House and the Senate. Bill language is included which allows up to \$3,386,000 for the Special Exhibition Program, as proposed by both the House and the Senate. The detailed allocation of funding by activity for this account is included in the table at the end of this section of the statement.

REPAIR, RESTORATION AND RENOVATION OF BUILDINGS

The conference agreement provides \$56,259,000 for the Repair, Restoration and Renovation account as proposed by the House instead of \$54,499,000 as proposed by the Senate. Bill language is included which provides \$40,000,000 for the repair of the East Building exterior marble façade, as proposed by the House. The conferees have provided this significant increase in light of the considerable public safety hazard posed by the deterioration of the façade. In addition, the agreement includes bill language as proposed by the Senate to allow for a single contract for the full scope of this project.

JOHN F. KENNEDY CENTER FOR THE PERFORMING ARTS

OPERATIONS AND MAINTENANCE

The conference agreement provides \$23,000,000 for the Operations and Maintenance account instead of \$25,000,000 proposed by the House and \$22,500,000 proposed by the Senate. Bill language has been included as proposed by the House directing \$500,000 toward the Center's efforts to assist arts organizations nation-wide with tools to manage the challenges posed by the economy. Such assistance should address issues including board governance, budgeting, marketing, and technology. The Kennedy Center is directed to submit a spending plan for these funds no later than 30 days after enactment of this bill.

CAPITAL REPAIR AND RESTORATION

The conference agreement provides \$17,447,000 for the capital repair and restoration account as proposed by both the House and the Senate.

WOODROW WILSON INTERNATIONAL CENTER FOR SCHOLARS

SALARIES AND EXPENSES

The conference agreement provides \$12,225,000 for the Woodrow Wilson International Center for Scholars as proposed by the House instead of \$10,225,000 as proposed in the request and by the Senate. Within the overall increase, \$650,000 is provided for the Kissinger Institute on China and the United States, which was established by the Center last year, and other related Asia programs. While the conferees understand that the Institute was originally to be supported solely with private contributions, the downturn in the economy has slowed the response to the Center's initial fundraising efforts. This program support will allow the Institute to move forward with its first initiatives at a critical stage in its development. An additional amount of \$600,000 is provided for necessary administrative costs that were not covered in the request. Language has been included in the bill, as proposed by the House, to make the Center's appropriation available for two years in order to accommodate any issues that may arise because of discrepancies between the obligation of grant monies and the fiscal year calendar.

NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES

NATIONAL ENDOWMENT FOR THE ARTS

GRANTS AND ADMINISTRATION

The conference agreement provides \$167,500,000 for the National Endowment for the Arts (NEA) instead of \$170,000,000 as proposed by the House and \$161,315,000 as requested and proposed by the Senate. The detailed allocation of funding by program area for this account is included in the table at the end of the statement.

The conferees commend the National Endowment for the Arts for promoting literacy and reading in the United States through the highly acclaimed Big Read program. The Big Read engages communities of all sizes and Americans of all ages by celebrating the literary works of American writers. Since 2005, the NEA has awarded grants—leveraged with millions of private sector dollars—in every State and virtually every Congressional district in the United States. The NEA study, *Reading on the Rise*, released last year, documents a definitive increase in the number of American adults who read with the biggest increases in young adults aged 18-24. This new growth reverses two decades of downward trends cited in previous NEA reports. The conferees remain committed to the Big Read program and direct the NEA to report to the House and Senate Committees on Appropriations, no later than 60 days after enactment of this Act, with a detailed funding plan for the continuation of this popular and successful program.

DRAFT – NOT FOR CIRCULATION

Bill Language.—The conference agreement includes three provisions in Title IV, General Provisions, which relate to the NEA. The first, Section 417, concurs with the administration's request to reinstate four positions on the National Council on the Arts that were eliminated in 1996. This expansion will enable the National Endowment to receive counsel and advice from a more diverse body that represents a broader array of arts disciplines and fields.

438
249
439)
Sections ~~439 and 440~~ include the full text of language regarding program priorities and grant guidelines, which in recent years has been incorporated by reference to sections 309 and 311 of P.L. 108-447. These provisions are in addition to the instructions provided under the agency's most recent authorization regarding the awarding of grants. The conferees have taken this step in light of recent controversies in order to restate for the Endowment and the general public the guidelines within which the agency is expected to conduct its work and distribute taxpayer dollars in support of the arts.

Finally, the conferees note that section 402 of Title IV, General Provisions, prohibits any agency, including the NEA, from any activity, publication or distribution of literature that "*in any way* (emphasis added) tends to promote public support or opposition to any legislative proposal on which Congressional action is not complete other than to communicate to Members of Congress...." The conferees urge the NEA to take immediate steps to ensure that all employees are aware of these provisions when conducting any activities funded by this appropriation.

