

D) DIVISION C – DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES
 APPROPRIATIONS ACT, 2010

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, put in place by this division incorporates the following agreements of the managers. Funds for the individual programs and activities within the accounts in this division are displayed in the detailed table at the end of the statement of managers for this Act. Funding levels that are not displayed in the detailed table are identified within this statement of managers. All references within this explanatory statement to the Recovery Act mean the American Recovery and Reinvestment Act of 2009 (Public Law 111-5). (the)

In implementing this conference agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 111-220 and Senate Report 111-66 accompanying the bill, H.R. 3293. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this explanatory statement. (the)

In cases in which the House or the Senate report requests or directs the submission of a report, such report is to be submitted to both the Committees on Appropriations of the House of Representatives and the Senate.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this division, including the requirement to make a written request to the Committees on Appropriations of the House of Representatives and the Senate 15 days prior to reprogramming, or to the announcement of intent to reprogram funds in excess of 10 percent or \$500,000, whichever is less, between programs, projects, and activities.

Departments and agencies funded in this division shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section 518. The Committees on Appropriations of the House of Representatives and the Senate expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects, and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements also shall include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2010 budget.

TITLE I

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$3,828,530,000 for Training and Employment Services instead of \$3,802,961,000 as proposed by the House and \$3,798,536,000 as proposed by the Senate. Of the amount appropriated, \$1,772,000,000 is an advance appropriation for fiscal year 2011 as proposed by both the House and the Senate.

Within the total for the Dislocated Worker Assistance National Reserve, the conference agreement does not include bill language to allow up to \$30,000,000 of this appropriation to be made available to the Career Pathways Innovation Fund as proposed by the Senate. The conferees urge the Secretary to give favorable consideration to grant applications from States whose allotment for dislocated worker employment and training activities in Public Law 111-8 was less than their allotment for such activities in Public Law 110-161. The conference agreement includes bill language to suspend section 173(e) of the Workforce Investment Act (WIA). Section 173(e) of the WIA facilitated the transition from the Job Training Partnership Act formula to the WIA formula; however, the WIA formula has been in effect for a decade and the transition is complete. The conferees note that suspending this provision will allow more funds to be available to respond to natural disasters and mass layoffs. Neither the House nor the Senate proposed a similar provision.

The conference agreement designates \$78,410,000 for migrant and seasonal farmworker formula grants instead of \$78,610,000 as proposed by the House and \$78,310,000 as proposed by the Senate. In addition, the conference agreement designates \$5,700,000 for migrant and seasonal farmworker housing instead of \$5,500,000 as proposed by the House and \$5,800,000 as proposed by the Senate.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement includes \$30,000,000 for a new competitive grant program to provide transitional jobs activities instead of \$35,000,000 as proposed by the

House and \$40,000,000 as proposed by the Senate. The conference agreement provides an additional \$15,000,000 for these activities within the Reintegration of Ex-Offenders program, resulting in a total of \$45,000,000 for transitional jobs activities. The conferees direct the Department of Labor to consult with the Department of Health and Human Services' Administration for Children and Families in designing the grant competition and awarding grants, consistent with House Report 111-220. In addition, the conferees note that funds should be used to leverage other resources to support program growth, consistent with Senate Report 111-66. The conference agreement includes bill language allowing up to 10 percent of funding for transitional jobs activities to be available for evaluation of such projects or transferred to the Department of Health and Human Services or the Department of Justice for support of transitional jobs activities as proposed by the Senate. The House bill included a provision to ensure that a sufficient portion of funds available for transitional jobs activities would be used for an evaluation of the program.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement also includes \$5,500,000 as proposed by the House to continue a program of competitive grants to address the employment and training needs of young parents. The Senate did not include funds for this activity. The Department should continue to award these competitive grants based on the criteria outlined in House Report 110-231.

The conference agreement includes \$48,889,000 for the following projects in the following amounts:

Within the funds provided for Reintegration of Ex-offenders, the conference agreement includes \$15,000,000 for transitional jobs activities as proposed by the House. The Senate included funds for transitional jobs activities within the Pilots, Demonstrations and Research program. The conference agreement designates that funds shall be available for obligation on April 1, 2010 as proposed by the Senate. The House proposed that funds shall be available for obligation on July 1, 2010. The conferees expect the Department of Labor to consult with the Department of Justice in awarding competitive grants for transitional jobs activities.

The conferees support the Department's proposed spending priorities for the Reintegration of Ex-offenders program, as identified in the congressional budget justification. Given that the conference agreement adopts a funding level below the request, the conferees request that an operating plan be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 45 days after enactment of this Act.

The conference agreement establishes a separate line item for the Career Pathways Innovation Fund. The Career Pathways Innovation Fund replaces the Community-Based Job Training Grants program, which previously received funding under the Dislocated Worker Assistance National Reserve. The conference agreement includes a set-aside of not less than \$65,000,000 for competitive grants that prepare workers for careers in the health care sector as proposed by the House. The Senate did not include a set-aside within the Career Pathways Innovation Fund.

The conferees note that from November 2000 to November 2009 manufacturing employment in the United States declined by more than 5.5 million jobs. The conferees encourage the Secretary to consider competitive grant opportunities to train and place returning Veterans, the underemployed, high school graduates, and traditional manufacturing employees so they can achieve the skills necessary to fill jobs in growing sectors of the high skilled, high tech and precision manufacturing industry. (lc)

The conferees direct the Department of Labor and the Department of Health and Human Services to establish an interagency taskforce and submit a strategic plan for addressing emerging needs in the health care sector, consistent with House Report 111-220.

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

5) The conference agreement includes \$825,425,000 for Community Service Employment for Older Americans (CSEOA) instead of \$615,425,000 as proposed by the House and \$574,425,000 as proposed by the Senate. Within the total, \$225,000,000 is available upon the enactment of this Act and shall remain available through December 31, 2011. Neither the House nor the Senate proposed a similar availability period.

The conferees are aware that additional resources provided in the Recovery Act are insufficient to meet the needs of low-income older workers adversely impacted by the recession. Many CSEOA grantees are maintaining waiting lists for available community service jobs but are unable to fill those jobs due to funding limitations. In determining those current grantees that can effectively use funds made available immediately in this Act, the Secretary should take into account demonstrated need, financial management, and sustained and satisfactory performance.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement includes \$4,113,681,000 for State Unemployment Insurance and Employment Service Operations instead of \$4,097,056,000 as proposed by the House and \$4,113,806,000 as proposed by the Senate.

The conference agreement includes \$60,000,000 for in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews. This amount includes \$50,000,000 available for these purposes through a discretionary spending cap adjustment established in the fiscal year 2010 congressional budget resolution. In addition to increasing support for in-person reemployment and eligibility assessments, the Department should continue to make a portion of these funds available for technology-based overpayment prevention, detection, and collection activities. In fiscal year 2009, the Department funded State requests for technology-based projects through a combination of the discretionary spending cap adjustment and the appropriation for State Operations for Unemployment Insurance. The conferees encourage continuation of this practice.

The conference agreement includes \$12,000,000 within One-Stop Career Centers and Labor Market Information funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities.

The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the Office of Disability Employment Policy (ODEP) account. The House proposed \$10,000,000 in ODEP for similar activities.

ADVANCES TO THE UNEMPLOYMENT TRUST FUND AND OTHER FUNDS

The conference agreement includes such sums as necessary for Advances to the Unemployment Trust Fund and Other Funds as proposed by both the House and the Senate. The conference agreement also includes bill language to reestablish the longstanding policy of making funds in this account available for two fiscal years. Neither the House nor the Senate proposed a similar provision.

PROGRAM ADMINISTRATION

The conference agreement includes \$147,656,000 for Program Administration instead of \$146,406,000 as proposed by the House and \$148,906,000 as proposed by the Senate.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$154,861,000 for the Employee Benefits Security Administration instead of \$154,060,000 as proposed by the House and \$155,662,000 as proposed by the Senate.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

(INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement includes \$493,506,000 for the Employment Standards Administration (ESA) instead of \$486,756,000 as proposed by the House and \$498,956,000 as proposed by the Senate.

The conferees support the Administration's reorganization of ESA to eliminate overlapping leadership and management positions. The conference agreement includes bill language to allow funds identified in the table accompanying this Act for ESA Program Direction and Support to be reallocated among the agencies

included in this account or transferred to any other account within the Department for the same purposes. Neither the House nor the Senate proposed a similar provision.

The conference agreement rescinds \$50,000,000 from unobligated funds collected pursuant to section 286(v) of the Immigration and Nationality Act instead of \$65,000,000 as proposed by both the House and the Senate. The rescission is effective on September 30, 2010 as proposed by the House. The Senate proposed that the rescission be effective on September 1, 2010. Sufficient funds will remain to enable the Department of Labor to conduct enforcement activities under the current legislative authority. The conference agreement also includes bill language in section 524 to provide additional authority for ESA to conduct enforcement programs and activities that focus on industries likely to employ nonimmigrants.

ADMINISTRATIVE EXPENSES, ENERGY EMPLOYEES
OCCUPATIONAL ILLNESS COMPENSATION FUND

The conference agreement includes \$51,900,000 for the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) instead of \$51,197,000 as proposed by both the House and the Senate. The funding level reflects expansion of the Office of the Ombudsman's responsibilities to include claimants for benefits under Part B of the EEOICPA, as authorized by the National Defense Authorization Act for fiscal year 2010.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$558,620,000 for the Occupational Safety and Health Administration (OSHA) instead of \$554,620,000 as proposed by the House and \$561,620,000 as proposed by the Senate.

Within the funds provided for Federal Enforcement, the conferees intend for the Department to use the increase above the fiscal year 2009 funding level to continue a multi-year process of rebuilding OSHA's enforcement capacity and increasing the pace of standard setting.

The conference agreement includes bill language designating that grants to States shall be no less than 50 percent of the costs of State occupational safety and health programs required to be incurred under plans approved by the Secretary as

proposed by the House. The Senate proposed that grants to States may be up to 55 percent of the costs of State occupational safety and health programs.

The conferees strongly urge the Secretary not to permanently redistribute any of the additional State Plan grant funding provided under this appropriation for which a State is unable to provide its required match in fiscal year 2010 because of the pressures on State budgets. The Secretary is further urged to adopt past agency practice that would allow each State an opportunity next fiscal year to match and receive funding that is available but was not matched this fiscal year.

The conferees believe that after every effort is made to allow State grant funds to be matched by States – consistent with past agency practice – any remaining funds that cannot be matched in fiscal year 2010 by States should be reprogrammed for Federal enforcement activities, consistent with section 516 of this Act. Utilizing maximum flexibility to respond to individual State issues related to the match requirement, or reprogramming for Federal enforcement, will meet the goal of increasing resources that can lead to improved workplace safety and health for America's workers.

The conferees include \$1,000,000 within OSHA to continue a recordkeeping enforcement initiative on injury and illness recording, consistent with Senate Report 111-66. The House did not include a similar provision.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$357,293,000 for the Mine Safety and Health Administration (MSHA) instead of \$353,193,000 as proposed by the House and \$357,143,000 as proposed by the Senate.

The conference agreement includes \$2,000,000 over the budget request for MSHA to increase spot inspections in the active workings of coal mines for the purpose of obtaining compliance with section 202 of the Federal Coal Mine Health and Safety Act of 1969. The conferees expect MSHA to submit quarterly reports on enforcement of section 202 of such Act, including findings from the spot inspection program, to the Committees on Appropriations of the House of Representatives and the Senate. Within the amount available for standards development, the conference agreement provides sufficient funding for MSHA to

conduct risk assessments for the proposed rules to reduce miners' exposure to respirable coal mine dust and silica and related regulatory activities.

The conferees direct the Secretary to provide sufficient resources for the National Mine Safety and Health Academy and MSHA's Approval and Certification Center, consistent with Senate Report 111-66. The conference agreement continues to recognize the Joseph A. Holmes Safety Association as a principal safety association as proposed by the Senate. The conference agreement does not make this recognition permanent as proposed by the House.

Within the amount provided for Program Administration, the conference agreement provides \$1,450,000 for an award to the United Mine Workers of America to continue a project, initiated with the fiscal year 2008 appropriation, for classroom and simulated rescue training for mine rescue teams as proposed by the Senate. The House did not include a similar provision.

BUREAU OF LABOR STATISTICS

SALARIES AND EXPENSES

The conference agreement includes \$611,447,000 for the Bureau of Labor Statistics (BLS) instead of \$611,623,000 as proposed by the House and \$611,271,000 as proposed by the Senate.

The conference agreement continues bill language providing that the Current Employment Survey shall maintain the content of the survey issued prior to June 2005 with respect to the collection of data for the women worker series as proposed by the House. The Senate did not include a similar provision. The conferees include \$1,300,000 within BLS funding to continue efforts to improve injury and illness data, consistent with Senate Report 111-66. The House did not include a similar provision.

OFFICE OF DISABILITY EMPLOYMENT POLICY

SALARIES AND EXPENSES

The conference agreement includes \$39,031,000 for the Office of Disability Employment Policy (ODEP) as proposed by the Senate instead of \$37,031,000 as proposed by the House.

The conference agreement includes \$12,000,000 within ODEP funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the ETA account. The House included \$10,000,000 in the ODEP account for similar activities.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$355,154,000 for Departmental Management instead of \$350,154,000 as proposed by the House and \$357,154,000 as proposed by the Senate.

