Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$32 million in Army MILCON funding for the Life Sciences Test Facility Addition project in Fiscal Year 2010.

The entity to receive the funding is U.S. Army Dugway Proving Ground, Command Headquarters, Dugway, Utah, 84022..

Funding is urgently needed for the past decade or more to accommodate the unique and vital chemical and biological defense testing work at the installation. Overflow work is currently being done in temporary trailers in the harsh West Utah Desert environment. Biolevel Safety 3 conditions must be maintained in proper lab space to ensure public safety. The Army is grossly negligent in not funding this validated project going on a decade now. It's long past time to quit shoveling billions in Army MILCON to the Forts, and allow some crumbs to fall from the Army MILCON table to some of its support installations like Dugway which have been chronically neglected.

I certify that neither I, nor my spouse, have any financial interest in this important project. Consistent with Republican Leadership policy on earmarks, I hereby certify that to the best of my knowledge, this request: (1) is not directed to an entity or program named for, or that will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass-through" entity; and (3) meets or exceeds statutory requirements for matching funds (where applicable). I further certify that should this request be included in FY2010 Appropriations legislation that I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding for the Survival Evasion Resistance Escape (SERE) Force Support Complex, Phase I project in the FY10 Military Construction-VA Appropriations bill. The amount requested for this project is \$5,000,000. The entity to receive funding for this project is Fairchild Air Force Base, 92nd Air Refueling Wing, located at 1 East Bong Street, Fairchild Air Force Base, WA 99011.

The current conditions used by the 336th Training Group, U.S. Air Force Survival School, Fairchild Air Force Base has substandard conditions including growing mold, continuous maintenance, and leaking roof. The average maintenance cost on this 58 year old facility is about \$143,000 per year. A new SERE Force Support Complex would not only give our Airman a better, safer environment to work, but it would also combine dislocated functions into one, energy efficient facility the meets the demanding technological requirements of the 21st century by bringing together the Air Force SERE School Commander, 336th Training Support Squadron and the 66th Training Squadron into one facility.

I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered. I also attest that this project does not have a direct or foreseeable effect on the financial interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge the request: (1) is not directed to any entity or program that will be named after a sitting Member of Congress (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

This letter is to certify that I am requesting funding for the Access Control Point – Estes Road project in fiscal year 2010. The entity to receive funding for this project is Fort Riley, 500 Huebner Road, Fort Riley, KS, 66442-7000. The funding will upgrade the Estes Road access control point at Fort Riley to a primary use gate to accommodate the Fort's significant growth. I certify that neither I nor my spouse has any financial interest in this project. This request has been made publicly available and may be found on my official website.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Very truly yours,

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for a Mission Operations Center in fiscal year 2010. The entity to receive funding for this project is Dyess Air Force Base located at 7 Lancer Loop, Ste. 136 Dyess AFB, TX 79607. It is my understanding that funding will be used towards replacement of aging facilities. Presently, eight support operations at Dyess AFB are scattered among several substandard buildings constructed in the 1950s, including converted dormitories and an old fire station. The Air Force proposes to construct a new building and move these operations to one central, cost-effective and energy-efficient location. Several of the older buildings will be demolished.

I hereby certify that this request will be made publicly available on my official website as required.

I certify that neither I nor my spouse has any financial interest in this project. I also certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Thank you for your consideration of this request.

Re: Consolidated Security Forces Complex, Grand Forks Air Force Base, Grand Forks, North Dakota

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Consolidated Security Forces Complex at Grand Forks Air Force Base, Grand Forks, North Dakota in fiscal year 2010. The entity to receive funding for this project is the United States Air Force located at the Grand Forks Air Force Base. This funding will consolidate and modernize Security Forces functions on the base. Existing facilities are outdated, fail to meet existing Air Mobility Command standards and are spread across four separate locations on the base. Consolidating these operations into one location will improve emergency response times, command and control and improve law enforcement and security operations. I certify that I do not have any financial interest in this project.