NATIONAL ENDOWMENT FOR THE HUMANITIES

GRANTS AND ADMINISTRATION

The conference agreement provides \$167,500,000 for the National Endowment for the Humanities (NEH) instead of \$170,000,000 as proposed by the House and \$161,315,000 as requested and proposed by the Senate. The conferees do not agree with the proposal to fund the National Capital Arts and Cultural Affairs grant program through the NEH. Instead, the conferees agree to continue administering the National Capital Arts and Cultural Affairs grant program through the Commission of Fine Arts as proposed by both the House and Senate. The detailed allocation of funding by program area for this account is included in the table at the end of this section of the statement.

COMMISSION OF FINE ARTS

SALARIES AND EXPENSES

The conference agreement provides \$2,294,000 for the Commission of Fine Arts, as requested and proposed by both the House and the Senate.

House. Language is included in the bill in title IV, General Provisions, to adjust the authorized funding level for this program to \$10,000,000 and increase the maximum allowable grant level to \$650,000 per recipient per year in agreement with the House proposal. The Senate bill did not contain this provision.

ADVISORY COUNCIL ON HISTORIC PRESERVATION

SALARIES AND EXPENSES

The conference agreement provides \$5,908,000 for the Advisory Council on Historic Preservation as requested and as proposed by both the House and the Senate.

NATIONAL CAPITAL PLANNING COMMISSION

SALARIES AND EXPENSES

The conference agreement provides \$8,507,000 for the National Capital Planning Commission, as requested and proposed by both the House and the Senate.

UNITED STATES HOLOCAUST MEMORIAL MUSEUM

HOLOCAUST MEMORIAL MUSEUM

The conference agreement provides \$49,122,000 for the United States Holocaust Memorial Museum as proposed by the Senate, instead of \$48,551,000 as requested and as proposed by the House. The increase above the request is provided to sustain the additional security measures that were implemented by the Museum earlier this year immediately following the tragic shooting of an employee there. The conferees understand that further steps may be taken upon completion of a security review by the Department of Homeland Security based on the findings contained therein.

PRESIDIO TRUST

PRESIDIO TRUST FUND

The conference agreement provides \$23,200,000 for the Presidio Trust Fund as proposed by the House, instead of \$17,230,000 as proposed by the Senate.

DRAFT – NOT FOR CIRCULATION

The conference agreement does not retain language included by the Senate expressing the sense of the Senate that the National Vehicle Mercury Switch Recovery Program effectively addresses mercury pollution and should continue. Instead, the conferees have included language on this issue as part of the joint explanatory statement for the Environmental Programs and Management account.

The conference agreement does not include a provision included by the House that required bonus bids for lease sales of coal to be paid at the time of sale rather than over a five-year period.

The conference agreement does not include a provision included by the House that prevented the Secretary of the Interior from transferring funding to the Secretary of Energy for certain energy research purposes.

The conference agreement does not include a provision included by the House that allowed funding under the Secure Rural Schools Act to be used for certain purposes.

The conferees have not agreed to statutory language proposed by the Senate in its section 424 regarding limitations on the use of certain funds made available through the American Recovery and Reinvestment Act (P.L. 111-5) to the Forest Service. The conferees note that the Service was given legal authority under the Recovery Act to fund \$250,000,000 of hazardous fuels reduction, forest health and ecosystem restoration projects, including urban forestry projects, using all authorities available to the Service through the State and Private Forestry appropriation. However, the conferees believe that greater priority should have been given to projects that both create jobs and reduce fire risk. The conferees note that there appears to be an inadequate relationship between the geographical allocation of project funding by the Forest Service and the need for jobs to reduce unemployment. Further, the conferees remain troubled by the lack of transparency and the lack of communication from the Service and the Department of Agriculture related to the project selection process. The Service is directed to provide to the House and Senate Appropriations Committees, within 30 days of enactment of this Act, a comprehensive list of all projects selected for Recovery Act funding; a detailed description, including proposed accomplishments, for each project; and a detailed description of criteria used to select each project. Finally, the conferees direct that no additional funds from the Recovery Act be expended on urban and community forestry projects unless previously announced by the Secretary, and that in the future, any additional projects will be devoted to activities that directly reduce fire hazards on public and private lands.

TITLE V – FEDERAL LAND ASSISTANCE, MANAGEMENT AND ENHANCEMENT ACT OF 2009 (FLAME ACT OF 2009)

Title V of the conference agreement includes the FLAME Act of 2009. This Act is very similar to the FLAME Act included in sections 431 and 432 in the Senate recommended bill and H.R. 1404, which passed the House of Representatives on March 26, 2009. The conference agreement has strengthened the workability and usefulness of the previous FLAME Acts while retaining most major provisions. The main change is the creation of FLAME Wildfire Suppression Reserve Funds in both the Forest Service and the Department of the Interior, and the appropriation of funds for these funds under normal appropriation accounts within title I and title

DRAFT – NOT FOR CIRCULATION

III. These changes also make the FLAME Act consistent with other wildfire suppression reforms recommended in the Administration budget request. This includes risk-informed wildfire suppression reforms discussed in the budget request, and expanded use of the Wildland Fire Decision Support System, which will result in strengthened oversight and accountability of suppression spending.