International Labor Affairs Bureau

The conference agreement includes \$92,669,000 for the International Labor Affairs Bureau (ILAB) instead of \$91,419,000 as proposed by the House and \$93,919,000 as proposed by the Senate. The conference agreement also includes new language providing ILAB with an extra quarter to obligate funding for its technical assistance programs and authority to support microfinance activities. The conferees take this action to better enable ILAB to design its international labor activities, confirm government support for proposed programs and collaborate closely with the State Department and other program partners in effectively utilizing this appropriation.

The conference agreement designates \$40,000,000 for the United States' ^{(Labour} contribution to the International ~~Labor~~ Organization's ~~(ILO)~~ International Program ^e for the Elimination of Child Labor ~~(IPEC)~~ in order to expand this successful ^e effort. The conference agreement also designates \$20,000,000 to continue the program of basic education grants in countries where the growing numbers of children removed from abusive and exploitative child labor need access to basic education, to be administered in accordance with Senate Report 111-66.

In addition, the conference agreement designates \$6,500,000 to continue support for the implementation of model programs designed to address worker rights in countries with which the United States has trade preference programs as proposed by the House. The Senate included a similar directive in its report.

The conferees also support the Department's proposed spending priorities for research, policy, reporting, and administration – as identified in the congressional budget justification. The increased funding level over fiscal year 2009 is sufficient to support an additional 12 full-time equivalents (FTE) – consistent with House Report 111-220 – including 4 FTEs for the Office of Child Labor, Forced Labor, and Human Trafficking.

Legal Services

For Legal Services, the conferees agree that the increased funding level over fiscal year 2009 is intended to include adequate enforcement support for the Mine Safety and Health Administration.

OFFICE OF JOB CORPS

The conference agreement provides \$1,708,205,000 for the Office of Job Corps instead of \$1,705,320,000 as proposed by the House and \$1,711,089,000 as proposed by the Senate.

The conference agreement includes sufficient funds, together with funds from previous fiscal years, to support construction of a new Job Corps center previously approved through the competitive bidding process. The conference agreement also includes sufficient funds to initiate a competition for two new Job Corps centers. In the selection process, the conferees direct the Department to follow guidance provided in House Report 111-220 and Senate Report 111-66 regarding the criteria to be considered in selecting two new sites.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$256,127,000 for Veterans Employment and Training instead of \$257,127,000 as proposed by the House and \$255,127,000 as proposed in the Senate.

GENERAL PROVISIONS

OPERATING PLAN

The conference agreement continues a provision prohibiting the obligation of funds for demonstration, pilot, multiservice, research, and multistate projects under

section 171 of the Workforce Investment Act prior to the submission of a report on the planned use of such funds as proposed by the House. The Senate did not include a similar provision.

WORKFORCE INVESTMENT ACT PROVISIONS

The conference agreement continues a provision requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998 or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted as proposed by the Senate. The House did not include a similar provision.

TRANSFER PLAN

(INCLUDING TRANSFER OF FUNDS)

The conferees direct the Secretary to submit a plan for the transfer of the administration of the Job Corps program from the Office of the Secretary to the Employment and Training Administration as proposed by the House. Not less than 30 days after submitting the plan to the Committees on Appropriations of the House of Representatives and the Senate, the Secretary may transfer the administration and appropriation of the Job Corps program from the Office of the Secretary and the provisions of section 102 of Public Law 109-149 shall no longer be applicable. The Senate bill contained a similar provision.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$7,498,522,000 for health resources and services, of which \$7,473,522,000 is provided as budget authority and \$25,000,000 is made available under section 241 of the Public Health Service Act instead of \$7,331,817,000 as proposed by the House and \$7,263,799,000 as proposed by the Senate.

The conference agreement includes bill language designating \$1,000,000 of funding for Rural Flexibility Grants to telehealth services, including pilots and demonstrations using electronic health records to coordinate rural veterans care with the Department of Veterans Affairs VISTA-Electronic Health Record. The Senate proposed \$2,000,000 for this activity. The House did not propose funding.

The conference agreement includes \$800,000 within Rural Outreach Grants for the community health integration models demonstration authorized in the Medicare Improvements for Patients and Providers Act of 2008 as proposed by the Senate. The House did not propose to fund the demonstration.

The conferees intend that telehealth funding may be used for new and existing regional and national resource centers that focus on operational clinical, statutory, or regulatory barriers to the delivery of telehealth services including credentialing and licensure and the establishment of one or more resource centers focused on telehomecare. The Senate proposed similar language. The House did not propose language.

The conference agreement does not include bill language allocating funding for base grant adjustments for existing community health centers as proposed by the House. The Senate did not propose a similar provision.

The conference agreement includes no less than the fiscal year 2009 funding level for Native Hawaiian Health Care activities within the Community Health Centers program as proposed by the Senate. The House did not propose similar language.

The Health Resources and Services Administration (HRSA)

The conferees expect that the \$75,000,000 included for State Health Access Grants will be awarded in the same manner and with the same requirements as in fiscal year 2009 consistent with House Report 111-220. The Senate did not propose similar language.

The conference agreement includes bill language providing \$1,932,865,000 for Parts A and B of the Ryan White HIV/AIDS Treatment Modernization Act, to be available through September 30, 2012, as proposed by the House. The Senate proposed \$1,916,873,000.

The conference agreement includes language proposed by the House limiting 2009 program year reductions in Ryan White Part A grants for metropolitan and transitional areas to 7.6 percent by providing \$6,021,000 for supplemental grants for fiscal year 2009. The Senate bill did not propose similar language.

The conference agreement does not include bill language proposed by both the House and Senate continuing legislative authority for Ryan White activities through fiscal year 2010. This language is not necessary because the reauthorization for the program has recently been signed into law.

The conferees intend that HRSA allocate funds for the Minority AIDS Initiative within the Ryan White HIV Programs at a level above the fiscal year 2009 funding level. The House proposed a specific level of funding, and the Senate proposed funding at no less than the fiscal year 2009 level for the Minority AIDS Initiative.

The conference agreement includes bill language setting aside \$92,551,000 for Special Projects of Regional and National Significance (SPRANS) as proposed by the Senate instead of \$92,649,000 as proposed by the House. The conference agreement assumes the following set-asides within SPRANS:

Budget Activity	House	Senate	Conference
Oral Health.....	\$4,859,000	\$4,859,000	\$4,859,000
Epilepsy.....	4,000,000	3,416,000	3,708,000
Sickle Cell.....	3,774,000	3,774,000	3,774,000
First-time Motherhood.....	4,956,000	4,956,000	4,956,000
Doulas.....	1,504,000	1,504,000	1,504,000
Fetal Alcohol Syndrome.....	0	486,000	486,000

In addition to the SPRANS funding for Oral Health activities, an additional \$17,500,000 is included for Dental Health Improvement Act State grants (authorized under section 340G of the Public Health Service Act) within Allied Health. The House proposed \$20,000,000 for these State grants. The Senate proposed \$10,000,000.

The conferees intend that doula demonstration funding be allocated evenly among urban and rural settings, with an emphasis on breastfeeding initiation and retention as proposed by the Senate. The House proposed similar language.

The conference agreement includes bill language that identifies not less than \$7,575,000 for General Dentistry programs and not less than \$7,575,000 for Pediatric Dentistry programs, including Faculty Loan Repayment, as proposed by the Senate. The House proposed \$5,000,000 for the dentistry programs. The conference agreement also includes bill language stating that Dental Faculty Loan Repayments shall be made using the same terms and conditions as the Nursing Faculty Loan Repayment program unless otherwise authorized. This is similar to language proposed by the Senate. The House did not propose comparable language.

The conferees expect the ~~Health Resources and Services Administration~~ (HRSA) to use National Health Service Corps recruitment funds only to support multi-year, rather than single year, commitments consistent with Senate Report 111-66. The House did not propose similar language.

The conferees are aware that the National Health Service Corps may require fewer amendments to contracts made under the Recovery Act than were anticipated. The conferees intend that funds provided in the Recovery Act for amendments may also be used for new scholar and loan repayment awards. The conferees also intend that Recovery Act funds provided for National Health Service Corps field operations may be used to fund multi-year contracts that support the orientation, monitoring, compliance, and relocation of scholar and loan repayment awardees who received funding through the Recovery Act.

The conference agreement includes funding for Allied Health Training programs as follows:

Budget Activity	House	Senate	Conference
State Dental Health Grants.....	\$20,000,000	\$10,000,000	\$17,500,000
Chiropractic-medical School Demo Grants.....	1,945,000	1,945,000	1,945,000
Graduate Psychology Training	1,945,000	3,945,000	2,945,000

The conferees intend that the increase over fiscal year 2009 funding for Public Health, Preventive Medicine, and Dental Public Health programs be used to expand fellowships and training in the area of Preventive Medicine as proposed by the Senate. The House did not propose similar language.

The conferees intend that, as proposed by the Senate, the funding increase over fiscal year 2009 for the Nurse Education, Practice, and Retention program be used to establish a new initiative to train nursing home aides and home health aides, with grants made to colleges or community-based training programs. The House did not propose this provision.

The conference agreement includes bill language providing \$10,000,000 as a direct lump sum payment to the Denali Commission as proposed by the Senate. The House did not propose funding for the Denali Commission. The conferees concur in the language proposed in Senate Report 111-66 regarding the allocation of Denali Commission funding. The House did not propose any Denali Commission language.

The conference agreement includes bill language providing \$35,000,000 for the Delta Health Initiative as authorized in section 219 of division G of Public Law 110-161, and associated administrative costs. The Senate proposed \$40,000,000 for this initiative, which was not funded in the House bill.

The conference agreement includes \$338,002,000 within Health Care-related Facilities and Activities for the following projects in the following amounts:

The conference agreement includes bill language not proposed in either the House or the Senate bill authorizing a three-year grant period for the Patient Navigator program.

The conferees intend that the Traumatic Brain Injury Protection and Advocacy Services component of the Traumatic Brain Injury program receive the same proportion of funding it received in fiscal year 2009 as proposed by the House. The Senate proposed similar language.

Within the funding provided for the Autism and Other Related Developmental Disorders program, the conference agreement includes an increase of not less than \$2,200,000 to expand the Leadership Education in Neurodevelopmental and Related Disabilities (LEND) program as proposed by the House. The Senate did not specify a funding level for the LEND program. In addition, the conference agreement includes an increase of not less than \$2,200,000 for research on evidence-based practices for interventions for individuals with autism and other developmental disabilities instead of \$2,000,000 as proposed by the Senate. The House did not specify a funding level for this research activity.

The conferees understand that the Organ Procurement and Transplantation Network (OPTN) is planning a forum to consider further changes in policy regarding the broader allocation of donor livers in addition to the June 2009 Status 1 recipients OPTN decision. However, HRSA has informed the conferees that a further policy proposal will not be ready for the OPTN Board to review before 2011 or 2012. At least six months before any further change is implemented, the conferees direct OPTN to submit to the Committees on Appropriations of the House of Representatives and the Senate a report analyzing and describing the potential impact of any changes to broaden the geographic allocation of livers on the following:

- (1) Access to transplantation for all patients who are listed at both smaller volume transplant centers and who are listed at centers outside major urban areas;
- (2) Mortality of all patients on a waiting list at either smaller volume transplant centers or transplant centers located outside major urban areas;
- (3) Model for End-Stage Liver Disease (MELD) score of all patients at time of transplant;
- (4) Access to transplant and mortality rates for all patients whose primary insurance is Medicare or Medicaid and who are on waiting lists;
- (5) Organ wastage rates;

- (6) One-year and three-year graft and patient survival, and total years prolonged by transplantation;
- (7) Ischemia time and function of the donor liver;
- (8) Transportation and other costs associated with broadening the sharing of donor livers; and
- (9) Organ donation rates and public attitudes on organ donation (such as willingness to donate) in aggregate and in localities that are net exporters of organs.

The report shall also describe in detail all comments received up to one year prior to and/or in conjunction with the OPTN 2010 public forum on broader allocation of livers, as well as any comments received from a planned subsequent public comment period, and shall indicate what steps will be taken to address such public comments.

No changes to current OPTN policy on broader allocation of livers shall be permitted (a) prior to the submission of this report, and (b) absent formal notification to the Committees on Appropriations of the House of Representatives and the Senate. Further, the conferees direct that any policy change on broader allocation of livers be tested first in demonstrations, similar to the demonstration recently conducted in Iowa and North and South Dakota, before nationwide implementation, and be made in an incremental manner, reflecting the accumulation and analysis of data on the impact of policy changes.

The conferees have included \$1,000,000 within the organ transplantation program to support the costs of developing the report described above.

The conference agreement includes sufficient resources to allocate funding to all certified poison control centers, or centers granted a waiver by the Secretary, based on service population. The Senate proposed similar language. The House did not propose any language.

COVERED COUNTERMEASURE PROCESS FUND

The conference agreement does not include funding for the Covered Countermeasure Process Fund as proposed by the House. The Senate proposed \$5,000,000 for the Fund. The Fund receives support from fiscal year 2009 supplemental appropriations provided in Public Law 111-32. (d)

CENTERS FOR DISEASE CONTROL AND PREVENTION

DISEASE CONTROL, RESEARCH, AND TRAINING

The conference agreement includes \$6,390,387,000 in discretionary appropriations for Disease Control, Research, and Training at the Centers for Disease Control and Prevention (CDC) instead of \$6,314,032,000 as proposed by the House and \$6,733,377,000 as proposed by the Senate. In addition, \$352,357,000 is made available under section 241 of the Public Health Service (PHS) Act instead of \$368,863,000 as proposed by the House and \$40,075,000 as proposed by the Senate.

Within the total for Program Operations, the conference agreement includes a \$1,000,000 increase for vaccine safety research instead of a \$2,000,000 increase as proposed by the Senate. The House did not propose similar language.

HIV/AIDS, Viral Hepatitis, STD, and TB Prevention

Within the total for HIV/AIDS, Viral Hepatitis, STD, and TB prevention, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Domestic HIV/AIDS Prevention and Research.....	\$744,914,000	\$711,045,000	\$727,980,000
HIV Prevention by Health Departments.....	N/A	N/A	328,887,000
HIV Surveillance.....	N/A	N/A	109,455,000
National, Regional, Local, Community, and Other Organizations.....	N/A	N/A	134,793,000
Enhanced HIV Testing.....	N/A	N/A	65,273,000

Budget Activity	House	Senate	Conference
Improving Program Effectiveness	N/A	N/A	89,572,000
Viral Hepatitis.....	20,150,000	18,367,000	19,259,000
Sexually Transmitted Diseases.....	152,750,000	N/A	153,875,000
Tuberculosis.....	144,268,000	144,268,000	144,268,000

In order to support a multi-faceted approach to HIV research and prevention practices, the conferees have established five new sub-budget lines that are structured around the principles of transparency, accountability, and comprehensiveness. The conferees expect that the fiscal year 2011 budget justification will follow this format, providing detailed explanations of funded activities, and how any proposed increases or reductions will be applied across each line. The conferees further insist that any future movement of funds between these lines must go through the formal reprogramming review process.

The conference agreement does not include bill language regarding the Early Diagnosis Grants program. The House proposed bill language specifically eliminating funding for the program while the Senate proposed to limit funding for the program to \$15,000,000. The Ryan White HIV/AIDS Treatment Extension Act of 2009 did not reauthorize this activity.

Within the total for Domestic HIV/AIDS Prevention and Research programs, the conference agreement provides funding at no less than the fiscal year 2009 level to support activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders. The House proposed \$95,700,000 for these activities. The Senate did not propose similar language.

The conferees direct CDC to include in the fiscal year 2011 congressional budget justification a description of efforts and timelines to update hepatitis C screening guidelines, including information on pilot studies that are ongoing and planned for the future using a one-time, age-based screen to target the age demographic with the highest prevalence. Neither the House nor the Senate proposed similar language.

The conferees intend that the increase provided for STD prevention be used to expand Infertility Prevention Services and Infrastructure Projects in all regions as proposed by the Senate. The House did not propose similar language.

INSERT PAGE 43A

; therefore, the conferees expect CDC not to carve out any funding for this activity in fiscal year 2010

Zoonotic, Vector-borne, and Enteric Diseases

Within the total for Zoonotic, Vector-borne, and Enteric Diseases, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Vector-borne Diseases, including West Nile Virus.	\$26,717,000	N/A	\$26,717,000
Lyme Disease	8,938,000	N/A	8,938,000

Chronic Fatigue Syndrome.....	4,825,000	N/A	4,825,000

Preparedness, Detection, and Control of Infectious Diseases

Within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes \$15,150,000 for the National Healthcare Safety Network (NHSN) as proposed by the House. The Senate did not include similar language. Funding shall be used consistent with the language in House Report 111-220.

Also within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes \$136,281,000 for the Emerging Infectious Diseases program instead of \$141,383,000 as proposed by the House. The Senate did not include similar language.

The conferees are aware of various studies in Japan, the United Kingdom and the U.S. Department of Defense into substances that reduce the bio-load of surfaces in hospital rooms. In particular, some copper alloys in place of stainless steel or plastics may reduce the spread of microbial infectious organisms. The conferees request that CDC review the literature available and report to the Committees on Appropriations of the House of Representatives and the Senate on the status of this research and its potential for reducing healthcare-associated infections. Neither the House nor the Senate proposed similar language.

Health Promotion

Chronic Disease Prevention, Health Promotion, and Genomics

Within the total for Chronic Disease Prevention, Health Promotion, and Genomics, the conference agreement includes the following amounts:

Within the total provided for cancer prevention and control, the conference agreement includes \$5,000,000 for breast cancer awareness for young women, as proposed by the House. The Senate did not include similar language. Funding shall be used consistent with the language in House Report 111-220.

The conference agreement includes \$3,000,000 to enhance and expand CDC's existing cancer registry in order to carry out the goals of the Caroline Pryce Walker Conquer Childhood Cancer Act with respect to pediatric cancer. The Senate provided increased funding for the pediatric cancer registry within the CDC Cancer Registry program, while the House provided funding for this activity in the Office of the Secretary. The conferees commend CDC for convening a panel of experts in the field of pediatric cancer research and direct the CDC to submit to the Appropriations Committees no later than February 1, 2010 a detailed plan for improving the types of data, the speed of reporting, and the access of data to researchers.

As proposed by the House, the conference agreement includes sufficient funding within Safe Motherhood/Infant Health for the development of a national public health plan for the prevention, detection, and management of infertility. The Senate did not include similar language. The conferees request that CDC report on the development of this plan to the Committees on Appropriations of the House of Representatives and the Senate no later than April 1, 2010.

Within the total provided for Nutrition, Physical Activity, and Obesity, the conference agreement includes \$500,000 to continue a study by the Institute of Medicine that will examine and provide recommendations regarding front-of-package nutrition symbols consistent with the language in Senate Report 111-66. The House did not propose similar language.

The increase provided for the Office of Smoking Health is intended to expand counter marketing programs as proposed by the Senate. In addition, similar to what was proposed by the Senate, the conferees direct the Office of Smoking and Health to transfer no less than last year's level to the Environmental Health Laboratory to analyze tobacco products and cigarette smoke. This transfer is to be provided in a manner that supplements and in no way replaces existing funding for tobacco-related activities. The House did not propose similar language. The

(and

conferees further request that CDC submit to the Committees on Appropriations of the House of Representatives and the Senate a comprehensive plan to substantially reduce the rates of tobacco use in the U.S. over the next five fiscal years. The plan should be submitted no later than April 1, 2010 and include recommendations for national and community-based activities that are necessary to meet the goal.

As proposed by the Senate, the conference agreement includes increased funding within the total for Prevention Research Centers to support additional Comprehensive Centers. The House did not propose similar language.

As proposed by the House, the conference agreement includes funding to support the collection of epidemiological and longitudinal data on individuals with psoriasis and psoriatic arthritis, including children and adolescents, to better understand the co-morbidities associated with psoriasis, examine the relationship of psoriasis to other public health concerns, and gain insight into the long-term impact and treatment of these two conditions. The Senate did not propose similar language.

The conference agreement provides funding to support CDC's initiative for Healthy Communities. Within the total provided, \$4,000,000 is for the continuation of the community-based grant program focusing on poor nutrition and physical inactivity. Neither the House nor the Senate proposed similar language.

Birth Defects, Developmental Disabilities, Disability and Health

Within the total for Birth Defects, Developmental Disabilities, Disability and Health, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Birth Defects and Developmental Disabilities.....	\$42,776,000	\$42,494,000	\$42,636,000
Birth Defects.....	21,182,000	21,500,000	21,342,000

Diamond Blackfan Anemia.....	517,000	517,000	517,000
Hemachromatosis.....	327,000	327,000	327,000

As proposed by the Senate, the additional funding provided for craniofacial malformation above the fiscal year 2009 funding level shall be used to support the continued analysis of data from the quality of life surveys of children with oral clefts completed in 2008. The House did not propose similar language. The conferees expect the increased funding to be used consistent with the language in Senate Report 111-66.

As proposed by the Senate, the conference agreement includes \$1,000,000 to launch a National Charcot Marie Tooth (CMT) Resource Center to promote a collaborative relationship between CMT patients and their providers and to ensure CMT patients are being properly diagnosed and treated with the latest standards of care. The House did not propose similar language.

The conferees are pleased by advances that have allowed children with congenital heart disease (CHD) to live longer, however, there is little data on adults living with this condition. The conferees encourage CDC to develop population-based adult CHD surveillance plan to determine the prevalence of CHD in the adult population. The conferees direct CDC to provide a progress report on this effort within 90 days of enactment of this Act.

Health Information and Service

Public Health Informatics/Health Marketing

Within the total for Public Health Informatics/Health Marketing, the conference agreement includes a program level total of \$70,597,000 for Public Health Informatics as proposed by the House and \$79,374,000 for Health

Marketing instead of \$82,504,000 as proposed by the House. The Senate did not include similar language.

The conferees intend that within the total for Health Marketing, no less than the level provided in fiscal year 2009, or \$1,831,000, shall be provided to support the activities of the Task Force on Community Preventive Services. Neither the House nor the Senate proposed similar language.

Environmental Health and Injury Prevention

Environmental Health

Within the total for Environmental Health, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Environmental Health Laboratory.....	\$43,729,000	\$42,962,000	\$43,346,000
Newborn Screening Quality Assurance Program....	6,915,000	6,915,000	6,915,000
Newborn Screening for Severe Combined Immunodeficiency Diseases.....	988,000	988,000	988,000
Environmental Health Activities.....	81,565,000	81,480,000	78,043,000

Healthy Homes (formerly Childhood Lead Poisoning)...	34,805,000	34,805,000	34,805,000

As proposed by the House, increased resources provided for the Environmental and Health Outcome Tracking Network above the fiscal year 2009 funding level will enable at least one additional State to participate in the network. The Senate did not propose similar language.

As proposed by the Senate, increased resources provided for Volcanic Emissions above the fiscal year 2009 funding level ~~is~~ ^{are} for the establishment of a research center that embraces a multidisciplinary approach in studying the short- and long-term health effects of volcanic emissions. The House did not propose similar language.

Injury Prevention and Control

Within the total for Injury Prevention and Control, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Intentional Injury.....	\$102,648,000	N/A	\$102,648,000
Domestic Violence and Sexual Violence....	31,900,000	N/A	31,900,000

National Violent Death Reporting System.....	3,544,000	N/A	3,544,000

National Institute for Occupational Safety and Health

Within the program level total for the National Institute for Occupational Safety and Health (NIOSH), the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Education and Research Centers.....	\$23,740,000	\$25,000,000	\$24,370,000
Personal Protective Technology.....	17,218,000	17,218,000	17,218,000
Pan Flu Preparedness for Healthcare Workers.....	3,031,000	3,031,000	3,031,000
Healthier Workforce Centers.....	4,072,000	6,000,000	5,036,000
National Occupational Research Agenda.....	117,406,000	117,406,000	117,406,000
World Trade Center.....	70,723,000	70,723,000	70,723,000
Mining Research.....	51,469,000	50,516,000	53,705,000
Other Occupational Safety and Health Research	84,713,000	84,713,000	84,713,000
Miners Choice.....	648,000	648,000	648,000
Nat'l Mesothelioma Registry & Tissue Bank..	1,024,000	1,024,000	1,024,000

The total provided for NIOSH includes sufficient funding to maintain staffing levels at the Morgantown facility and to increase research funding at that facility as proposed by the Senate. The House did not propose similar language.

Within the total for Mining Research, the conference agreement includes \$3,189,000 for a Mine Technology and Safety Test Bed, consistent with the language in House Report 111-220. The Senate did not include similar language.

The 2009 H1N1 virus pandemic has highlighted the need to protect health care workers who have been on the front lines providing care to those who have become infected and sick. The current pandemic also has revealed that there are major gaps in our scientific knowledge about the modes of transmission of influenza and the most effective methods to prevent transmission and protect health care workers, including the type of respiratory protection that should be utilized to protect health care workers from exposure. The conference agreement includes increased funding over the fiscal year 2009 level for the National Occupational Research Agenda. The conferees urge NIOSH to direct some of this increase to intramural and extramural research to implement the recommendations of the 2008 and 2009 Institute of Medicine reports, including research to determine relative contribution of various routes of influenza transmission; and for each mode of transmission, efficacious means to prevent and control transmission, and to limit exposure to health care workers. The House included similar language.

Energy Employees Occupational Illness Compensation

Within the total for the mandatory Energy Employees Occupational Illness Compensation program, the conference agreement includes bill language designating \$4,500,000 for use by, or in support of, the Advisory Board on Radiation and Worker Health as proposed by the Senate. The House did not propose similar language.

Global Health

Within the funds provided for Global Health, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Global AIDS Program.....	\$118,979,000	\$118,979,000	\$118,979,000
Global Immunization Program.....	153,475,000	153,876,000	153,676,000
Polio Eradication.....	101,599,000	102,000,000	101,800,000
Other Global/Measles.....	51,876,000	51,876,000	51,876,000
Global Disease Detection.....	37,756,000	37,000,000	37,756,000
Global Malaria Program.....	9,405,000	9,405,000	9,405,000
Other Global Health.....	3,519,000	13,519,000	8,519,000

The conferees are supportive of CDC's long-term goal of establishing three global disease detection regional centers per World Health Organization region, and also recognize a critical need to bring the existing global disease detection regional centers to full capacity. Additional funding above the fiscal year 2009 funding level for global disease detection shall be used to support no less than one new global disease detection regional center and increase capacity in one or more existing centers. Both the House and Senate proposed similar language.

Terrorism Preparedness and Response

Within the funds provided for Terrorism Preparedness and Response, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Public Health Emergency Prep. Cooperative Agreements.....	\$714,949,000	\$714,949,000	\$714,949,000

The conference agreement includes \$2,600,000 for the anthrax dose reduction study instead of \$2,700,000 as proposed by the Senate. As proposed by the House, funding is not provided for the vaccine safety military medical records data mining activities. The Senate proposed \$1,400,000 for this activity.