VC The conferees expect the budget reforms provided through this title, together with changes to the agencies' appropriations accounts in Titles I and III, will lead to improved transparency regarding the true costs of fire preparedness and suppression activities. The conferees expect these budget reforms to be accompanied by a commitment from the Administration that fire readiness and suppression activities will not be funded at the expense of other programs, and that any non-fire program transfers will be accounted for and reported to the appropriate Congressional committees in a transparent manner and will be promptly repaid.

Section 501. Short Title-- Section 501 consists of the short title of the Act, the Federal Land Assistance, Management and Enhancement Act of 2009 or, for short, the FLAME Act of 2009.

Section 502. FLAME Wildfire Suppression Reserve Funds-- Section 502 includes the major portions of the FLAME Act of 2009.

The FLAME Act of 2009 includes a clear purpose statement: the FLAME Funds shall be available to cover the costs of large or complex wildfire events and as a reserve when amounts provided for wildfire suppression and Federal emergency response in the Wildland Fire Management appropriation accounts are exhausted (section 502 (c)).

The Department of the Interior and the Forest Service each are authorized to have their own account, but there are the same requirements for the two accounts (section 502 (b)). The FLAME reserve accounts are transfer accounts, from which each Secretary may transfer funds into their respective Wildland Fire Management account for wildfire suppression activities, if certain conditions are met. These conditions require a Secretarial declaration and are nearly the same as required in the previous Senate and House FLAME acts: either the wildfire event is large or complex, or the respective wildland fire suppression account will be exhausted within 30 days (section 502 (e)).

The conferees intend that amounts provided through the FLAME Fund, together with amounts provided through the Wildland Fire Management appropriations account, should fully fund anticipated wildland fire suppression requirements in advance of fire season and prevent future borrowing from non-fire programs. To satisfy this requirement, the conferees direct the Secretaries to develop new methods for formulating fire suppression funding estimates for the Wildland Fire Management and FLAME Fund appropriations accounts as part of their fiscal year 2011 budget request. In formulating these estimates, the conferees expect the Secretaries to consider data regarding actual prior-year fire suppression expenditures, predictive modeling, and any other criteria that they deem appropriate, consistent with the direction provided in this title. Further, as noted previously, the conferees expect the Service to analyze current readiness requirements and to submit a realigned preparedness budget in fiscal year 2011 that accurately reflects anticipated readiness costs instead of relying on large-scale shifts to the suppression appropriation.

In addition, each Secretary is given authority to transfer up to \$100,000,000 per fiscal year to the other department's FLAME Wildfire Suppression Reserve Fund if one department has much

~~much~~ greater expenses than the other (section 502 (d)(5)). A Congressional intent statement indicates that the President should request funding for the FLAME funds so that large or complex wildfire event activities are funded adequately. The Act includes Sense of Congress statements that: (1) future FLAME appropriations in excess of funds needed for large or complex fires should be designated as amounts necessary to meet emergency needs (section 502 (d)(2)(C)(i)); and (2) each Secretary should make a supplemental budget request for wildfire suppression if their FLAME fund will be exhausted in 30 days (section 502 (d)(2)(C)(ii)).

The FLAME Act of 2009 retains many provisions of the Senate recommendation and H.R. 1404. This includes the definitions (section 502 (a)) and the authorization of such amounts as are necessary to carry out the section (section 502 (d)(2)(A)). The Act retains the provision that funds are available until expended (section 502 (d)(3)) and the requirement that the Secretary notify the Congressional Committees if the Secretary estimates that only 60 days of funds remain in the respective FLAME fund (section 502 (d)(4)).

As in the previous versions of the FLAME Act, the FLAME funds cannot be used until the Secretary makes a declaration that the wildfire event is large or complex, or that the cumulative costs of suppression and Federal emergency activities will exceed within 30 days all available funds (section 502 (e)). The conferees expect the Agencies to develop a streamlined declaration process that minimizes the administrative burden and ensures that funding is made available for eligible wildfire events in an expedited manner.

As in previous versions of the FLAME Act, the FLAME funds may be used for State, private and Tribal land wildfire suppression activities consistent with any existing agreements (section 502 (e)(3)). The Act retains the prohibition on transfers of non-fire funds for wildland fire suppression unless amounts in the FLAME funds and all other funds previously provided for wildland fire suppression will be exhausted within 30 days (section 502 (g)). The Act retains accounting and reporting requirements (section 502 (h)) and retains the requirement that estimates of wildfire suppression costs be provided to the Congress in an orderly fashion (section 502 (h)(3)).

As in the Senate recommended version, the FLAME Act of 2009 includes a termination clause if no appropriations to, or withdrawals from, each FLAME fund have been made for three consecutive fiscal years (section 502 (i)). The conference agreement includes an additional provision that if such termination occurs, remaining funds in each FLAME fund shall be transferred to and made a part of the Wildland Fire Management appropriation account of that Secretary (section 502 (i)).

Section 503. Cohesive Wildfire Management Strategy-- Section 503 consists of the requirement for the Secretaries of Agriculture and the Interior to submit a joint report to Congress within one year that contains a cohesive wildfire management strategy consistent with recommendations described in recent reports of the Government Accountability Office. Nearly identical language was in the Senate recommended section 432 and similar language was in section 3 of H.R. 1404.