Public Health Improvement and Leadership

Within the total for Public Health Improvement and Leadership, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Leadership and Management.....	\$149,986,000	\$149,986,000	\$149,986,000

Buildings and Facilities

Within the amount provided for Buildings and Facilities, the conference agreement includes \$30,000,000 for nationwide repairs and improvements of existing facilities as proposed by both the House and Senate and \$39,150,000 for Buildings 107 and 108 on the Chamblee Campus in Atlanta, Georgia instead of \$78,300,000 as proposed by the Senate. The House did not propose funding for new construction.

The conference agreement also includes bill language proposed by the Senate that CDC shall award a single contract or related contracts for the development and construction of facilities in the Master Plan that collectively include the full scope of the project and that the solicitation and contract shall contain the clause “availability of funds”. The House did not propose similar language.

Business Services and Support

The funds for Business Services and Support are intended for CDC to carry out its business functions, including, but not limited to, administrative services, financial management, security and emergency preparedness, and procurement and grants. Neither these funds nor any other funds provided to CDC are to be enhanced through the mechanism of program assessments or tapping at any level.

NATIONAL INSTITUTES OF HEALTH

The conference agreement includes \$31,008,788,000 for the 26 accounts that comprise the National Institutes of Health (NIH) total appropriation instead of \$31,258,788,000 as proposed by the House and \$30,758,788,000 as proposed by the Senate. In addition, the conference agreement continues the allocation to NIH of \$8,200,000 in program evaluation set-aside funding, which is the same as the House and Senate bills. Appropriation levels for individual institutes and centers are described in the table at the end of this statement of managers. Guidance for specific institutes and centers is provided below.

NATIONAL CANCER INSTITUTE

The National Cancer Institute (NCI) reports that it is meeting the funding level identified for pediatric cancer research in the Caroline Pryce Walker Conquer Childhood Cancer Act of 2008 within its base budget. The conferees commend NCI for its attention to this issue.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$304,000,000 by transfer from the Project BioShield Special Reserve Fund (BioShield) instead of a transfer of \$500,000,000 as proposed by the House. The Senate bill did not propose a transfer of BioShield funding.

OFFICE OF THE DIRECTOR

The conference agreement includes bill language providing up to \$193,880,000 for continuation of the National Children's Study. The House bill provided up to \$194,400,000 for continuation of the study. The Senate bill did not identify a particular funding level.

The conference agreement includes funding for a one percent increase in research training stipends instead of a two percent increase as proposed by the House. The Senate did not identify a specific training stipend increase.

Unless otherwise noted in this statement, the conferees expect NIH to follow the budget policy assumptions of the President's fiscal year 2010 budget and the accompanying explanatory materials.

The conferees expect NIH to notify the Committees on Appropriations of the House of Representatives and the Senate each time the Director uses the statutory one percent transfer authority as proposed in House Report 111-220. The Senate did not include similar language.

The conference agreement includes \$5,000,000 for a bioethics initiative administered through the institutes and centers as proposed by the House. The Senate did not identify a funding level for the initiative.

The conference agreement provides that, as proposed in Senate Report 111-66, with regard to section 516 of the bill, "program, project, or activity" applies to all sub-mechanisms and stand-alone activities in institute and center mechanism tables, except for the research project grants mechanism, in which case the restriction applies at the subtotal level. The House did not include comparable language. The conferees understand that NIH is upgrading its financial business

system and is implementing hard funds controls. The conferees expect NIH to ensure that these funds controls will be established at the levels identified above to proactively enforce the reprogramming thresholds. The conferees request a detailed explanation and timeline in the 2011 congressional budget justification describing how the NIH enterprise system will proactively ensure full compliance with the reprogramming thresholds.

The conferees expect that NIH will work to strengthen its policy of supporting AIDS and non-AIDS research funding allocations at the current relative rate when allocating the second year of Recovery Act funding. House Report 111-220 had similar language. The Senate did not include comparable language.

BUILDINGS AND FACILITIES

The conference agreement includes sufficient funding to support the construction of the Northwest Child Care Center on the Bethesda campus as proposed in House Report 111-220. The Senate did not include comparable language.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES

The conference agreement includes \$3,431,624,000 for Substance Abuse and Mental Health Services instead of \$3,419,438,000 as proposed by the House and \$3,429,782,000 as proposed by the Senate. In addition, the conference agreement makes available \$131,585,000 under section 241 of the Public Health Service (PHS) Act, which is the same as both the House and Senate.

Within the total provided for Programs of Regional and National Significance across the Substance Abuse and Mental Health Services Administration (SAMHSA), the conference agreement includes \$4,897,000 for the Minority Fellowship Program instead of \$5,093,000 as proposed by the House and \$4,701,000 as proposed by the Senate. The distribution of these funds between the Center for Mental Health Services (CMHS), the Center for Substance Abuse Treatment (CSAT) and the Center for Substance Abuse Prevention (CSAP) is detailed later in this statement.

Within the increase provided for the National Traumatic Stress Network above the fiscal year 2009 funding level, the conference agreement includes \$1,800,000 to fund additional adaptation centers, which help apply general principles of trauma services to particular populations. The conferees are particularly interested in ensuring that there will be an adaptation center focused on domestic violence and child abuse. Neither the House nor the Senate proposed similar language.

The conference agreement includes \$1,000,000 above the fiscal year 2009 funding level to the National Center for Child Traumatic Stress for data analysis and reporting activities that improve evidence-based practices and raise the standard of trauma care. The conferees expect that any data collected using funds provided under this program shall be submitted to SAMHSA. The Senate proposed similar language.

The conference agreement includes \$5,000,000 for a new Community Resilience and Recovery Initiative, as proposed by the House. The Senate did not propose similar language. According to SAMHSA, economic problems create additional emotional stress leading to increased suicide, crime, domestic violence, child neglect and abuse, and alcohol and drug problems. This new initiative will take advantage of SAMHSA's experience in providing services in local communities to support evidence-based programs to help address the emotional stress and the resultant behaviors.

Within the \$14,518,000 included in the conference agreement, \$5,975,000 shall be used for the following projects in the following amounts:

Project	Amount
American Combat Veterans of War, San Diego, CA for mental health services for returning veterans	175,000

As proposed by the Senate, the increase provided above the fiscal year 2009 funding level for children and families is for evidence-based adolescent substance

abuse treatment. The increase shall be used for treatment approaches that have been shown in rigorous evaluations to be effective for adolescents, that are implemented with fidelity to the original model, and that address geographic areas with unmet needs. The House did not propose similar language.

Within the \$14,518,000 included in the conference agreement, \$4,593,000 shall be used for the following projects in the following amounts:

Project	Amount
A Safe Haven Foundation, Chicago, IL for behavioral health services for individuals affected by substance abuse	300,000
Chesterfield County, VA for the Dual Treatment Track program	143,000

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes a program level of \$397,053,000 for the Agency for Healthcare Research and Quality (AHRQ) instead of \$372,053,000 as proposed by both the House and Senate. The conference agreement makes these funds fully available through section 241 of the Public Health Service (PHS) Act.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$21,000,000 for Patient-Centered Health Research instead of \$12,500,000 as proposed by the House and \$50,000,000 as proposed by the Senate. Of the funding provided, \$12,500,000 is to cover the continuation costs of current research grants and \$8,500,000 is for the Developing Evidence to Inform Decisions about Effectiveness (DEcIDE) Network. The DEcIDE Network conducts accelerated practical studies about the outcomes, comparative clinical effectiveness, safety, and appropriateness of health care items and services.

As proposed by the House, the conferees do not intend for the patient-centered health research funding to be used to mandate coverage, reimbursement, or other policies for any public or private payer. The funding shall be used to conduct or support research to evaluate and compare the clinical outcomes, effectiveness, risk, and benefits of two or more medical treatments and services that address a particular medical condition. Further, the conferees recognize that a “one-size-fits-all” approach to patient treatment is not the most medically appropriate solution to treating various conditions. Research conducted should be consistent with Departmental policies relating to the inclusion of women and minorities. The Senate did not propose similar language.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$15,904,000 for the Prevention and Care Management program instead of \$24,404,000 as proposed by the House and \$7,100,000 as proposed by the Senate. Funding shall be used consistent with the language in House Report 111-220.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$27,645,000 for Health Information Technology as proposed by the Senate instead of \$32,320,000 as proposed by the House.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$176,689,000 for crosscutting activities related to quality, effectiveness, and efficiency research instead of \$169,514,000 as proposed by the House. The Senate did not propose similar language. As proposed by the Senate, the conference agreement includes \$23,596,000 to fund investigator-initiated research to develop a more balanced research agenda, supporting all aspects of health care research outlined in its statutory mission. The House included similar language, but not a specific dollar amount.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$90,585,000 for Patient Safety instead of \$66,585,000 as proposed by the House and \$48,889,000 as proposed by the Senate.

Within the Patient Safety total, the conference agreement includes \$25,000,000 for patient safety and medical liability reform demonstrations. Neither the House nor the Senate proposed similar language. The conferees are aware that medical liability concerns may lead doctors to practice “defensive medicine,” which in turn may contribute to higher costs in our health care system. ~~The conferees are concerned about this and the possible implications that the fear of liability may be having on the delivery of health care services. Therefore, the conference agreement includes this funding for a three-pronged initiative consisting of demonstration grants to States and health systems to test implementation and evaluation of evidence-based patient safety and medical liability projects, grants to States and health systems to plan for implementation and evaluation of evidence-based patient safety and medical liability demonstrations, and a rapid and comprehensive review of initiatives that improve health care quality and reduce liability.~~ The conferees are concerned about this and the possible implications that the fear of liability may be having on the delivery of health care services. Therefore, the conference agreement includes this funding for a three-pronged initiative consisting of demonstration grants to States and health systems to test implementation and evaluation of evidence-based patient safety and medical liability projects, grants to States and health systems to plan for implementation and evaluation of evidence-based patient safety and medical liability demonstrations, and a rapid and comprehensive review of initiatives that improve health care quality and reduce liability. #

The demonstration projects should test models that meet the following goals: put patient safety first and work to reduce preventable injuries; foster better communication between doctors and their patients; ensure that patients are compensated in a fair and timely manner for medical injuries, while also reducing the incidence of frivolous lawsuits; and reduce liability premiums.

As proposed by the House, within the Patient Safety total the conference agreement includes \$25,000,000 for healthcare-associated infections prevention activities. The Senate did not propose similar language. Funding shall be used consistent with the language in House Report 111-220.

Within the Patient Safety total, the conference agreement includes \$9,000,000 for the Methicillin-Resistant Staphylococcus Aureus (MRSA) Collaborative Research Initiative instead of \$10,000,000 as proposed by the House. The Senate did not propose similar language.

CENTERS FOR MEDICARE AND MEDICAID SERVICES

PAYMENTS TO HEALTH CARE TRUST FUNDS

The conference agreement includes \$393,070,000 for Program Management within Payments to Health Care Trust Funds instead of \$403,070,000 as proposed by the House and \$338,070,000 as proposed by the Senate.

PROGRAM MANAGEMENT

The conference agreement includes \$3,470,242,000 for Program Management instead of \$3,463,362,000 as proposed by the House and \$3,431,500,000 as proposed by the Senate.

The conference agreement does not include bill language proposed by the Senate identifying \$81,600,000, made available for two years, to implement provisions in the Medicare Improvements for Patients and Providers Act of 2008. The House bill did not include such language. The conferees do, however, assume \$61,600,000 to implement these statutory provisions, made available for one fiscal year.

The conference agreement includes ~~\$35,600,000~~ within Research, Demonstration and Evaluation for the following projects in the following amounts:

(\$3,104,000)

Project	Amount
Bi-State Primary Care Association, Concord, NH, to support uncompensated care to treat uninsured and underinsured patients	600,000
Bi-State Primary Care Association, Montpelier, VT to treat uninsured patients	100,000
Bi-State Primary Care, Concord, NH, for primary care workforce recruitment	650,000
County of Ventura Health Care Agency, Ventura, CA for Medicaid enrollment programs	200,000
Fond du Lac County, WI for the Save a Smile Program	400,000
Iowa Dental Association, Johnston, IA, for a children's dental home demonstration project in Scott County	250,000
Jewish Healthcare Foundation, Pittsburgh, PA for program to increase involvement of pharmacists in chronic disease management	100,000
Patient Advocate Foundation, Newport News, VA for a patient assistance program for the uninsured	300,000
University of Mississippi, University, MS, for the Medication Use and Outcomes Research Group.....	500,000

The conference agreement includes \$55,000,000 for State High Risk Insurance Pools instead of \$65,000,000 as proposed by the House. The Senate did not propose High Risk Insurance Pool funding.

The conference agreement includes \$14,800,000 for the Medicare Current Beneficiary Survey as proposed by the House. The Senate did not identify funding for the Survey.

Within the total funding for Research, Demonstration, and Evaluation, the conference agreement includes \$2,500,000 for Real Choice Systems Change Grants to States as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$45,000,000 for the State Health Insurance Program as proposed by the House. The Senate did not identify a funding level for this program.

The conferees urge the Centers for Medicare and Medicaid Services (CMS) to strengthen the agency's efforts against healthcare-associated infections (HAIs) by considering inclusion of HAIs in the CMS pay-for-reporting system and by expanding the use of HAIs in the CMS pay-for-performance system. The House proposed similar language. The Senate did not propose language.

The conferees are concerned that the delivery of telehealth services may be disrupted by HHS requirements that result in duplicative credentialing and privileging of remote providers. The conferees direct the Secretary to report to the Committees on Appropriations of the House of Representatives and the Senate within 6 months of enactment on actions taken by CMS to reduce duplication and streamline federal credentialing and privileging requirements related to telehealth services. Neither the House nor Senate proposed similar language.

HEALTH CARE FRAUD AND ABUSE CONTROL ACCOUNT

The conference agreement includes \$311,000,000 from the Medicare trust funds for the Health Care Fraud and Abuse Control Account, which is the same as both the House and the Senate. This level includes funding for CMS to expand its efforts to link Medicare claims and public records data as proposed by the Senate. The House did not propose similar language.

ADMINISTRATION FOR CHILDREN AND FAMILIES

LOW INCOME HOME ENERGY ASSISTANCE

The conference agreement includes \$5,100,000,000 for the Low Income Home Energy Assistance program as proposed by both the House and Senate. Within this amount, the conferees intend that not more than \$27,000,000 be used for the Leveraging Incentive program. The conferees maintain bill language proposed by the House allowing States to provide assistance to households with income up to 75 percent of the State median income. The Senate did not include a similar provision.

REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$730,928,000 for Refugee and Entrant Assistance programs instead of \$714,968,000 as proposed by the House and \$730,657,000 as proposed by the Senate.

Within the amount provided for Social Services, the conferees provide \$19,000,000 for continued support to communities with large concentrations of Cuban and Haitian entrants as proposed by the House. The Senate did not specify an amount for this activity.

Within the amount provided for the Unaccompanied Alien Children program, the conferees provide \$5,600,000 to continue and expand the pro bono legal representation pilot program instead of \$6,000,000 as proposed by the House. The Senate did not specify an amount for this activity.

CHILDREN AND FAMILIES SERVICES PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$9,314,532,000 for Children and Families Services Programs instead of \$9,326,951,000 as proposed by the House and \$9,310,465,000 as proposed by the Senate. In addition, \$5,762,000 is made available under section 241 of the Public Health Service (PHS) Act as proposed by the Senate instead of \$10,217,000 as proposed by the House. For comparability, these figures do not include funding for the teenage pregnancy prevention initiative, which was funded under the Office of the Secretary in the Senate bill.

IS)

as proposed by

Child Abuse Discretionary Activities

Within the amount provided for Child Abuse Discretionary Activities, the conference agreement does not include funding for the nurse home visitation initiative, instead of \$15,000,000 as proposed by the House and \$13,500,000 as proposed by the Senate. The conferees anticipate that mandatory funding will be provided for this activity in fiscal year 2010 as proposed by the Administration.

Within the \$20,785,000 included in the conference agreement, \$3,175,000 shall be used for the following projects in the following amounts:

Project	Amount
Addison County Parent Child Center, Middlebury, VT, to support and expand parental education activities	100,000
County of Contra Costa, Martinez, CA for an initiative for children and adolescents exposed to domestic violence	550,000

University of California, Merced/The Great Valley Center, Merced, CA for child abuse prevention education services	300,000
Wynona's House, Newark, NJ, for a child sexual abuse intervention program	400,000

Social Services and Income Maintenance Research

Within the total for Social Services and Income Maintenance Research, the conference agreement includes \$2,000,000 for benefits outreach and enrollment assistance activities. The conferees intend that these funds be awarded competitively to private, non-profit organizations to support on-going, facilitated outreach and enrollment assistance to low-income individuals and families to access already existing Federal, State, and local benefit programs. The Senate included a similar provision within the Corporation for National and Community Service. The House did not include similar language.

Within the \$20,785,000 included in the conference agreement, \$17,610,000 shall be used for the following projects in the following amounts:

Project	Amount

Developmental Disabilities Assistance

Within the amount provided for Developmental Disabilities Assistance Projects of National Significance, the conferees encourage the Administration for Children and Families (ACF) to establish a national autism resource and information center as proposed by the Senate, but do not designate \$3,000,000 for this purpose as proposed by the House.

Native American Programs

Within the amount provided for Native American programs, the conference agreement includes \$12,000,000 for Native American language preservation activities including no less than \$4,000,000 for language immersion programs as proposed in Senate Report 111-66. The House included similar language.

Community Services

Within the amount provided for the Community Services Block Grant (CSBG), the conferees direct ACF to allocate \$500,000 of CSBG training and technical assistance funds for continuation of a national community economic development training and capacity development initiative as proposed by the House. The Senate did not include similar language.

The conferees are concerned that individuals and families affected by the economic recession are not receiving critical health care, nutrition assistance, tax credits and other benefits for which they qualify. The Recovery Act required one percent of the \$1,000,000,000 for CSBG grants to be used by States for “benefits enrollment coordination activities relating to the identification and enrollment of eligible individuals and families in Federal, State and local benefit programs”. The conferees direct ACF to report to the Committees on Appropriations of the House of Representatives and the Senate on the States’ use of the funds and whether these funds achieved the intended purpose.

Teen Pregnancy Prevention

The conference agreement includes funding for a new Teenage Pregnancy Prevention program within the Office of the Secretary as proposed by the Senate instead of ACF as proposed by the House. The conferees provide guidance regarding the administration of this initiative under the Office of the Secretary.

ADMINISTRATION ON AGING

AGING SERVICES PROGRAMS

The conference agreement includes \$1,516,297,000 for Aging Services Programs instead of \$1,530,881,000 as proposed by the House and \$1,495,038,000 as proposed by the Senate.

Program Innovations

Within the total for Program Innovations, the conference agreement includes the following amounts:

Budget Activity	House	Senate	Conference
Model Approaches to Statewide Legal Assistance Systems	2,000,000	2,000,000	2,000,000
National Legal Assistance & Support Projects.....	746,000	746,000	746,000
National Education & Resource Center on Women and Retirement.....	249,000	249,000	249,000
Multigenerational Civic Engagement.....	982,000	982,000	982,000
National Resource Center on Native Americans.....	693,000	693,000	693,000
National Minority Aging Organizations: Asian-Pacific Americans	357,000	357,000	357,000
National Minority Aging Organizations: Native Americans.....	129,000	129,000	129,000
National Minority Aging Organizations: Hispanic & African Americans	448,000	448,000	448,000
National Alzheimer's Call Center.....	1,000,000	1,000,000	1,000,000
Community Innovations for Aging in Place	8,000,000	5,000,000	5,000,000

The conference agreement includes \$5,974,000 for the following projects in the following amounts:

Project	Amount
Catholic Charities Hawaii, Honolulu, HI for an independent living demonstration project	400,000
Center on Halsted, Chicago, IL for wellness services for seniors	475,000
City of Fremont, CA for training, coordination, and outreach to address the needs of seniors	150,000
City of Long Beach, CA for a program to coordinate senior services and activities within the region	100,000
County of Ventura, CA for an elder abuse prevention and treatment program	654,000

Westminster Village, Allentown, PA for the Demential Leadership Initiative Program	225,000

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$499,228,000 for General Departmental Management, including \$5,851,000 from Medicare trust funds instead of \$512,452,000 as proposed by the House and \$483,779,000 as proposed by the Senate. In addition, the conference agreement includes \$65,211,000 in program evaluation funding instead of \$74,211,000 as proposed by the House and \$64,211,000 as proposed by the Senate. For comparability, these figures include funding for the teenage pregnancy prevention initiative, which was funded under the Administration for Children and Families in the House bill.

Within Public Health Service Act program evaluation funding, the conference agreement designates \$1,000,000 to carry out informational services to patients and families affected by childhood cancer authorized under the Caroline Pryce Walker Conquer Childhood Cancer Act. The House proposed \$10,000,000 to implement this Act and the Senate did not include a similar provision. The conference agreement allocates an additional \$3,000,000 for a childhood cancer registry within funds provided to the Centers for Disease Control and Prevention.

Within the funds for the Office of the Secretary, the conference agreement includes \$5,000,000 as proposed by the House to continue Departmental activities related to reducing healthcare-associated infections. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement designates \$900,000 for the Institute of Medicine to conduct a study on the mental health workforce as proposed in House Report 111-220. The House proposed \$1,000,000 for this activity and the Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes sufficient funds to continue the Area and National Poverty Centers at no less than the fiscal year 2009 level as proposed by the House. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes \$4,500,000 for the health diplomacy initiative. The House did not specify funds for this activity and the Senate proposed \$7,000,000.

The conferees direct the Secretary to establish an Office of Adolescent Health, as authorized under section 1708 of the Public Health Service Act and as proposed in Senate Report 111-66. The conference agreement includes sufficient funds for this purpose, but does not identify a specific amount. The Senate proposed \$2,000,000 for this office. The House did not propose a similar provision.

The conference agreement provides \$110,000,000 for a new teenage pregnancy prevention initiative. The House proposed \$110,000,000 for this initiative under the Administration for Children and Families and the Senate proposed \$100,000,000 under the Office of the Secretary. ^AThe conferees intend that the Office of Adolescent Health shall coordinate its efforts with the Administration for Children and Families, Centers for Disease Control and Prevention, and other appropriate HHS offices and operating divisions. No later than 60 days after the date of enactment, the Secretary shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate detailing the implementation status of the Office of Adolescent Health and the teenage pregnancy prevention program.

Regarding this appropriation, the conference agreement includes bill language providing that not less than \$75,000,000 shall be for programs that replicate ~~the elements of one or more~~ teenage pregnancy prevention programs proven effective through rigorous evaluation. The conferees intend that a wide range of evidence-based programs should be eligible for these funds. In addition, bill language provides that not less than \$25,000,000 shall be for research and demonstration grants to develop, replicate, refine, and test additional models and innovative strategies for preventing teenage pregnancy; and that the remaining amounts may be used for training and technical assistance, evaluation, outreach, and additional program support. The conferees intend that programs funded under this initiative will stress the value of abstinence and provide age-appropriate information to youth that is scientifically and medically accurate. Finally, the conference agreement provides \$4,455,000 within Public Health Service Act program evaluation funding, as proposed by both the House and Senate, to carry out evaluations (including longitudinal evaluations) of teenage pregnancy prevention approaches.

The conferees intend that the Office of Adolescent Health shall be responsible for implementing and administering the ~~teen~~ pregnancy prevention program, as proposed by the Senate. (teenage)

The conferees expect the Office of the Secretary to support activities that are targeted to address the growing HIV/AIDS epidemic and its disproportionate impact upon communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders, at no less than the fiscal year 2009 funding level as proposed by the House. The Senate did not include a similar provision.

The conference agreement includes \$1,650,000 for the following projects in the following amounts:

Project	Amount
BayCare Health System, Tampa, FL for a community-based health outreach program to address health disparities in South Pinellas and Hillsborough counties	200,000
Community Transportation Association of America, Washington, DC, for technical assistance to human services transportation providers on ADA requirements	950,000
South Central Family Health Center, Los Angeles, CA for a community diabetes management initiative	100,000
University of West Florida, Pensacola, FL for a health information technology evaluation project	400,000

The conference agreement does not include provisions proposed by the House requiring specific information requests on scientific research be transmitted to the Committees on Appropriations of the House of Representatives and the Senate in a prompt, professional manner and uncensored. The conferees agree that these provisions are no longer necessary. The Senate did not propose similar provisions.

The conference agreement does not include a provision proposed by the Senate designating not more than \$3,200,000 and 26 full-time equivalents for the Office of the Assistant Secretary of Legislation. The House did not propose a similar provision.

The conference agreement does not include bill language proposed by the House designating certain funds within the Adolescent Family Life program for section 2003(b)(2) of title XX of the Public Health Service Act and for prevention demonstration grants for reducing teenage pregnancy. The Senate did not propose similar provisions.

The conference agreement includes \$4,000,000 within the Office of Minority Health for an effort to address health disparities issues in the gulf coast region as described in Senate Report 111-66. The House did not propose funding for this activity and the Senate proposed \$5,283,000.

(CAPS)

The conference agreement includes \$1,000,000 within the Office of Minority Health to continue the national health provider education program to improve lupus diagnosis and treatment and reduce health disparities. Both the House and Senate proposed a similar provision.

The conference agreement includes \$2,325,000 within the Office of Women's Health to continue the violence against women initiative to enhance health care provider education and develop a coordinated public health response as proposed by the House. The Senate did not propose a similar provision.

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY

The conference agreement includes \$61,342,000 for the Office of the National Coordinator for Health Information Technology, of which \$42,331,000 is provided in budget authority and \$19,011,000 is made available through the Public Health Service program evaluation set-aside as proposed by the Senate. The House proposed the same program level, but through a different allocation of budget authority and evaluation set-aside.

PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$2,306,694,000 for the Public Health and Social Services Emergency Fund instead of \$2,100,649,000 as proposed by the House and \$2,621,154,000 as proposed by the Senate.

As proposed by both the House and Senate, the conference agreement includes bill language transferring all remaining balances in the Project BioShield Special Reserve Fund (SRF) from the Department of Homeland Security to the Department of Health and Human Services (HHS). This transfer aligns the financial responsibility of the Project BioShield SRF with HHS programmatic responsibility.

The conference agreement includes bill language transferring \$304,000,000 from the Project BioShield SRF to the National Institute of Allergy and Infectious Diseases (NIAID) instead of \$500,000,000 as proposed by the House. The Senate did not propose a similar transfer to NIAID. Together with the \$305,000,000 transfer proposed by both the House and Senate for Advanced Research and Development, a total of \$609,000,000 will be transferred from the Project BioShield SRF. As of October 31, 2009, data from HHS indicate that \$3,033,000,000 remains unobligated and available in the Project BioShield SRF, therefore after these transfers a total of \$2,424,000,000 will be available through fiscal year 2013 to procure and stockpile emergency medical countermeasures.

Within the total for Preparedness and Emergency Operations, the conference agreement includes sufficient funding to prepare for and respond to non-Stafford Act National Special Security Events and other planned and unplanned events. The House proposed \$10,000,000 for this activity. The Senate did not propose similar language.

GENERAL PROVISIONS

PROGRAM EVALUATION SET-ASIDE

The conference agreement includes a general provision capping the permitted use of the program evaluation set-aside at 2.5 percent of funds authorized under the

Public Health Service Act instead of 2.4 percent as proposed by both the House and Senate.

ONE PERCENT TRANSFER AUTHORITY

(TRANSFER OF FUNDS)

The conference agreement continues a general provision as proposed by the Senate providing the Secretary of Health and Human Services the authority to transfer up to one percent of discretionary funds between a program, project, or activity. The House proposed this transfer authority at the account level.

INTERNATIONAL HEALTH ACTIVITIES STAFFING

The conference agreement continues a general provision allowing Department of Health and Human Services health activities abroad to be supported under State Department authorities and includes an additional provision as proposed by the Senate authorizing the Secretary to pay personnel assigned abroad allowances and benefits similar to those for foreign service officers. The House did not propose the additional provision.

CENTERS FOR DISEASE CONTROL AND PREVENTION STAFF TRAINING

The conference agreement continues a general provision regarding Centers for Disease Control and Prevention Individual Learning Accounts as proposed by the Senate. The House did not propose a similar provision.

CONFLICT OF INTEREST REGULATIONS

The conference agreement includes a general provision as proposed by the Senate requiring the Secretary of Health and Human Services to amend regulations by May 1, 2010 regarding financial conflict of interest among National Institutes of Health extramural investigators and institutions. The House did not propose a similar provision.

The conferees are concerned that occurrences of conflict of interest among extramural grantees are investigated only when a complaint is received by the Department of Health and Human Services Office of Research Integrity. The conferees encourage NIH to develop a system for periodic review of conflict of

interest documentation at extramural institutions to give some assurance that the new conflict of interest regulations have an effect.

TITLE III

DEPARTMENT OF EDUCATION

EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$15,914,666,000 for Education for the Disadvantaged instead of \$15,938,215,000 as proposed by the House and \$15,891,132,000 as proposed by the Senate. The conference agreement provides \$5,073,490,000 in fiscal year 2010 and \$10,841,176,000 in fiscal year 2011 funding for this account.

For Title I School Improvement Grants, the conference agreement includes bill language permitting fiscal year 2010 appropriations and funds appropriated under the Recovery Act for these grants to be used by local educational agencies to serve any Title I, part A-eligible school that has not made adequate yearly progress for at least two years or is in a State's lowest quintile of performance based on proficiency rates and, in the case of secondary schools, priority shall be given to those schools with graduation rates below 60 percent. Both the House and Senate proposed similar language.

The conference agreement modifies bill language proposed by the Senate permitting the Secretary to establish minimum and maximum subgrant sizes applicable to fiscal year 2010 and Recovery Act funds for Title I School Improvement Grants. The conference agreement includes bill language permitting each State educational agency to award subgrants of up to \$2,000,000 in size for each school eligible for Title I School Improvement Grants funding. The House did not propose similar language.

For school improvement activities authorized under section 1003(a) of the Elementary and Secondary Education Act (ESEA), the conference agreement includes a technical clarification in bill language as proposed by the Senate clarifying that Title I funds appropriated in the Recovery Act are excluded from the calculation of amounts States may reserve for school improvement activities under section 1003(a) of the ESEA. The House proposed similar language.

The conference agreement does not include bill language proposed by the House requiring each State educational agency to ensure that not less than 50 percent of its allocation under Title I School Improvement Grants is used for evidence-based reading instruction. The Senate did not propose a similar

provision. The conferees encourage the Department to work with State educational agencies to ensure that evidence-based reading instruction is embedded in school turnaround strategies for low-performing schools.

The conference agreement does not include bill language reserving \$30,000,000 of Title I School Improvement Grants for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying certain uses of these funds as proposed by the Senate. The House did not propose a similar provision. Instead, the conference agreement includes bill language providing \$12,000,000 for competitive awards to Gulf Coast schools under the Fund for the Improvement of Education.

The conference agreement does not include bill language proposed by the Senate requiring each State educational agency to ensure that 40 percent of its allocation under Title I School Improvement Grants is spent on improvement activities in middle and high schools, unless the State educational agency makes a determination that all middle and high schools can be served with a lesser amount. The House did not propose a similar provision.

For the Striving Readers program, the conference agreement modifies bill language proposed by the Senate designating funds under section 1502 of the ESEA for a comprehensive literacy program, including pre-literacy skills, reading, and writing, for students from birth through grade 12. Of the total provided for this initiative, certain funds are reserved: (1) \$10,000,000 for formula grants to States to support State Literacy teams, (2) one-half of one percent for the Secretary of Interior for the Bureau of Indian Education, (3) one-half of one percent for outlying areas, (4) and up to five percent for national activities conducted by the Secretary of Education. The remainder of the funds must be used for competitive awards to State educational agencies, of which up to five percent may be used for State leadership activities and not less than 95 percent shall be awarded as subgrants to local educational agencies or other entities, giving priority to such agencies or entities serving greater numbers or percentages of disadvantaged children. The conference agreement provides that State subgrants must be allocated as follows: (1) at least 15 percent to serve children from birth through age five, (2) 40 percent to serve students in kindergarten through grade five, and (3) 40 percent to serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools. Eligible entities receiving comprehensive literacy program subgrants must use these funds for services and activities that have certain characteristics of effective

literacy instruction. The House proposed other funding designations for adolescent literacy, early literacy, and national activities and evaluation related to early childhood and adolescent literacy.

The conferees direct the Department to prepare an implementation plan for K-12 literacy-related activities including, but not limited to, activities under Title I School Improvement Grants, Striving Readers, Reading is Fundamental, Reach Out and Read, and the Institute of Education Sciences, as proposed by the House. The Senate report did not propose similar report language. This plan shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days prior to release of a request for proposals under the Striving Readers program.

The conferees request that the Department of Education Office of Inspector General (OIG) continue to monitor the Department's implementation of procedures to identify, disclose, and manage potential conflicts of interest, as the Department implements this new comprehensive reading initiative. The conferees request that the OIG submit a report to the Committees on Appropriations of the House of Representatives and the Senate within one year after enactment of this Act assessing the adequacy of such procedures.

Within the amount for the High School Graduation initiative, the conference agreement provides that up to \$5,000,000 may be used for peer review, technical assistance, dissemination, evaluation, and other national activities as proposed by both the House and the Senate. The conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned uses of funds for this initiative not less than 30 days prior to a request for proposals as proposed by the House. The Senate did not propose similar report language.

The conference agreement does not include bill language proposed by the Senate specifying that funds for School Renovation shall be allocated under the terms and conditions of S. 1121 (School Building Fairness Act of 2009), as introduced in the Senate on May 21, 2009. The House did not propose a similar provision.

IMPACT AID

The conference agreement includes \$1,276,183,000 for Impact Aid instead of \$1,290,718,000 as proposed by the House and \$1,265,718,000 as proposed by the

Senate. In addition, the conference agreement includes bill language providing one-year availability of funds for Impact Aid construction grants as proposed by the Senate instead of two-year availability of funds as proposed by the House.

SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,228,444,000 for the School Improvement Programs account instead of \$5,244,644,000 as proposed by the House and \$5,197,316,000 as proposed by the Senate. The conference agreement provides \$3,547,003,000 in fiscal year 2010 and \$1,681,441,000 in fiscal year 2011 funding for this account.

Within the amount provided for Teacher Quality State Grants, the conference agreement includes \$5,000,000 to continue a national initiative to recruit, train, and support results-oriented, highly motivated individuals to lead high-need schools with a focus on raising the achievement of all students and closing the achievement gap in these schools. New Leaders for New Schools (NLNS) shall utilize these funds to support the organization's efforts to develop and deliver training for aspiring principals and support for principals, and conduct research to create a national knowledge base to inform the recruitment, selection, and training of principals for high-need schools. NLNS and its partners shall provide not less than a 150 percent match in cash or in-kind for the Federal funds provided for this initiative. The match may consist of cash or in-kind offerings by private philanthropy or public sources, including funding allocated by partner State and school systems, and may be used for any purpose related to the program's recruitment, training, and residencies for aspiring principals, the ongoing coaching and support of those school leaders, as well as related research activities. The House proposed funding for this initiative under School Leadership in Innovation and Improvement. The Senate did not propose a similar provision.

For the Education Technology program, the conference agreement includes bill language permitting funds reserved for national activities to be used for activities authorized under section 802 of the Higher Education Opportunity Act. Neither the House nor the Senate proposed similar language.

For the Foreign Language Assistance program, the conference agreement designates \$9,729,000 as proposed by the Senate for five-year grants to local educational agencies that work in partnership with higher education institutions to establish articulated programs of study in national security-related languages. The House proposed \$9,360,000.

The conference agreement includes bill language proposed by the Senate that allows funds under the Education of Native Hawaiians program to be used for construction, renovation, and modernization of any elementary school, secondary school, or related structure run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body. The House proposed similar language.

The conference agreement also modifies bill language proposed by the Senate to designate, within the amount provided for the Education of Native Hawaiians program, not less than \$1,500,000 to the Hawaii Department of Education for school construction/renovation activities, \$1,500,000 for the University of Hawaii's Center of Excellence in Native Hawaiian Law, and \$500,000 for the Henry K. Guigni Memorial Archives at the University of Hawaii as authorized under part Z of title VIII of the Higher Education Act. The House did not propose similar language.

The conference agreement does not include bill language proposed by the House that permits the Secretary of Education to implement the Alaska Native Education Equity program without regard to earmarks included in the program's authorizing statute. The Senate did not propose similar language.

INDIAN EDUCATION

The conference agreement includes \$127,282,000 for Indian Education instead of \$132,282,000 as proposed by the House and \$122,282,000 as proposed by the Senate.

INNOVATION AND IMPROVEMENT

The conference agreement includes \$1,389,065,000 for Innovation and Improvement instead of \$1,347,363,000 as proposed by the House and \$1,234,787,000 as proposed by the Senate.

For the Advanced Credentialing program, the conference agreement specifies \$10,649,000 for the National Board of Professional Teaching Standards (NBPTS) as proposed by the Senate. The agreement does not include the House proposal to designate \$1,000,000 of these funds in bill language for a certification program for principals of elementary and secondary schools.

For Teach for America (TFA), the conference agreement provides \$18,000,000 as authorized under part F of title VIII of the Higher Education Act. The House proposed \$15,000,000 for TFA under the Fund for the Improvement of Education for this activity and the Senate proposed \$20,000,000 under the Higher Education Act.

2) For the Charter School program, the conference agreement includes bill language as proposed by the Senate to permit the Secretary of Education to use up to \$23,087,000 for the Per-Pupil Facilities Aid program and the Credit Enhancement for Charter School Facilities program. The agreement modifies language proposed in both the House and Senate bills to allow the Secretary to reserve up to \$50,000,000 to make multiple awards to nonprofit charter management organizations and other entities that are not for-profit entities for replication and expansion of successful charter school models.

The conference agreement also modifies bill language for the Charter School program proposed by the House mandating that the Secretary of Education reserve \$10,000,000 to carry out technical assistance, including such assistance to authorized public chartering agencies in order to increase the number of high-performing charter schools; and that each Charter School program application describe a plan to monitor and hold accountable authorized public chartering agencies through such activities as providing technical assistance or establishing a professional development program. The bill language also mandates that each Charter School program application contain assurances that State law, regulations, or other policies require: (1) each authorized charter school in the State to operate under a legally binding charter or performance contract, conduct audits, and demonstrate improved achievement; and (2) authorized public chartering agencies to use increases in student achievement for all groups of students as the most important factor in renewing or revoking a school's charter. The Senate did not propose similar language.

Finally, for the Charter School program, the conference agreement includes bill language requiring the Department to submit a report describing the planned uses of certain funds prior to their obligation. Neither the House nor the Senate proposed similar language.

For the Teacher Incentive Fund (TIF), the conference agreement includes bill language as proposed by the Senate that: (1) requires TIF grantees to demonstrate that teacher performance-based compensation systems are developed with the input of teachers and school leaders, (2) permits TIF grantees to use funds to develop or

improve systems and tools to enhance the quality and success of teacher compensation systems, and (3) requires applications for TIF grants to include a plan to sustain financially the activities conducted and systems developed once the grant period has expired. The House did not propose these provisions.

Within the funds provided for TIF, approximately \$220,000,000 will be used to continue fiscal year 2009 awards and the remaining funds will be available for new awards, training, technical assistance, evaluation and peer review activities.

Fund for the Improvement of Education (FIE)

Within FIE, the conference agreement includes funding for the following activities in the following amounts:

As proposed by the Senate, the conference agreement includes \$6,000,000 for Reach Out and Read, but does not specify this amount in bill language. The House proposed to designate an amount in the bill.

Within the funds provided for Arts in Education, the conferees concur in the following allocations: \$9,060,000 for VSA arts; \$6,838,000 for the John F. Kennedy Center for the Performing Arts; \$14,616,000 for model arts programs; \$9,000,000 for model professional development programs for music, drama, dance, and visual arts educators; and \$486,000 for evaluation activities.

The conference agreement includes bill language allocating \$12,000,000 for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying the eligible uses of these awards, including instructional materials and equipment, teacher incentives, school modernization and renovation, Advanced Placement or other rigorous courses, charter schools, and extended learning activities. Neither the House nor the Senate included similar language under the FIE. The Senate proposed \$30,000,000 for Gulf Coast schools under Education for the Disadvantaged.

For the Promise Neighborhoods initiative, the conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned use of funds not less than 30 days prior to the release of a request for proposals as proposed by the House. The Senate did not propose similar language.

The conference agreement does not include funding for the National Teacher Recruitment Campaign as proposed by the Senate. The House included \$10,000,000 for this activity.

The conferees expect the increase over fiscal year 2009 for Ready to Learn to be used for outreach programs by the Corporation for Public Broadcasting as proposed by the Senate. The House did not propose similar language.

The conference agreement includes \$88,791,000 for the following projects in the following amounts:

STATE FISCAL STABILIZATION FUND

The conference agreement does not include funding for the State Fiscal Stabilization Fund as proposed by the Senate. The House proposed \$3,000,000 for this purpose.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

The conference agreement includes \$393,053,000 for Safe Schools and Citizenship Education instead of \$395,753,000 as proposed by the House and \$438,061,000 as proposed by the Senate.

The conference agreement includes funding for the following National activities:

Budget Activity	House	Senate	Conference
Improving School Culture and Climate.....	\$50,000,000	\$81,000,000	\$48,300,000
School Emergency Preparedness Initiative (including \$7,000,000 for institutes of higher education).....	40,000,000	40,000,000	40,000,000

Project SERV.....	2,000,000	0	0
Other Activities.....	9,477,000	10,306,000	9,477,000

The conference agreement includes \$48,300,000 for a School Culture and Climate initiative to support new approaches to helping schools foster safe, secure, and drug-free learning environments instead of \$50,000,000 as proposed by the House and \$81,000,000 as proposed by the Senate. These funds will support new competitive grant awards in two areas: (1) reducing the number of suspensions and expulsions related to student disruptive behavior and nonviolent offenses, and (2) reducing violent crime in schools, on school grounds, and on the way to and from school. Within the funding for this initiative, the conferees have included \$8,212,000 to fund all existing character education projects through the end of

their grant cycle. It is the intent of the conferees that the new School Culture and Climate initiative include character education.

The conference agreement includes \$40,000,000 for the School and College Emergency Preparedness initiative, including \$7,000,000 for assistance to institutions of higher education as proposed by both the House and Senate. Together with \$2,237,000 provided under the Substance Abuse and Mental Health Services Administration (SAMHSA), a total of \$42,237,000 will be available for this initiative.

The conferees concur that the Department shall use \$830,000 within the amount provided for Safe and Drug-Free Schools and Communities National Programs to identify, and provide recognition of, promising and model alcohol and drug abuse prevention and education programs in higher education as proposed by the Senate. The House did not specify a funding amount for this activity.

For the Carol M. White Physical Education Program, the conferees concur that the Department shall incorporate the Centers for Disease Control and Prevention's School Health Index into the program as proposed by the House. The Senate did not propose similar report language. The Department shall grant priority to those applications that have completed physical education and nutrition assessments as part of the school health index or propose to implement the index. Awards should support the implementation of science-based curriculum tools to encourage physical education and healthy eating.

Within the funds provided for the Civic Education program, the conference agreement includes \$21,617,000 for the We the People programs, including \$2,957,000 to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions, which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures as proposed by the House instead of \$20,076,000 as proposed by the Senate. The remaining \$13,383,000 will support the Cooperative Education Exchange program, including awards to the Center for Civic Education and the National Council on Economic Education.

ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$750,000,000 for English Language Acquisition as proposed by the Senate instead of \$760,000,000 as proposed by the House.

SPECIAL EDUCATION

The conference agreement includes \$12,587,035,000 for Special Education instead of \$12,579,677,000 as proposed by the House and \$12,587,856,000 as proposed by the Senate. The conference agreement provides \$3,994,652,000 in fiscal year 2010 and \$8,592,383,000 in fiscal year 2011 funding for this account. In addition, the conference agreement includes bill language clarifying that Part B and Part C funds appropriated in the Recovery Act shall not be considered for the purpose of calculating Special Education State allocations for fiscal year 2010 and succeeding years. Neither the House nor the Senate proposed a similar provision.

Within the funds provided for Technology and Media Services, the conferees concur that \$737,000 is available for the Reading Rockets program, administered by the Greater Washington Educational Television Association. No funding was proposed by the House for this activity and \$1,500,000 was proposed by the Senate.

REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,506,861,000 for Rehabilitation Services and Disability Research instead of \$3,504,305,000 as proposed by the House and \$3,507,322,000 as proposed by the Senate. The conference agreement includes bill language that excludes the appropriation for the Centers for Independent Living program in the Recovery Act from the determination under section 723 of the Rehabilitation Act of whether a State may administer funds for the Centers for Independent Living program in that State in fiscal year 2010.

Demonstration and Training Programs

The conference agreement includes \$5,095,000 for the following projects in the following amounts:

Project	Amount
AbilityFirst, Pasadena, CA for programs to provide employment assistance for individuals with disabilities	100,000
American Federation for the Blind Technology and Employment Center, Huntington, WV, to expand the capacity of the AFB-TECH center for development of technology for the blind.....	1,000,000

Wisconsin Coalition of Independent Living Centers, Inc., Madison, WI for its Increase Vets' Independence Initiative to provide independent living services to disabled veterans	150,000

For the National Institute on Disability and Rehabilitation Research, the conferees note that the budget request included \$3,000,000 to support demonstrations of promising models to serve students with intellectual disabilities in higher education. Instead, the conferees provide \$11,000,000 for Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, as authorized in the Higher Education Act, within the Higher Education account.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

AMERICAN PRINTING HOUSE FOR THE BLIND

The conference agreement includes \$24,600,000 for the American Printing House for the Blind as proposed by the Senate instead of \$22,599,000 as proposed by the House.

GALLAUDET UNIVERSITY

The conference agreement includes \$123,000,000 for Gallaudet University instead of \$120,000,000 as proposed by the House and \$126,000,000 as proposed by the Senate. The conference agreement includes bill language designating \$5,000,000 of this amount for construction and provides that the funds are available until expended.

CAREER, TECHNICAL, AND ADULT EDUCATION

The conference agreement includes \$2,016,447,000 for Career, Technical, and Adult Education as proposed by the House and \$2,018,447,000 as proposed by the Senate. The conference agreement provides \$1,225,447,000 in fiscal year 2010 funding, of which \$4,400,000 is available on October 1, 2009 and \$1,221,047,000 is available on July 1, 2010, and \$791,000,000 in fiscal year 2011 funding for this account.

The conference agreement includes bill language specifying \$45,907,000 within funds provided for the Adult Education State Grants program for distribution to States in order to remedy an administrative error in prior years as proposed by the House. The Senate proposed similar language designating \$46,000,000.

and Outlying Areas

The conference agreement continues the English literacy and civics education set-aside within the appropriation for Adult Education State Grants. The conferees intend for these funds to help States or localities affected significantly by immigration to implement integrated English literacy, U.S. history, and civics education programs that provide a program of instruction designed to help an English language learner achieve competence in English through contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and United States history and government to help such learner acquire the skills and knowledge to become an active and informed parent, worker, and community member.

STUDENT FINANCIAL ASSISTANCE

(INCLUDING DEFERRAL OF FUNDS)

The conference agreement includes \$19,296,809,000 for Student Financial Assistance as proposed by the Senate instead of \$19,634,905,000 as proposed by the House.

The conference agreement includes \$17,495,000,000 for the Pell Grant program as proposed by the Senate instead of \$17,783,395,000 as proposed by the House. The funds in this conference agreement will support a \$4,860 maximum Pell grant for the 2010-2011 award year. With the additional funds provided under the College Cost Reduction Act and the Recovery Act, the total maximum Pell grant will increase to \$5,550 for the 2010-2011 award year, an increase of \$200 over the previous award year.

The conference agreement defers \$561,000,000 from unobligated balances under the mandatory Academic Competitiveness and SMART grants program as proposed by the House. The Senate proposed to rescind, rather than defer, these funds. These balances are not needed to pay Academic Competitiveness and SMART awards in the 2010-2011 award year and will partially offset additional costs in the Pell Grant program.

The conferees concur that the Department shall provide the same funding in fiscal year 2010 for the Work Colleges program authorized under section 448 of the Higher Education Act from the Federal Work-Study Program appropriation as proposed by the House. The Senate did not propose similar report language.

HIGHER EDUCATION

The conference agreement includes \$2,255,665,000 for Higher Education instead of \$2,294,882,000 as proposed by the House and \$2,106,749,000 as proposed by the Senate. The conference agreement includes citations in the bill for title VIII of the Higher Education Act (HEA) and part I of subtitle A of title VI of the American COMPETES Act as proposed by the Senate. The House did not propose using these citations.

Fund for the Improvement of Postsecondary Education (FIPSE)

Within the amount for FIPSE, the conference agreement includes \$10,000,000 for the college textbook rental pilot initiative as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded ~~under a FIPSE special focus competition~~ in accordance with section 803(b) through (d) of the Higher Education Act. The conferees are interested in projects that propose expanding the services of college bookstores to offer innovative efforts to increase opportunities for students to rent college course materials and lower costs for students. These projects may include, but not be limited to, activities that: (1) acquire course materials that the entity will make available by rent to students, (2) develop or acquire equipment or software necessary for the conduct of a rental program, (3) place a priority on higher cost and introductory level classes, and (4) focus on students with the greatest financial need. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

Within the amount for FIPSE, \$6,000,000 is included for grants to institutions of higher education for Centers of Excellence for Veteran Student Success, to support veterans, particularly those returning from Iraq and Afghanistan as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded ~~under a FIPSE special focus competition~~ in accordance with section 873 of the HEA.

Within the amount for FIPSE, \$750,000 is included for the Off-campus Community Service program, in accordance with section 447 of the HEA. The Senate proposed \$1,000,000 and the House did not propose a similar provision.

INSERT PAGE 115A

Within the amount for FIPSE, \$1,000,000 is included for the Training for Realtime Writers program under section 872 of the HEA as proposed by the Senate. The House did not propose funding for this program.

Within the amount for FIPSE, \$28,822,000 is included for the Comprehensive Program, for which the conferees direct the Department to establish these invitational priorities: centers of excellence for teacher preparation as described in section 242 of the HEA; university sustainability initiatives as described in section 881 of HEA; rural development initiatives for rural-serving colleges and universities as described in section 861 of HEA; initiatives to assist highly qualified minorities and women to acquire doctoral degrees in fields where they are underrepresented as described in section 807 of HEA; modeling and simulation programs as described in section 891 of HEA; and higher education consortia to design and offer interdisciplinary programs that focus on poverty and human capability as described in section 741(a)(11) of HEA. The House proposed \$34,805,000 for the Comprehensive Program, while the Senate did not designate a specific amount for this activity.

As proposed by the Senate, the conference agreement does not set aside \$1,000,000 in the bill for modeling and simulation programs under section 891 of the HEA. The House proposed \$1,000,000 for these programs. Instead, these programs are included as an invitational priority under the FIPSE Comprehensive Program.

The conference agreement includes \$101,507,000 for the following projects in the following amounts:

For Erma Byrd Scholarships, the conference agreement includes bill language designating \$1,500,000 as proposed by the Senate. The House proposed \$1,000,000 for these scholarships, which are intended to increase the size of the industrial health and safety workforce in the public and private sectors.

~~For the Training for Realtime Writers program, the conference agreement includes bill language designating \$1,000,000 under section 872 of the HEA. The Senate proposed funding for this item but did not designate the amount in bill language. House did not propose a similar provision.~~

For the Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, the conferees intend that the Department support a range of awards in size and scope, up to \$1,000,000 for each year of the award year, to promote the implementation of high-quality model programs and to provide a better understanding of an array of effective practices. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

the) For TRIO, the conferees intend that the increase over fiscal year 2009 be used for Student Support Services program, which will be re-competed in fiscal year 2010. The conferees recognize that supportive services aimed at increasing retention and graduation of low-income students in college are an important complement to student financial aid, particularly the Pell Grant program. Many such retention services are supported through Student Support Services grants. Thus, the conferees intend that the funds provided will maintain the number of grantees) Student Support Services programs.

HISTORICALLY BLACK COLLEGE AND UNIVERSITY CAPITAL FINANCING PROGRAM

The conference agreement includes \$20,582,000 for the HBCU Capital Financing Program as proposed by the House instead of \$10,354,000 as proposed by the Senate.

INSTITUTE OF EDUCATION SCIENCES

The conference agreement includes \$659,006,000 for the Institute of Education Sciences (IES) instead of \$664,256,000 as proposed by the House and \$679,256,000 as proposed by the Senate. The conference agreement specifies that \$588,356,000 of total IES funding shall be available through fiscal year 2011.

Historically Black College and University

Within the amount provided for IES Research, Development, and Dissemination, the conference agreement includes \$1,000,000 for a national study on minority male achievement as described in section 1109 of the Higher Education Act. The House proposed \$2,000,000 for this activity, while the Senate did not propose a similar provision.

Within the amount provided for IES Research, Development, and Dissemination, the conference agreement includes \$2,000,000 for a new research and development center for adult learning and literacy, as outlined in House Report 111-220. The Senate did not propose a similar provision.

The conferees are concerned about actions taken by IES that leave the impression that it is not subject to the same level of oversight and accountability as any other agency of the Department that receives and is responsible for allocating appropriated funds. In the fiscal year 2010 congressional budget justification, IES indicated that it would adhere to a congressional limitation included in the fiscal year 2009 explanatory statement of \$8,023,000 for the What Works Clearinghouse (WWC). However, the IES increased its allocation to WWC by more than one-third above this amount, without any notification to the Committees on Appropriations that spending information presented in budget documents would not be followed. The Committee expects the IES to adhere to funding limits and guidance established by the Committees on Appropriations.

In addition, responses to requests for information about IES activities regularly come in later than most other agencies and the congressional budget justification provides limited information about the specific spending plans of the IES and the proposed allocation of resources. The conferees strongly support the mission of the IES, but believe the IES should make a greater effort to communicate clearly its plans for and use of taxpayer resources. Therefore, the conferees direct the IES to submit an operating plan within 30 days of enactment of this Act and quarterly reports thereafter that describe planned research, development, and dissemination activities; actions taken to implement such activities; and amounts obligated for each activity at the level of detail and in the format shown in the program output measures displayed in the fiscal year 2010 congressional budget justification.

to the Committees on Appropriations

DEPARTMENTAL MANAGEMENT

PROGRAM ADMINISTRATION

The conference agreement includes \$456,200,000 for Program Administration as proposed by both the House and Senate. The conferees direct the Department to establish an Educational Opportunity and Equity Commission, as outlined in House Report 111-220. The Senate did not propose this provision.

instead of \$452,200,000

GENERAL PROVISIONS

IMPACT AID

The conference agreement includes a general provision as proposed by the Senate amending Public Law 110-161 to make available certain Impact Aid basic support payments to several school districts in Illinois for an additional two years. The House did not propose a similar provision.

PALAU

The conference agreement includes a general provision that extends Palau's eligibility for certain education programs through the end of fiscal year 2010. Neither the House nor the Senate proposed a similar provision.

STATE INCENTIVE GRANTS

The conference agreement includes a new general provision making a technical amendment to section 14006 of Public Law 111-5 pertaining to State Incentive Grants. Neither the House nor the Senate proposed a similar provision.

SCHOOL BUILDING FAIRNESS ACT

The conference agreement does not include a general provision as proposed by the Senate amending S. 1121, the School Building Fairness Act of 2009, to include provisions pertaining to public school libraries. The House did not propose a similar provision.

TITLE IV

RELATED AGENCIES

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

OPERATING EXPENSES

The conference agreement includes \$857,021,000 for the operating expenses of the programs administered by the Corporation for National and Community Service (the Corporation) instead of \$792,179,000 as proposed by the House and \$864,316,000 as proposed by the Senate. Funding for the National Service Trust is provided in a separate appropriations account as proposed by both the House and Senate.

As proposed by the Senate, within the total for the National Senior Volunteer Corps, the maximum total dollars that may be used in fiscal year 2010 for Grants.gov/eGrants support, Training and Technical Assistance, and Recruitment and Retention activities shall not exceed the amount provided for these activities in fiscal year 2009. The House did not propose similar language.

As proposed by the Senate, the conferees direct that any assignments made under section 1708 of the Serve America Act relating to programs authorized under the Domestic Volunteer Service Act shall be published in the Federal Register and, following normal procedure, allow for a 90-day comment period. Further, the conferees direct the Corporation to detail any such assignments in its annual budget justification. The House did not propose similar language.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$50,000,000 for the Social Innovation Fund as proposed by the Senate instead of \$35,000,000 as proposed by the House.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$1,000,000 for the nonprofit capacity building program instead of \$2,000,000 as proposed by the Senate. The House did not propose funding for this program.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$4,000,000 for the Volunteer Generation Fund instead of \$8,000,000 as proposed by the Senate. The House did not propose

similar language. The conference agreement includes bill language making the full amount available on a competitive basis to State Commissions. Neither the House nor the Senate proposed similar language.

The conference agreement does not concur in the Senate proposal to include funding within the Corporation for competitive grants under the Volunteer Generation Fund focused on identifying and enrolling eligible individuals into already existing Federal, State, and local benefit programs. Rather, \$2,000,000 is included for this activity within the Department of Health and Human Services Administration for Children and Families. The House did not propose similar language.

Within the total provided for Learn and Serve America, the conference agreement includes \$2,000,000 for the newly authorized Summer of Service program as proposed by the House. The Senate did not propose funding for this program.

NATIONAL SERVICE TRUST

(INCLUDING TRANSFER OF FUNDS)

As proposed by the Senate, the conference agreement includes \$197,000,000 for the National Service Trust, to be available until expended, instead of \$178,214,000 as proposed by the House.

The conference agreement does not concur with the House proposal to include language designating that \$1,000,000 within the total for the National Service Trust is for education awards for Summer of Service program participants. The Senate did not propose similar language. The conferees note that Summer of Service program participants are entitled to education awards, therefore language carving out dollars specifically for these program participants is unnecessary.

SALARIES AND EXPENSES

The conference agreement includes \$88,000,000 for the Corporation for National and Community Service Salaries and Expenses as proposed by the Senate instead of \$80,923,000 as proposed by the House.

ADMINISTRATIVE PROVISIONS

CHANGES THROUGH RULEMAKING

The conference agreement continues to include language that the Corporation for National and Community Service (the Corporation) shall make any changes to program requirements, service delivery, or policy only through public notice and comment rulemaking to include service delivery changes in the administration and/or governance of national service programs as proposed by the House. The Senate proposed language that the Corporation notify the House and Senate Appropriations Committees 15 days prior to making any significant changes to the programs or policies.

COMBINED MATCHING OF GRANTS

The conference agreement continues to include language that combines separate matching requirements for AmeriCorps grants as proposed by the House. The Senate did not propose similar language.

CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes a fiscal year 2012 advance appropriation of \$445,000,000 for the Corporation for Public Broadcasting (CPB) instead of \$440,000,000 as proposed by the House and \$450,000,000 as proposed by the Senate.

In addition, the conference agreement provides fiscal year 2010 appropriations for CPB totaling \$86,000,000 instead of \$101,000,000 as proposed by the House and \$71,000,000 as proposed by the Senate. Of the total fiscal year 2010 funding in the conference agreement, \$25,000,000 is for fiscal stabilization grants to public radio and television stations, which have experienced a downturn in revenues due to the recession that has resulted in job losses and reductions to local programming and services. The House proposed \$40,000,000 and the Senate proposed \$10,000,000 for this purpose. In addition, the conference agreement includes bill language providing that fiscal stabilization grants shall be awarded to public radio and television licensees no later than 45 days after enactment of this Act based on the guidance outlined in House Report 111-220. The remaining fiscal year 2010 appropriations include \$36,000,000 for digital transition grants and \$25,000,000 to complete the replacement of the public radio interconnection system.

FEDERAL MEDIATION AND CONCILIATION SERVICE

SALARIES AND EXPENSES

The conference agreement includes \$46,652,000 for the Federal Mediation and Conciliation Service instead of \$47,000,000 as proposed by the House and \$46,303,000 as proposed by the Senate. Within the amount provided, the conference agreement includes \$349,000 for the Labor-Management Grants program to remain available through September 30, 2010, instead of \$650,000 as proposed by the House to remain available through September 30, ~~2010~~. The Senate did not include a similar provision.

(2011)

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$10,358,000 for the Federal Mine Safety and Health Review Commission instead of \$9,858,000 as proposed by the House and \$10,858,000 as proposed by the Senate.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

OFFICE OF MUSEUM AND LIBRARY SERVICES: GRANTS AND ADMINISTRATION

The conference agreement includes \$282,251,000 for the Institute of Museum and Library Services (IMLS) instead of \$275,688,000 as proposed by the House and \$275,056,000 as proposed by the Senate.

Within the total for IMLS, the conference agreement includes funds for the following activities in the following amounts:

NATIONAL MEDIATION BOARD

SALARIES AND EXPENSES

The conference agreement includes \$13,463,000 for the National Mediation Board instead of \$12,992,000 as proposed by the House and \$13,934,000 as proposed by the Senate. The increase provided is intended to increase the number of arbitration cases heard and closed.

RAILROAD RETIREMENT BOARD

LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

The conference agreement includes authority to expend \$8,186,000 from the Railroad Retirement and Railroad Unemployment Insurance Trust Funds for the Office of Inspector General as proposed by both the House and Senate. The conference agreement does not include bill language proposed by the House that prohibits the transfer of any other funds provided in this Act to the Office of the Inspector General. The Senate did not include such a provision.

SOCIAL SECURITY ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$11,446,500,000 for a Limitation on Administrative Expenses for the Social Security Administration (SSA), which is the same level proposed by both the House and the Senate. The conference agreement provides \$45,000 for official reception and representation expenses as proposed by the Senate. The House included \$40,000 for these expenses.

S) The conference agreement includes bill language designating that from within the amounts provided for the Limitation on Administrative Expenses, not less than \$273,000,000 may be used for conducting continuing disability reviews and redeterminations of eligibility under SSA's disability programs. An additional \$485,000,000 is also provided for these continuing disability reviews and redeterminations of eligibility through a discretionary cap adjustment, as included in the Concurrent Resolution on the Budget for Fiscal Year 2010. These amounts are the same level as proposed by the House and the Senate. Moreover, the conference agreement includes bill language allowing up to \$34,000,000 of the additional funds to be available for asset verification initiatives if the Office of the

Chief Actuary determines that such initiatives would be at least as cost effective as redeterminations of eligibility as proposed by the House. The Senate bill contained a similar provision.

TITLE V

GENERAL PROVISIONS

OFFICIAL RECEPTION AND REPRESENTATION EXPENSES

The conference agreement includes a general provision authorizing official reception and representation expenses for the Secretaries of Labor and Education, the Director of the Federal Mediation and Conciliation Service, and the Chairman of the National Mediation Board. The agreement specifies \$22,000 for the Secretary of Education as proposed by the Senate instead of \$20,000 as proposed by the House.

NEEDLE EXCHANGE PROGRAMS

The conference agreement modifies a general provision to prohibit the use of funds in this Act to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that local public health or law enforcement agencies determine to be inappropriate. The House proposed language prohibiting the use of funds in this Act for needle exchange programs that are located within 1,000 feet of a public or private day care center, elementary school, vocational school, secondary school, college, junior college, or university, or any public swimming pool, park, playground, video arcade, or youth center, or an event sponsored by any such entity. The Senate proposed language prohibiting the use of funds in this Act for any needle exchange programs.

NONCOMPETITIVE GRANTS AND CONTRACTS

The conference agreement modifies a general provision proposed by the House and the Senate to require the Secretaries of Labor, Health and Human Services, and Education to submit a quarterly report to the Committees on Appropriations of the House of Representatives and the Senate containing certain information on noncompetitive contracts, grants, and cooperative agreements exceeding \$500,000 in value, excluding those awarded on a formula basis or directed by law. The House proposed a reporting threshold exceeding \$100,000, while the Senate proposed exceeding \$5,000,000.

a threshold

MINIMUM WAGE IN AMERICAN SAMOA AND THE COMMONWEALTH OF THE
NORTHERN MARIANA ISLANDS

The conference agreement includes a general provision proposed by the Senate that delays until September 30, 2010, and until September 30 of each year thereafter, scheduled minimum wage increases in American Samoa and the Commonwealth of the Northern Mariana Islands. The House did not include a similar provision.

FRAUDULENT SOCIAL SECURITY NUMBERS

The conference agreement includes a general provision proposed by the House prohibiting the use of funds in this Act to process claims for credit for quarters of coverage based on work performed under a Social Security number that is not the claimant's number and the performance of such work under such number has formed the basis for a conviction of the claimant of a violation of section 208(a)(6) or (7) of the Social Security Act. The Senate did not include a similar provision.

SOCIAL SECURITY TOTALIZATION AGREEMENT WITH MEXICO

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act to administer Social Security benefit payments under any Social Security Administration totalization agreement with Mexico. The Senate did not include a similar provision.

NO PUBLIC BENEFITS FOR ILLEGAL ALIENS

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act in a manner that contravenes the 1996 Personal Responsibility and Work Opportunity Reconciliation Act. The Senate did not include a similar provision.

LABOR LAW ENFORCEMENT

The conference agreement includes a general provision on the use of H and L visa fraud prevention and detection fees. The provision authorizes the Department of Homeland Security and the Department of Labor to conduct fraud prevention and enforcement programs that focus on industries likely to employ nonimmigrants. Neither the House nor the Senate included a similar provision.

USE OF FIRST-CLASS TRAVEL

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act for first-class travel by the employees of agencies funded by this Act. The Senate did not include a similar provision.

FULL AND FAIR COMPETITION

The conference agreement includes a general provision requiring full and fair competition for any projects contained in House Report 111-220 that are considered congressional earmarks and intended for for-profit entities. Neither the House nor the Senate included a similar provision.

CONTRACTOR AND GRANTEE FEDERAL TAX LIABILITY

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act for a contract or grant exceeding \$5,000,000 unless the prospective contractor or grantee makes certain certifications regarding Federal tax liability. The Senate did not include a similar provision.

NIDA AND NIAAA RESEARCH GRANTS

The conference agreement does not include a general provision proposed by the House prohibiting the use of funds in this Act for the National Institute on Drug Abuse grant numbered 1R21DA026324-01A1 and the National Institute on Alcohol Abuse and Alcoholism grants numbered 1R01AA018090-01 and 5R01AA016059-03. The Senate did not include a similar provision.

USE OF ENERGY STAR LIGHT BULBS

The conference agreement does not include a general provision proposed by the House that prohibits the use of funds in this Act to purchase light bulbs unless the light bulbs are "Energy Star" qualified or have the "Federal Energy Management Program" designation. The Senate did not include a similar provision.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY
DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying joint statement of managers, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the joint statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all following items were either (1) included in the Labor, Health and Human Services, and Related Agencies Appropriations Act, 2010 (H.R. 3293), as passed by the House or as reported by the Senate, or (2) in the report of the committee of either House on H.R. 3293.
